Mr. Kitchin Warns the Republicans.
Representative Claude Kitchin, of North Carolina, made a general assault on the new tariff bill under license of general debate on the postoffice appropriation bill in the House to-day.

Telling a number of stories of starving children and of working men appealing for food in the large cities, Mr. Kitchin concluded each tale with the statement: "And all this under the Aldrich-Payne bill, which no one on the Republican side has the courage to defend."

Mr. Kitchin declared that the bill was well named the "All-Rich-Pain bill—a blessing to all the rich and a pain to the hungry people of the country."

Reading from newspaper clippings of distress among working people and of large profits earned by the beef trust, Mr. Kitchin declared that at the very time the steel trust was earning such great profits, men who helped to make them were taking their little children from school to assist in the support of their families.

A lively exchange of words took place between Mr. Kitchin and Representative Gardner, of Massachusetts, over the price of food products.

Reading from the testimony of Secretary of Agriculture Wilson that meat products of the American farms were being sold in Europe cheaper than in this country, Mr. Kitchin said:

"It is not true that the farmer has benefited by the high prices. Prices for farm products were higher in 1898 under the Cleveland administration than ever before, and statistics show that."

Last Legal Hanging in the State.

The last legal hanging for North Carolina took place Friday at Elizabethtown, Bladen county. Henry E. Spivey was the victim and he was convicted before the law providing for electrocution was enacted. The execution has been delayed by appeals and respites. An appeal was made to the Governor for commutation largely on the ground that hanging is cruel and barbarous.

Spivey killed his father-in-law in a most atrocious manner because he was sheltering his daughter, Spivey's wife, who left him.

Channel Held the Flood—Work of Dredge Stands Test.

There was the biggest freshet Monday on Clark's creek since last May. People have been on the lookout for just such a freshet ever since the dredge was put to work to see what would happen. The new channel held all the water and there was not an overflow anywhere until the eddy water was reached just above the boat. Neither was there any deposit of sand anywhere above the eddy water at Battle bridge. Here it was only a foot deep and will be swept out by the first freshet after the boat moves down the creek. People all the way up the creek are delighted with the ditch. A few hours after the rain ceased the water had fallen to a normal depth, and there was none standing over the bottoms.

The whole country was flooded around the boat Monday and it was moved a little to one side of the ditch, but was gotten back with little trouble and started to work again at midnight.—Newton Enterprise.

Delayed Attention Costs Money.

Your house wears out if not painted. It costs more to repair it than it costs to paint it. It don't cost much to paint with the L. & M. Paint, because 4 gallons of L. & M. Paint and 8 gallons of Linseed Oil makes seven gallons of ready-for-use paint at a cost of about \$1.80 per gallon. You can mix yourself. Thirty-five years use in every part of the United States proves it. Atlantic City & Pittsburgh Fence Tests, made by the Master Painters Association, prove it. Sold by Salisbury Supply & Commission Co., Salisbury.

Sheriff Collecting Taxes.

Sheriff McKenzie was in his office Saturday after a week's trip through the country districts on his round of tax collecting. He reports collections amazingly good at every point visited. He will be at Bear Poplar on Monday and will take in Mt. Ulla at Sherrill's store on Tuesday, Atwell at Jasperr Corriher's store on Wednesday, at Enochville on Thursday, Landis on Friday and China Grove on Saturday. His complete schedule appears in another column.

Now Good News Spreads.

"I am 70 years old and travel most of the time," writes B. F. Tolson, of Elizabethtown, Ky. "Everywhere I go I recommend Electric Bitters, because I owe my excellent health and vitality to them. They effect a cure every time." They never fail to tone the stomach, regulate the kidneys and bowels, stimulate the liver, invigorate the nerves and purify the blood. They work wonders for weak, run-down men and women, restoring strength, vigor and health that's a daily joy. Try them. Only 50c. Satisfaction is positively guaranteed by all Druggists.

Mr. Sowers Able to be out.

John Sowers was in town on Saturday and informed us that his father, Philip Sowers, who has been so very sick for the past six weeks or more, has so far recovered that he was able to come to Salisbury on Friday. His leg which was thought to be dropping is still somewhat swollen, but is much better.

The Graded School to Continue.

At a special meeting of the Aldermen on Thursday night, which lasted until midnight, arrangements were made for a continuance of the graded schools of the city for two and possibly three months longer. These schools had, owing to the lack of funds and the fact that no provision had been made for their maintenance, were to have been closed on March 11th. The board has decided to call an election, to be held sometime before June, to vote a special school tax for these schools. The amount asked in this election is 20 cents on each \$100 worth of property and 80 cents on each poll, which it is claimed will just about furnish enough money for the full term of nine months.

Must be Shown That Peary Discovered the Pole.

Washington, March 5.—"If the government is to reward Commander Peary," said Representative Mason, of Arkansas, this afternoon, "the people have the right to know what we are rewarding him for. He has refused to have his documents made public and I am beginning to believe the whole thing a fake. He will have to show me he discovered the pole."

A Call for Zeb. V. Vance's Letters.

To the People of North Carolina: The North Carolina Historical Commission is making a collection of the letters and papers of Gov. Z. R. Vance, with a view to their preservation and publication. Through the co-operation of Mrs. Vance several thousands of such documents have been secured, making one of the most important manuscript collections ever made by the State. The publication of these papers will do more to establish the State's Confederate history beyond dispute than any other collection in existence.

But, unfortunately, this collection contains but few of Governor Vance's own letters, most of those in the collection being letters received by him. It is most important that the publication should contain as many of his own letters as possible.

The Historical Commission, therefore, takes this means of requesting those who possess letters of Governor Vance to turn them over to the Commission, either for permanent preservation or for copying. No letter or paper is so unimportant or trivial but that it may have its place in such a collection; and, we think, the personnel of the Historical Commission is efficient guarantee that no improper will be made of any letter so turned over.

Stops Lameness

Much of the chronic lameness in horses is due to neglect. See that your horse is not allowed to go lame. Keep Sloan's Liniment on hand and apply at the first sign of stiffness. It's wonderfully penetrating—goes right to the spot—relieves the soreness—limbers up the joints and makes the muscles elastic and pliant.

Here's the Proof.

Mr. G. T. Roberts of Resaca, Ga., R.F.D. No. 1, Box 43, writes:—"I have used your Liniment on a horse for a week and effected a thorough cure. I also removed a spavin on a mule. This spavin was as large as a guinea egg. In my estimation the best remedy for lameness and soreness is"

Sloan's Liniment

Mr. H. M. Gibbs, of Lawrence, Kans., R.F.D. No. 3, writes:—"Your Liniment is the best that I have ever used. I had a mare with an abscess on her neck and one eye, bottle of Sloan's Liniment entirely cured her. I keep it around all the time for galls and small swellings and for everything about the stock."

Sloan's Liniment will kill a spavin, curb or splint, reduce wind puffs and swollen joints, and is a sure and speedy remedy for fistula, swellings, founder and thrush.

The Curse of the South.

What is the matter with the South? According to government report of 1908 "The Secret is out at last—the Southerner, contrary to current opinion is not lazy, shiftless, indifferent or careless. "He is sick" the South is afflicted with and harbors that most dreaded treacherous and destructive of all diseases Anemia, Pernicious Anemia. The average Southerner is a sufferer of this health destroying parasite which destroys the red blood cells; producing an impoverished condition of the blood; characterized by extreme pallor, general debility, weakness, loss of vigor, lack of ambition, and general undermining of vitality. The climate and atmospheric conditions destroy the vitality. Let him get over it. Get rid of it. Get well, and he is good physically as the best American can boast. If there is health of the slightest degree in your system, "WAKE IT UP! CALL IT FORTH. PULL YOURSELF TOGETHER! MAN, WOMAN OR CHILD, all can and should be well." To neglect yourself is to reflect upon the wisdom of your Maker. Nature intends all humanity to enjoy a full measure of health and vigor. If you do not the fault is your own, for you are yourself to blame for it. Wonders have been accomplished for the people of Tennessee, Alabama, Georgia and Mississippi, let us now do as much for the people of the Carolinas. A postal will bring you the necessary information. Send no money. Write to-day. Don't neglect this chance here offered you. Address, **The Cleveland Institute of Medicine and Surgery, CLEVELAND, OHIO. CORNER KINSMAN RD. AND 72d STREET**

LARGEST STOCK OF SHOES IN THE SOUTH

We give you a written guarantee that this Shoe will wear you six months.

If you want a shoe that will give you perfect satisfaction and will outwear any shoe you ever wore, try this

Hardware Shoe
"Hard Wear in Every Pair"

It is made of soft, pliable chrome tanned waterproof leather, the finest and most durable of all leather for heavy wear.

It has two full soles. These soles are made of overweight steer hide—the toughest leather made—and are secured by Puritan stitch and two rows of standard screws.

It has a heavy, full gusset (see illustration) that will not permit dirt to get in through the lacing. The pull strap is leather, sewed with waxed flax thread, double stitch saddle seam and the counter is sewed in—in fact every part of this shoe is built to stand hard wear. Comes in either plain toe or tip and in black or tan leather.

We believe this shoe will last you much longer than six months, but we will guarantee that you get at least six months' wear and satisfaction. If you do not bring them back and we will give you a new pair free of charge.
