

**THE CAROLINA WATCHMAN.**

**SHORT LOCAL ITEMS**

W. H. Wright, accompanied by his children, Curtis and Ruby, of Blockton, Ala., arrived in the city this morning for a short visit to his sister, Mrs. R. M. Pendleton.

The stone and brick foundations for the government building are about completed, and a force of men today started to work putting up the steel work. They are busy today sorting out and getting the proper pieces in shape for raising, after which the work will be rapidly pushed.

C. W. Harrington, who lived in the neighborhood of China Grove, has moved with his family to the Organ Church neighborhood, south of Rockwell.

The Wachovia Loan and Trust Company is handing out the Farmer's Almanac which contains, among a lot of other valuable information, the game laws of North Carolina, revised, up to June 20th, 1909, as it applies to the different counties and to the whole state. In view of the fact that many changes were made by the last Legislature it would be advisable for those who are interested to get a copy and post-themselves on the subject. They are free.

**Negro Cuts His Wife's Throat.**

News of the horrible killing of Berta Powe, by her husband John Powe, colored, at Spencer this morning, was brought to town early in the day. Particulars of the affair have been hard to get but it appears that he had whipped her severely several times and it is supposed then they had a quarrel before he left home for his work at the shops, and as she was passing along the street near the Y. M. C. A. building he came out from the shops grounds and overtook her and cut her throat, severing the carotid artery from which she bled to death in a few minutes. After the killing Powe ran and succeeded in getting away and has not yet been apprehended but Sheriff McKenzie has news of his whereabouts and has deputized Krider, Mingus and Tolbert on his trail.

Nothing definite has been heard from John Powe, who killed his wife at Spencer on Monday. Deputies tracked him to the Yadkin river Monday evening and some of them crossed into Davidson, hoping to head him off at some station north of the river. Sheriff McKenzie tells us that he has heard nothing from his deputies during the night and did not know, at 7 o'clock this morning, whether he had been caught or not.

**New Advertisements.**

A big stock of men's boy's and children's clothing at very low prices is what Feldman, the Salisbury clothier, claims. Read his big advertisement on page 5 of today's WATCHMAN.

**The Law as to Hunting, Etc.**

There having been numerous inquiries from parties interested in the game laws as it pertains to Rowan county, we print the law as it stands in section 8481; which is as follows:

"If any person shall hunt with gun or dog upon the lands of another without the written consent of the owner of the lands he shall be guilty of a misdemeanor. The punishment for the violation of this section shall be a fine of not less than five dollars nor more than twenty-five dollars, or imprisonment not more than thirty days." This law applies not to quail alone but to hunting of any kind with game or dog.

The closed season for quail, is from the first day of March to the first day of December; wood cocks from first day of February to first day of December.

Section 8466 refers to killing birds and game out of season. It reads: "If any person shall at any time hunt, capture or kill any non-game bird, or shall during the closed season or time in each year in which the hunting or killing is prohibited, chase with dogs, hunt, kill, or wound, or in any manner take or capture any game bird, or any deer, opossum, rabbit or squirrel, shall be guilty of a misdemeanor and fined fifty dollars or imprisoned not more than thirty days. This section shall not apply to English or European house sparrows, owls, hawks, blackbirds, jackdaws and rice birds."

**Train Smashes Into Ice Wagon.**

The Salisbury Ice & Fuel Co.'s ice wagon was struck by train No. 44, which comes from the south at 7:25 Friday morning, at the crossing at the passenger station. The wagon was badly demolished and one of the mules hitched to it seriously hurt, having a good sized piece of flesh torn from one of its legs, and otherwise bruising it. It was brought to Harper's stable and treated by Dr. Ragland, the veterinarian there, who thinks he can save it. From what we could learn the driver, a young white man by the name of Clodfelter, approached the crossing sitting well back in the front of the wagon and did not see, or disregard, the signals of the guard stationed there, nor hear or understand the warning shouts of others near regarding the approach of the train, until too late to get out of the way. The train was running very slow, as it was near the station, and it is owing to this fact that both mules were not killed and that Clodfelter escaped.

**Dr. Heilig May go to Florida.**

We learn with regret that Dr. Herman G. Heilig contemplates leaving Salisbury for Florida. He has just returned from Jacksonville where he attended a meeting of the State Medical Society and passed successfully the examination for license before the state examining board.

He has been in Baltimore for some months doing special work at Johns Hopkins hospital there, upon modern methods of diagnosis and treatment, adding to his already large store of knowledge of medicine and surgery and its application in the treatment of diseases.

Dr. Heilig will not return to Florida at present, but will open an office at 117 1/2 W. Innes Street, and will practice here this winter, and we hope he may be so successful here that he will decide to remain.

**COMFORTING WORDS.**

Many a Salisbury Household will Find Them So.

To have the pains and aches of a bad back removed; to be entirely free from annoying, dangerous urinary disorders is enough to make any kidney sufferer grateful. To tell how this great change can be brought about will prove comforting words to hundreds of Salisbury readers.

Mrs. John T. Murdoch, Green St., Statesville, N. C., says: "I used Doan's Kidney Pills and am glad to say that they proved of great benefit to me after other remedies had failed to give me relief. My back ached a great deal and my kidneys were so weak as to cause much trouble. Doan's Kidney Pills promptly relieved me and they have always benefited me when I have taken them since. I heartily recommend this remedy to other kidney sufferers."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

**Shall the Homestead Succumb to the Mercenary?**

Dr. R. V. Brawley is preparing to build a handsome residence on part of the Boyden property, on West Fisher street, which will be a valuable addition to this part of town. We would wish many more nice residence could be built in this vicinity. Since the writer can remember, you since the town was first chartered more than one hundred and fifty years ago, some of the most valuable and most desirable property in it has remained vacant lots, and that right up in the center of the town, some of it less than two blocks from Main street, and none of it more than six blocks from the center of the city. The Presbyterian church property, the Boyden property, the Hall property, the Wiley property and the Blackman property, all in the west ward has never been improved as it should have been and has stood all these years as a denial of the improvement of the town. The writer has been asked frequently by strangers visiting the town, or probably only stopping here between trains, why is it that while

you claim that your town is growing so rapidly, such property as this is allowed to be idle all these years? And when it was explained to them that the property was held by parties who could not dispose of it and was not able to properly improve it they would turn away exclaiming on the pity of it. It is true that in recent years some very valuable improvements have been made, quite a number of nice residences have been built, but there is room on the different properties for many more. Of course all do not agree as to what constitutes improvements. The mercenary would have every foot of ground possible covered with profit bearing buildings, or works, and then build his own home in a grove away from the madding crowd. We realize how dear a semi-isolated home is and though one is unable to improve he is loath, very loath, to surrender the dear old homestead to the merciless march of what we call progress.

The directors of the Piedmont Toll Bridge Company met last Friday and elected H. O. Trotter president, vice the late D. R. Julian.
