SALISBURY, N. C., Nov. 28th, 1909

Tells Rich Man His Duty.

New York, Nov. 21.—The pastor of the well-to-do Collegiate Baptist Church of the Covenant astonished his comfortable congregation tonight by a declaration concerning what rich men should do.

"The intelligent gymnastics," said the Rev. Dr. Haywood, "of the average New York preacher when confronted with the text, 'It is easier for a camel to go through the eye of a needle than for a rich man to enter the kingdom of heaven,' are pitiable.

"I am perhaps the largest property holder here tonight, but I deny the right of any man to exploit the land while there are hungry stomachs to fill. I let my property to tenants for just as little as will pay taxes and the expenses of one girl whom I am putting through college.

"I have known but two religious men in my life. One is dead and the other is on the Bowery. He has given millions to the poor and he lives the life of a day laborer. There is stamped on the face of J. Eads How, sometimes called the millionaire hobo, more worldly wisdom, more earnestness, than any other face I ever saw."

Would Buy Immunity.

Washington, Nov. 20.—It is shown by the department of justice records that the electrical trust in July of last year offered the government one million dollars to cease further operations against the trust. This amount was to be contributed to the national republican campaign fund.

President Roosevelt denounced the man who offered the bribe as a scoundrel in a letter to Attorney General Bonaparte. The name of the man was not given.

Dug Up a Fortune.

Madrid, Nov. 20.—Lawrence Perin, of Baltimore, Md., who has been living for some years at Ronda, near Gibraltar, has dug up one of the greatest hidden treasures in the world in the castle he bought at Ronda. It is supposed to have belonged to the last king of Granada. The treasure will make Perin one of the richest men in the world.

The entire community where the find was made is in a state of great excitement.

ELECTRIC BITTERS THE BEST FOR BILIOUSNESS AND KIDNEYS.

RESCUE WORK BEING PUSHED.

Record to Date Shows that 198 Men Are Still Missing.

Cherry, Ill., November 21.—Hope aroused yesterday by the rescue alive of 20 entombed men from the St. Paul mine just one week after the starting of the fatal fire, was crushed today, for not one more of the 310 men caught by the fire was found.

The day was spent in removing bodies and in burying the corpses heretofore recovered. Tonight the records showed that that of the 310 men left in the mine last Saturday night 198 are still missing, while 92 bodies have been found and 20 men rescued alive.

The fire that broke out afresh last night was smothered today and explorers were able to work in the mine, but black damp in one of the galleries defied the men as did cave-ins and other debris.

It was not even discovered whether there are more men alive in the mine galleries, although the explorers work with almost superhuman strength and rapidity.

The finding of 37 bodies and their removal were the only visible results of today's endeavors.

All day long the tolling of church bells resounded in Cherry and Spring Valley. Eighteen bodies were buried in a field south of Cherry. At the mine a dozen victims in coffins awaiting removal while a score of coffins were piled nearby for others that might be brought to the surface.

Services for the dead were held outside the churches, into which Coroner Maim deemed it inadvisable that the bodies be taken.

It was declared today that the assertion made yesterday that 150 live men had been discovered was not well founded. Each hour that passes now is looked on as making the chance of escape pitifully less.

Walnuts and Pecans.

Mr. C. W. Kesler of Cool Spring township was showing in town Saturday some walnuts and pecans which he grew from seedlings. The pecans are larger than the ordinary variety. The walnuts are somewhat smaller than the common walnut, but the kernel is larger. A good many years ago Mr. Kesler says he found some walnuts in Davis county which seemed to be superior to the common variety. He planted some and set out the sprouts, but only two lived. They are bearing well and are superior to the common walnut. Mr. Kesler has six pecan trees and they have a good crop of nuts this year.—Statesville Landmark.

The Doctor's First Question

"How are your bowels?" This is generally the first question the doctor asks. He knows what a sluggish liver means. He knows what a long list of distressing complaints result from constipation. He knows that headaches, bilious attacks, indigestion, impure blood, and general debility are often promptly relieved by a good liver pill. We wish you would talk with your own doctor about this subject. Ask him at the same time if he approves of Ayer's Pills. Do as he says. J. C. Ayer Co., Lowell, Mass.

To Dissolve Standard Oil.

St. Louis, Mo., Nov. 20.—The Standard Oil company, of New Jersey, was ordered dissolved in a decision handed down today by the United States circuit court in the government's suit against the corporation. The order of the court becomes operative within thirty days.

The decision, which was read by Judge Elmer B. Adams, was a sweeping one, the government being sustained in almost everyone of its contentions. The only exceptions made were in favor of some minor subsidiary companies, which the court held were not clearly shown to be dominated by the trust.

The opinion was written by Judge W. H. Sanborn, of St. Paul, Minn., and was concurred in by Judge Lewis Handwerker, of Cheyenne, Wyoming; Judge William C. Hook, of Leavenworth, Kas., and Judge Elmer B. Adams, of St. Louis.

Judge W. C. Hook wrote a separate opinion concurring in the general finding but taking a much more pronounced view of some points against the company.

The case will be appealed to the United States supreme court.

MARRIAGES.

Burton-Dellinger Gaithe-Robinson.

A very pretty marriage took place at the parsonage of the Baptist church in Spencer Sunday night, when Miss Lillian, the charming daughter of Mr. and Mrs. W. H. Burton, and D. H. Dellinger, of the same place, were made man and wife. The ceremony was a quiet one, only a few invited guests being present. Rev. J. L. Vipperman performed the ceremony. The couple has the best wishes of a large circle of friends both in Salisbury and Spencer.

As previously announced, the marriage of Miss Mary, the beautiful and accomplished daughter of Dr. J. B. Gaithe, of China Grove, and E. Graham Robinson, a prominent mill man of Concord, took place in the Lutheran chapel, at China Grove, last Thursday evening, Rev. W. B. Aull officiating. After the ceremony the couple left for a trip to Florida. After their return they will make their home in Concord. Quite a number of visitors from Concord, Salisbury and Statesville were present at the ceremony.

BLIND IN DAY; SEES IN DARK.

Medical Men Interested in Case of "Albino Eye" in Virginia.

Medical experts are interested in the case of 19-year-old Audrey Wilson of Nottoway county, who is totally blind in the day but can see like a cat in the dark. The young man can speed a bicycle when the night is so dark that ordinary people have to walk with caution, but in the day he gropes about, able only to vaguely distinguish any object and with no discrimination as to colors. Because of his peculiar infirmity the young man is noted as a 'possum hunter. He can distinguish the animals in the trees in the dark as readily as a dog can follow the scent. All his life Wilson has suffered from this defect. It is called the "Albino eye."—Richmond Dispatch.

For Sprains

Sloan's Liniment is the best remedy for sprains and bruises. It quiets the pain at once, and can be applied to the tenderest part without hurting because it doesn't need to be rubbed—all you have to do is to lay it on lightly. It is a powerful preparation and penetrates instantly—relieves any inflammation and congestion, and reduces the swelling.

Here's the Proof. Mr. L. ROLAND, Bishop of Scranton, Pa. says:—"On the 7th of this present month, as I was leaving the building at noon for lunch, I slipped and fell, spraining my wrist. I returned in the afternoon, and at four o'clock I could not hold a pencil in my hand. I returned home later and purchased a bottle of

Sloan's Liniment

and used it five or six times before I went to bed, and the next day I was able to go to work and use my hand as usual."

Sloan's Liniment is an excellent antiseptic and germ killer—heals cuts, burns, wounds and contusions, and will draw the poison from sting of poisonous insects. 25c., 50c. and \$1.00. Sloan's book on horses, cattle, sheep free. Send 2c. for it. Dr. Karl S. Sloan, Boston, Mass., U.S.A.

BELK - HARRY CO.

Our stores are packed with a big lot of all kinds of winter goods, bought early and before the advance in prices. Full stock of Dress Goods, Millinery, Shoes, Coat Suits, Cloaks, Men's and Boy's Clothing, Hats, Caps, Underwear, etc., at Rock Bottom Prices.

Below we Mention a Few Articles:

Ladies' Long Cloaks.

\$5.00 value Ladies' long Kersey cloaks, tan, caster etc., for only... **\$3 48**
6 50 value, Ladies' long court cloth cloaks in tan for only... **3 98**
Big lot of ladies long cloaks in tan, caster, black, green, etc. Worth 10 50 and 12 50 reduced to... **6 98**
Nice stock of ladies coat suits nicely made of good material, at... **\$12 50, 15 00 and 20 00**
