The Best Place to Buy Your Easter Clothes.

You can save 25 per cent. when you buy your clothes from

## V. WALLACE & SONS.

Our facilities for buying are unsurpassed, as we are among the largest buyers in the South. We go direct to the manufacturer, buying piece goods, buttons, thread and linings separately, having these garments manufactured under our own supervision.

Our \$10.00 suit is a world beater. All garments turned out from \$12.50 to 15.00 are absolutely all wool and worsted. Our Blue Serge Suits at 10.00 are absolutely pure worsted. Come in, and we will prove it to you.

Any suit of clothes bought at this establishment not giving perfect satisfaction, will be made good by this firm. Great selling means great buying, great buying means low buying, low buying means low prices—Advantages going to customer.

Do not buy your Spring suit until you have looked at the line V. Wallace & Sons are going to show at \$10.00 to \$12.50.

### BIG FIRE AT GOLD HILL.

Two Dwellings, Two Stores and Contents Burned. Little Insurance.

Between three and four o'clock this morning fire broke out in the store-room of N. Lutfy, at Gold Hill, and before the flames could be checked this building, N. Lutfy's residence, George Morgan's residence and John Arey's store were consumed with their contents. The origin of the fire is unknown. Messrs. Lutfy and Arey had a small amount of insurance on their stocks, but not enough to cover their loss, and only a few articles were removed from the burning buildings. Mr. Arey had just received, but had not yet opened, about \$1,500 worth of new spring goods, and both the merchants had goods in the depot.

This is right severe loss both to the property owners and to Gold Hill, this being the second large fire within a year.

### NEW LONDON.

March 21.—The spelling bee in Culp's hall, Thursday night, March 17th, resulted in a victory for the women. Near the finish Mrs. Jane Cotton, Mrs. John L. Palmer and Miss Mattie Moss were spelling against W. T. Huckabee. Later, it was discovered that George Palmer had been spelled down by mistake, and was allowed to arise again. Miss Moss was spelled down, and left Mesdames Cotton and Palmer, against Messrs. Huckabee and Palmer. Mr. Huckabee stood for awhile, but was finally spelled down, leaving Mr. Palmer, who held his side up for a short time, when he was spelled down, making a complete victory for the ladies.

The men are already talking of challenging the ladies for another contest. Quite a large crowd witnessed the spelling match, and it was enjoyed by all.

Nearly \$20 was cleared, which will apply to the painting fund of the Methodist parsonage.

## Grand Kimball Factory Piano Exhibit

A Display of Sample Pianos by Kimball Factory at Salisbury for One Week.

**Will Begin March 23rd and Close Mar. 30, at 9:30 O'clock P. M.**

Everybody is Invited to Attend—Factory Experts will Explain Details of Piano Manufacturing—Nothing Like it Before in the History of This County—Look for the Big Sign—203 N. Main St., Next to P. O.

An exhibition of Kimball pianos will be given at No. 203 North Main street, Salisbury, N. C., beginning Wednesday, March 23d, and closing Wednesday, March 30th, 9:30 p. m.

This exhibition is for advertising purposes. Admission will be free and everybody is cordially invited to attend.

We have arranged special entertainment for all, each afternoon and evening.

The display will include one each of the different styles of Kimball, Whitney and Hulse pianos, and will be the most complete exhibit ever given the South by any piano company.

The object of the exhibit is to thoroughly introduce the different style pianos manufactured by the W. W. Kimball Company, and have them as well known to the general public as the Kimball Reed Organs have been for the past 20 years.

Several years ago we used this method to introduce Kimball organs, and the plan was so successful, the Kimball organ business has been largely increased each year, while most of the other organs that kept up the old, expensive methods of advertising, have either failed or retired from business.

Kimball organs are now so well known in every section that we are able to get business at such low cost as to enable us to reduce the retail price on organs nearly one-third on each instrument; and it is our wish to have the Kimball Pianos as well established as the Kimball Organs are.

There are already over 200,000

Kimball Pianos in use, and they have a very large trade of the principal dealers in the cities.

We are positive we can double our business in the cities and farm sections, if we get the public well acquainted with the beautiful tone and splendid wearing qualities of the Kimball Piano.

We have withdrawn most of our advertising appropriations from the magazines and billboards and will use this advertising money in exhibiting instruments.

Kimball Pianos are now used by the world's greatest musicians, by several music conservatories, and as stated above, over 200,000 of the best families in this country use and endorse them.

The W. W. Kimball Company has over twice the largest factory in the business, and over four times the largest cash capital. Any banker will give you our financial standing.

At the close of the exhibition all of the instruments will be sold, and to make certain that each of the different styles will be left here, we will reduce the price to about wholesale on each instrument on very liberal terms.

The exhibition will be open evenings and a souvenir will be given away free to each person who calls. We will be pleased to have you call, even if you never intend to get a piano.

A careful examination of the tone and construction of these sample pianos is what we desire. Piano mechanism will be explained by factory experts. We want your good opinion, and it will pay you for your time. Exhibition open evenings until 9 p. m.

E. BACON, Exhibit Manager.
