

Absolutely Pure...

Twelve Things to do on the Farm This Month.

- (1) See that the seed bed for all crops is not merely well broken but thoroughly pulverized by harrowing and disking. An ounce of preparation may be worth a pound of cultivation.
- (2) Get ready with weeders and harrows to kill the grass before it comes up. Don't be afraid of hurting the stand. This will not happen.
- (3) Place orders for all improved plows, harrows, weeders, cultivators, and other labor-saving tools and machinery. Get ready to make your crop with cheap horse labor instead of expensive hand labor.
- (4) Don't waste time and sweat on scrub seed or scrub stock this year. Improved varieties will pay as well with field crops as with garden crops.
- (5) Get ready to share with the Western farmer his golden flood of profits in raising hogs and cattle. First of all, get an improved breed, and then arrange to feed economically. With proper pasture crops both pork and beef can be made more cheaply in the South than in the West.
- (6) Of the over \$50,000,000 spent in the South for fertilizers each year at least \$10,000,000 is wasted through ignorance of crop needs and soil needs. Try to stop your part of this colossal loss.
- (7) Join in the great corn-raising revival now sweeping over the South. The biggest corn crops the world has known have been made in the South, and we are just waking up to the fact that Dixie can beat the Corn Belt itself raising this kind of cereals.
- (8) Don't forget the garden, and don't make your wife do all the work in it. Remember, vegetables are cheaper than meat and more healthful.
- (9) We cannot have good fruit now without spraying. A good spray pump will often pay for itself the first year, in the orchard and potato patch.
- (10) Drag the roads after every rain. The split-log drag is the cheapest good roads maker ever invented.
- (11) Paint the farm-house and whitewash the outbuildings that you do not care to paint. It will pay you simply in your increased sense of pride and dignity.
- (12) Get your boy to join the Boys' Corn Club movement with an acre of corn, and give your girl a flock of pure bred chickens. And be sure to let each one have the money he or she makes from this allotment.—Raleigh (N. C.) Progressive Farmer and Gazette.

It expels all poisons, stimulates the internal organs, cleanses the system and purifies the blood. Such is Hollister's Rocky Mountain Tea, the most effective preventative and cure of bad blood, constipation and sluggish liver. Cornelison & Cook.

Kill Grass Before It Comes up.
I plant corn and cotton level, or nearly so. My soil is clay. If a heavy rain falls before plants come up I run over with harrow, and cross with weeder. This will break crust all over the ground, destroy any grass or weed seeds that may be sprouted and prevent evaporation. If no rain falls, weeder alone is run four or five days after planting, and I keep this up every few days until plants are large enough to thin. This part of the work is looked after closely as it may mean the saving of much labor later on. If the grass once gets a start, the harrow and weeder are no good then.—J. W. Broom, in Raleigh (N. C.) Progressive Farmer and Gazette.

Get Ready to Plant Corn.

Now the farmer who was wise enough to get crimson clover on his land to be planted in corn can afford to wait till it is fairly mature before turning it down. In all parts of the South we have plenty of time to make a crop of corn after the clover has done all that it can for us, and with the exception of the lower South, March corn planted is seldom the best. The best kind of corn I noticed last year was made after the clover was entirely dead.

If you are so unfortunate as not to have the clover on the land you propose to plant in corn the sooner you get the land deeply plowed the better. Spring is not the time for subsoiling, even on land where subsoiling is needed, for the surface may be in good condition for plowing while the subsoil will be in such a condition that the subsoiler will merely plaster it.

Good deep breaking and thorough cutting up with a cutaway is needed before planting, for you are going to work the crop shallow from the start. Some advise deep cultivation in the early stage of the corn crop. I have tried it, and as compared with shallow work from the start, I do not like it.—Prof. W. F. Massy, in Raleigh (N. C.) Progressive Farmer and Gazette.

Makes Three Times as Much Raising Poultry as Teaching School.

"Do you know the prettiest farming sight I have ever seen?" asked one of the county agents at a meeting of Southern demonstration agents a few days ago. And he answered his own question in this way: "It was a flock of 250 or 300 beautiful Brown Leghorn hens, all alike, which came running to their owner at her call when I visited her poultry farm the other day. This young woman graduated at the Normal and Industrial College several years ago, and taught school until she quit it to start poultry raising a year or two ago. And now she is already making three times as much as she made teaching school!"—Raleigh (N. C.) Progressive Farmer and Gazette.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

How Much Fertilizer Should We Use.

Perhaps, on average lands, from 200 pounds to 400 pounds of commercial fertilizers under corn, and from 400 to 600 pounds under cotton is the safest for the general farmer, but some find it profitable to use even more. For special crops, yielding large gross money returns per acre, larger quantities are generally profitable, in some instances as large as from 1,000 pounds to 8,000 pounds per acre; but these large quantities should only be used when experience or tests show that they pay.—Raleigh (N. C.) Progressive Farmer and Gazette.

Peary Is Taking Proofs to England.

London, March 10.—Commander Robert E. Peary, it was announced authoritatively to-day, is bringing proofs of his polar achievement with him and will make it public at a meeting which he is to address at Albert Hall under the auspices of the Royal Geographical Society. The explorer, whose good faith is generally accepted by British geographers, has the promise of a magnificent reception in London.

High Prices.

It seems undisputed that certain corporations and trusts have arbitrarily raised the price on their own products, using the high tariff as a pretext. It is these parties that need to be rebuked. We are a fast-living, money-spending, luxurious race and have not yet learned the rewards of doing without. Many and many a household could be on the comfortable side of plenty instead of failure if they bought only those things which they could not do without.—Christian Instructor.

If there is any one man who makes us good and tired it is the fellow who will not improve his methods of farming lest there should be an "over-production" of farm products. Over-production indeed, with Southern children living on corn bread, Western bacon and black molasses, when they should have vegetables and fruits and butter and eggs every day in the year! The great trouble is non-production of many things that should be staples on every farm.—Raleigh (N. C.) Progressive Farmer and Gazette.

ARE YOU SLEEPY? NERVOUS? TIRED?

IT WILL WAKEN UP YOUR LIVER and start it working. Then you can work, and enjoy it, too.

THE GENUINE has the RED Z on the front of each package and the signature and seal of J. H. ZEILIN & CO. on the side, in RED. FOR SALE BY ALL DRUGGISTS.

Phone calls: day, 224; night, 811-L or 201.

Embalming a Specialty.

White Man Victim of Mob.

Pensacola, Fla., March 10.—Roy Witherspoon of Gallatin, Tenn., died in a local hospital tonight as the result of wounds received last week at the hands of a mob in Baldwin county, Alabama, from whom he was attempting to shield some negroes. Louis Donelson, alleged leader of the mob which is charged with

an attempt to rid Baldwin county of its negroes, and who is specifically charged with firing the two shots which resulted in Witherspoon's death, has surrendered to authorities. Young Witherspoon was shot while defending the negroes employed at his brother's saw-mill Perdido Beach. An operation was performed on him here yesterday and he never regained consciousness.

For Rheumatic Pains

As we get older the blood becomes sluggish, the muscles and joints stiffen and aches and pains take hold easier. Sloan's Liniment quickens the blood, limbers up the muscles and joints and stops any pain or ache with astonishing promptness.

Proof that it is Best for Rheumatism.

Mrs. DANIEL H. DIEHL, of Mann's Choice, R.F.D., No. 1, Pa., writes:—"Please send me a bottle of Sloan's Liniment for rheumatism and stiff joints. It is the best remedy I ever knew for I can't do without it."

Also for Stiff Joints.

Mr. MILTON WHEELER, 2100 Morris Ave., Birmingham, Ala., writes:—"I am glad to say that Sloan's Liniment has done me more good for stiff joints than anything I have ever tried."

Sloan's Liniment

The Curse of the South.

What is the matter with the South? According to government report of 1908 "The Secret is out at last—the Southerner, contrary to current opinion is not lazy, shiftless, indifferent or careless. "He is sick" he South is afflicted with and harbors that most dreaded treacherous and destructive of all diseases Anemia, Pernicious Anemia. The average Southerner is a sufferer of this health-destroying parasite which destroys the red blood cells producing an impoverished condition of the blood; characterized by extreme pallor, general debility, weakness, loss of vigor, lack of ambition, and general undermining of vitality. The climate and atmospheric conditions destroy the vitality. Let him get over it. Get rid of it. Get well, and he is good physically as the best American can boast. If there is health of the slightest degree in your system, "WAKE IT UP! CALL IT FORTH. PULL YOURSELF TOGETHER! MAN, WOMAN OR CHILD; all can and should be well. To neglect yourself is to reflect upon the wisdom of your Maker. Nature intends all humanity to enjoy a full measure of health and vigor. If you do not the fault is your own, for you are yourself to blame for it. Wonders have been accomplished for the people of Tennessee, Alabama, Georgia and Mississippi, let us now do as much for the people of the Carolinas. A postal will bring you the necessary information. Send no money. Write to-day. Don't neglect this chance here offered you. Address, **The Cleveland Institute of Medicine and Surgery,** CLEVELAND, OHIO. CORNER KINSMAN RD. AND 72d. STREET.

YOURS FOR BUSINESS,

GEO. W. WRIGHT

We give you a written guarantee that this Shoe will wear you six months.

If you want a shoe that will give you perfect satisfaction and will outwear any shoe you ever wore, try this

Hardware Shoe

"Hard Wear in Every Pair"

It is made of soft, pliable chrome tanned waterproof leather, the finest and most durable of all leather for heavy wear.

It has two full soles. These soles are made of overweight steer hide—the toughest leather made—and are secured by Puritan stitch and two rows of standard screws.

It has a heavy, full gusset (see illustration) that will not permit dirt to get in through the lacing. The pull strap is leather, sewed with waxed flax thread, double stitch saddle seam and the counter is sewed in—fact every part of this shoe is built to stand hard wear. Comes in either plain toe or tip and in black or tan leather.

We believe this shoe will last you much longer than six months, but we will guarantee that you get at least six months' wear and satisfaction. If you do not, bring them back and we will give you a new pair free of charge.

5000 papers of garden seed and 2000 papers flower seed will be sold at 1c a paper.

Don't wait until they are sold out if you want good seed at a penny a paper. 2000 yards dress gingham and apron checks worth 5cts per yard at 5cts. Big line of percales and calicoes, white waistings 1 yard wide and worth 15cts, while they last at 10cts a yard. Everything in the dress goods line. When a pair of good shoes for yourself, your wife or your children we have them. We carry the line of Hamilton-Brown Shoe Co's. that Tom Murry, of Chicago, has been telling you about. "Come in and meet us face to face."

BRITAIN & CAMPBELL.

The Collar for all Farm Work

No More Sore Necks and Shoulders.

Call at your harness store and ask to see one of the famous

Hameless Adjustable Metal Horse Collars

If you do not see them write and we'll send you our catalog fully illustrating and describing these ideal horse collars that are saving thousands of dollars annually. They cure sore necks and shoulders and do away with all harness sweat pads and straps. They can be adjusted to fit and the draft is in the correct place. But the main thing is they do away with sweat pads which scald and produce sores. Thousands in use. Won't wear out—last for years.

HARNESS! DON'T FORGET we make and keep on hand a large stock of single and double wagon and buggy harness. We also carry a fine line of Collars, Saddles, Bridles, Halters, robes, blankets, whips, Harness oil and other horse supplies. All kinds of repairing done at reasonable prices. Harness oiled and dressed for \$1.00 to \$1.25 per set. Try some of our Horse remedies, we have the best. Come to see us.

HARTLINE & COMPANY. 118 E. Innes St. Phone 488. Salisbury, N. C.
