SALISBURY, N. C., JULY 13th, 1910

If Caldwell, of Iredell, is nominated for Congress in this district, the hopes of Democratic success this fall will be greatly brightened. The people want Caldwell, hence Caldwell's chances are good.

It would be absolutely absurd for the Democrats to nominate a man for Congress against whom court records can be shown in substantiation of the charge that he has been guilty of disposing of mortgaged property. There will be difficulties sufficient without the selection of such a candidate.

We have just received an order for printing some cards to be tacked on the inner walls of a colored church with the following words thereon: "No Talking, Smoking, Chewing or Spitting During the Services." In order to escape, being termed temperance cranks probably accounts for the omission of the "drinking."

Mrs. J. P. Moore, in a letter to the Asheville Citizen, suggests that the beautiful fountain at Round Knob be put in repair as a memorial to the late Maj. James W. Wilson, the civil engineer who blazed the way through the mountains for the W. N. C. Railway. This, in addition to a monument on the mountain side, near at hand, would be quite appropriate.

We did both W. H. Woodson, chairman of the County Executive Committee, and E. C. Gregory, Esq., an injustice last week in saying that Mr. Woodson was particularly to appoint "wet" men as secretaries. While we still claim the committee and delegates appointed stand about 80 per cent. "wet," it is no more than justice to these gentlemen, and ourselves, to say that Mr. Gregory is not "wet," but "dry." We also have heard that H. E. Ruffy, one of the secretaries appointed, was "dry." It gives us one more pleasure to correct these errors than we. They are all gentlemen of good intentions and high character and are ready to stand by their convictions whenever it is found necessary. It is not our intention to misrepresent any one or anything, but should we do so through ignorance or inadvertence we stand ready at all times to make proper correction, or give space to those who deserve to be heard.

The congressional convention of this district will be held at Statesville Friday and no doubt a big crowd will be present. It seems there are four candidates in the running, Caldwell, Daughton, Gwaltney and Murphy. The district is now represented by H. C. Cowles, republican, who is likely to continue to do so several years to come, unless some get-togetherness can be distributed in the ranks of the wavering democracy. We had been informed that Rowan's candidate, one Murphy, the paid representative of the whiskey interests, had very appropriately withdrawn from the race, but present indications show that his effort is still manifest. Under the circumstances we feel that there are several of the largest and best Democratic counties in the district that the said egotistical person cannot carry should be nominated. Beside his other numerous and serious objection, he is a Boydenite, which alone ought to defeat any one. But it is needless to discuss the matter, no one has any serious fear of his nomination.

DETECTIVE SHOTS BLIND TIGER.

Bar Room Bums and Organized Labor do a Lynching Stunt.

Newark, O., July 8.—Carl Etherington, 22 years old, employed Thursday night by the State Anti-Saloon League as a blind tiger raider, was lynched here at 10:34 to-night, following a day of almost continuous rioting. The heavy doors of the Licking county jail were battered down and Etherington was dragged from his cell. He was shot, kicked and bruised before the street was reached and the finish followed quickly.

Etherington, early in the evening, confessed that he killed William Howard, proprietor of the "Last Chance" restaurant and former chief of police in a raid of alleged "speak easies" in a raiding scuffle at 1:30 this afternoon and narrowly escaped lynching at that time. When news from the hospital that Howard had died passed over the city at 9 o'clock to-night, the fury of the mob took definite form. Large battering rams were directed upon the doors of the Licking county jail and the deputies were powerless. The doors fell after nearly an hour's attack.

Howard, it is charged, did not resist the detectives when they entered his place, on the outskirts of Newark, he is said, however, put his arms about Etherington, as if to hold him, whereupon the officer fired a bullet into Howard's head.

Striking Baltimore and Ohio railway employes declare that Etherington recently came to Newark as a strike-breaker, and the ill-feeling growing out of the mob after the first taste of blood resulted in the slaying to-day.

Newark, O., July 9.—Mayor Herbert Atherton announced that if the Anti-Saloon League sent another raiding party here he would declare martial law and call upon Governor Harmon for troops.

"If Harmon attempts to remove me I will fight him to the last ditch," declared the mayor. Judge C. M. Sward of the common pleas court stated tonight that he will order a special grand jury Monday to investigate the lynching.

The mayor today ordered two "soft" drink establishments closed until order is restored. Several implicated in the lynching left the city to-day when it was learned that Governor Harmon will return to Ohio Monday to investigate.

It developed today that last night's mob was after two prisoners instead of one. Frank Ames, an Italian, charged with assaulting an iron moulder, was the other intended victim. While the mob was searching the jail for him he hid under his cot. The lynchers left the second rope intended for him lying on the floor of his cell.

Newark, O., July 11.—Before he had been in office an hour this evening J. N. Ankele, the vice mayor elevated to the office of chief executive of Newark, following the suspension of Mayor Herbert Atherton by Governor Harmon, had summarily removed Chief of Police Zerbe and Police Captain Robert Bell.

He gave as his grounds for removal, the non-enforcement of the county option law which resulted in the lynching of Detective Carl Etherington Friday night.

He appointed in their stead Charles Hindel a former deputy sheriff, as chief, and Patrolman Charles Swank as a captain. He gave them orders to commence the immediate enforcement of all laws to the letter.

As soon as the new police officials had assumed office they caused the arrest of a second Negro who is held in connection with the Friday riots. "Vance" Moore of Zanesville is alleged to have struck Carl Etherington, the raider who was lynched, just prior to the fatal shooting of William Howard. Moore is the second colored rioter arrested.

Mayor Atherton, upon receipt of a telegram from Governor Harmon late this afternoon, immediately turned over his office to Ankele. "I will, of course, put up a defense," he declared, "I have a witness who will testify that the local dry leaders refused point blank to file charges against the 'speak easies' with me, because they did not want me to have the credit of cleaning up the town. I will not step down tamely."

The best way to have prohibition and at the same time not have it is to put men in office who will fail to enforce the law. The above dispatches clearly show a case of this kind, hence, as we stated last week, we were unable to understand how a man claiming to be dry can vote for an avowed whiskey candidate such as Boyden.

me to have the credit of cleaning up the town."

We are almost willing to bet some more that, that miserable reprobate and hypocrite had been appealed to time after time to enforce the law, to make his officers do their duty, and, only after finding that he did not intend to do so, did they put up the money and employ detectives who would do the work.

Governor Harmon did right in removing Mayor Atherton, and he should go farther and have him and his officers indicted for murder and riot. Atherton's own story convicts him. This mayor, those officers and the lynchers are specimens of a majority of the whiskey advocates the world over. They have no respect for law, right, decency or justice. They have shown forth the character of the men and exemplified the deed of those who crucified the Christ. They are set in their ways and to point out their sins is but to enrage them now as it did 1910 years ago. It is the old battle between Gog and Magog, the elect and the black sheep, and it will go on until the end of time, until the final triumph and glorious victory by those who have refused to wear the mark of the beast.

Whether Governor Harmon will do his full duty or not, we cannot say, but, if he does not, there are those coming after him who will. Retributive Justice is a sure payer. His work is apparent on all sides and in all times.

BOARD OF EQUALIZATION MEETS.

Increase in Real Estate and Personal Property Values Considerable.

The County Board of Equalization, consisting of the tax listers and County Commissioners, met at the Court House here Monday. The tax listers returned their books and they were gone over for the purpose of making such corrections as may seem just and proper. If any property has been undervalued the board will increase it, or, if any has been over-rated, a decrease will accordingly be made. It is needless to say the board will not have much to do in this line.

It seems that a considerable increase in the taxable values has taken place throughout the county. In some townships this increase is more noticeable than in others. Take Gold Hill, for instance, where Republican "prosperity" has closed the mines, granite quarries and the cotton mill, we find, notwithstanding the adverse conditions, a splendid showing, which is due largely to the individual thrift, hard work and personal enterprise of the people. In this township the gain in real estate values is \$37,397, in personal property values, \$18,575, making a total clear gain for 1910 over 1909 of \$48,972. Of this \$28,000 is to be credited to the erection of the cotton mill at Rockwell, which was only partly completed last year and was not then given in for its full value, which is considerably over the figures given above.

The total value of the real and personal property as given in, is as follows: real estate, \$339,815; personal property, \$179,855; total, \$519,170. Of this total the Negroes own \$5,740 worth, about 1-1000th part.

The State Democratic convention will be held in Charlotte tomorrow. The convention will be called to order by Chairman Eller and Senator Overman will make an important address. It is thought the convention will not be in session more than a day as there is no contests likely to take up much time.
