REPUBLICANS OPPOSE USE OF WHISKEY.

Democrats are Asked to Stand by Their Law and a Dodge is Handed Out.

The Republican Executive Committee met at the Court House on Saturday and selected Saturday, August 18th, as the date for the county primaries, the convention to be held a week later, on the 20th, when it is probable that a full county ticket will be named. An interesting resolution adopted by the convention follows:

"Resolved, By the Republican Executive Committee of Rowan County, that we do not sanction the use of Acoholic spirits for political purposes, Resolved further, that the chairman be instructed to submit a copy of this resolution to the Chairman of the Democratic Executive Committee requesting that such action be taken as they may deem best."

This resolution should have come to Walter H. Woodson, chairman of the Democratic committee, through Jno. A. Sims, chairman of the Republican executive committee, but Mr. Sims has been sick and Mr. Woodson learning of the resolution, decided not to wait for Mr. Sims' letter and made the following reply:

Salisbury, June 6, 1910.
Mr. John A. Sims, Chairman.

My Dear Sir: A copy of the resolutions adopted by the Rowan County Republican executive committee Saturday, the 4th inst., in which your committee goes on record as opposing "the use of alcoholic spirits for political purposes" and resolves further "that the chairman be instructed to submit a copy of this resolution to the chairman of the Democratic Executive Committee, requesting that such action be taken as they may deem best," has been shown me.

In view of the fact that the Democratic committee has at no time contemplated the use of whiskey in the campaign I am at a loss to understand why it should be requested to take any action on the subject. The tenor of your committee's resolution would indicate that the practice of influencing voters by means of whiskey had obtained in your party in the past. If this conclusion is correct I congratulate you upon the committee's determination to abandon this method of gaining votes, which is both unlawful and pernicious.

Yours very truly,
WALTER H. WOODSON,
Cham'n. Dem. Ex. Com.

It has been a common thing for both parties, in this county to use whiskey during a campaign, every posted man having knowledge of such. During the recent wet and dry fight, which one Boyden, now a candidate for the nomination to the State senate, conducted, large quantities of whiskey was used. The efforts to treat and debauch the manhood of the county seemed to be the thing most to be desired then, and as this man Boyden is the same as of old, if not worse, will try the same tactics this year. There is no blotting this out, and the jargony words and phrases carefully worded dodges to the contrary. The prohibition act is a Democratic measure and the sooner the party recognizes this fact and shoulders its obligations in this particular the better for it and the State. We congratulate the Republicans on the stand they have taken and regret that Boyden and the whiskey influence is temporarily in the Democratic saddle. The people are not so ignorant these days as they have been. Parties must now appeal to men's intelligence, not to flimsy pretenses and paltry efforts to turn a joke.

There's more strength in a bowl of Quaker Oats than in the same quantity of any other food you can eat.

For Coughs—Take This

Do you know a remedy for coughs and colds nearly seventy years old? There is one—Ayer's Cherry Pectoral. Once in the family, it stays. It is not a doctor, does not take the place of a doctor. It is a doctor's aid. Made for the treatment of all throat and lung troubles. Ask your own doctor his opinion of it. Follow his advice. No alcohol in this cough medicine. J. C. Ayer Co., Lowell, Mass.

You cannot recover promptly if your bowels are constipated. Ayer's Pills are gently laxative; act directly on the liver. Sold for nearly sixty years. Ask your doctor all about them.

DR. COOK COMES UP AGAIN.

Preparing to go to Etah to Get the Proofs of His Discovery.

The mystery of the whereabouts of Dr. Frederick A. Cook was solved last night. He is in Scotland, preparing for a trip to Etah, whence he plans to bring back his records of the discovery of the North pole and his instruments which are cached there. He also intends to bring back the two Eskimos who accompanied him on his dash to the pole, and with them an interpreter in the person of the Eskimo boy, Mene, who recently returned to Etah from New York.

Dr. Cook's objective point, when he shall have recovered his records and instruments, will be Copenhagen. There he will submit his compiled proofs to the scientific body before which he appeared when he first returned from the far North. After that he plans to return to New York to face his detractors and prove beyond doubt that he was not only the first, but the only discoverer of the pole.

It is expected that he will reach Copenhagen about the first of October and New York perhaps a month later. The staunchest supporter Dr. Cook has in New York is Captain Bradley S. Osborn, of the Arctic Club of America. No man has been closer to the doctor since the beginning of the now famous Cook Party controversy, and he is one of the few men who has been in communication with the explorer since he disappeared. Captain Osborn last night would not commit himself to a flat confirmation of the foregoing statements as to Dr. Cook's plans, which were received from another source, but he did say that it was his "impression" that the statements were accurate.

"Dr. Cook is in Great Britain," said Captain Osborn, "I cannot give his exact address. I firmly believe he is now completing plans to start for Etah to recover his records and instruments. I also believe he will recover them and take them to Copenhagen. The verdict of the University of Copenhagen in Dr. Cook's case was 'not proven.' When he submits his records, which will complete his proofs, that verdict will be charged to proved beyond the shadow of a doubt."—New York Dispatch, May 31.

The Philadelphia Strike and Its Cost.

The recent Philadelphia street railroad strike cost those concerned \$14,012,000, all a material loss, besides the lives sacrificed and the numerous cripples, many of whom will be a charge on their friends or on public charity the remaining days of their lives.

The waste—and from the standpoint of political economy all waste is profligacy—is thus distributed, according to a respectable and conservative computation: The active strikers, \$412,000 in wages; the transit company, \$1,400,000 in income; the sympathetic strikers, \$2,200,000 in wages, and their employers, \$2,000,000. And to that immense loss must be added the \$8,000,000 that the ordinary business of Philadelphia, from banking to shoeing peddling, suffered because of that strike, that ought to have been settled without the shedding of one drop of blood, the breaking of a single bone, or the loss of \$1,000.

Thus is industrial war as ruinous as commercial war; and it vives with famine, pestilence, the earthquake's shock, the volcano's vomit, the tidal wave's remorseless invasion, the drought's brazen skies, and the floods en-

gulting embraces to bring disaster on the community.

That Philadelphia strike brought no material benefit to any single human being; but it brought sorrow and disaster to thousands. It established anarchy and military rule where there had been order and peace. There were arson and murder, and society was between the mob on the one side and the military on the other.

What was it all about? Only a little thing of wage, that the ordinary exercise of the plainest precepts of common justice could have composed in 15 minutes. There is one sublime truth that this country has yet to learn, and that is this: Capital and labor are partners, and they should be, and must be, friends.

Let justice prevail, and wage and dividend will automatically adjust themselves to the satisfaction of both and to the benefit of the public.—Washington Post.

CHURCHLAND.

Linwood, June 6th.—The Spencer Graded School ball team crossed bats with the local team here last Saturday; the game was interesting from the start but it was soon seen that the locals were gaining. The final result was a score of five or twelve in favor of the local team. This was a nice clean game and we hope to have these gentlemen with us again.

The prospects for a good school here next year are very gratifying at the present writing, and we feel sure that next year will be the best year in the history of the school. Last year our enrollment was about one hundred and seventy-five and from present indications, and with our increased boarding facilities we hope to accommodate two hundred next year.

Re-Sale of Land.

Under and by virtue of an order of the Superior court of Rowan county, made in the special proceeding entitled Essie Chambers and husband against Oliver S. Kerr, the same being No. 4, upon the special proceeding docket of said court the undersigned commissioner will, on the

25th day of June, 1910,

at about 12 o'clock, noon, at the court house door in Salisbury, N. C., offer for sale those two lots or tracts of land lying and being in or near the corporate limits of the City, and more particularly described as follows, to-wit:—Beginning at a stone, Jno. S. Holt's corner on the east side of the street that runs before the door of his house and runs N. 1/2 deg. W. 1.80 chs to a stone in the road; thence N. 88 1/2 degs 1.68 chs. to a stone in the road 1/2 deg. E. passing a stone on the south side of said road 1.60 chs to a stone Jno. S. Holt's corner; thence S. 88 1/2 E. 1.58 chs to the beginning, containing 1/4 of an acre more or less. See record of deeds No. 80, page 810. This lot is about square and the 4-room house thereon is in good condition and so located that another house can easily be built on it. The property is cheap at \$400.00, and is located in north Salisbury or Jersey City. Also another tract described as follows, to-wit:—Beginning at a stake on the S. side Link Ave., Deila Campbell's corner, and runs thence S. 87 1/2 w. 50 ft. to a stake, Clement's corner, thence south 4 degs. west 200 ft. to a stake, Geo. O. Clement's corner; thence north 87 1/2 degs. east 50 ft. to a stake, Deila Campbell's corner, thence with her line north 4 degs. east 200 ft. to the beginning being the eighth lot from the corner of Lord's land suburbs of the West ward of the city of Salisbury. See record of deeds No. 109, page 422. This lot is located on the left side of and near Livingstone College in the west ward of Salisbury. It is reasonably worth \$75 to \$100. Both tracts are sold subject to a 10% additional bid in 10 days. Bidding to begin at \$281.00.
