WM. M. STEWART, Ed. and Prop.

Published every Tuesday at 120 West Innes street.

Entered as second-class matter Jan. 16th, 1905, at the post office at Salisbury, N. C., under the act of Congress of March 3rd, 1879.

Telephone No. 458.

SALISBURY, N. C., AUG. 10TH, 1910

Aviation may be alright, but we object to its ever increasing devotees who are spoken of as the late Mr. —

Reports from dozens of counties that might be named show that the Republican conventions have been unusually rowdy this year and that the final grand rouns will take place at the Greensboro State convention to-day. Those who contemplate attending this meeting might do well to hang a piece of sheet steel under their shirt fronts and provide themselves with a good gun. Verily the times are strenuous. So far the Republicans and Democrats, in this matter of turbulent conventions, are about neck and neck.

Your Uncle Joe Cannon stumped Kansas for the G. O. P.'s "regular" nominees, but the insurgents carried the State; Governor Patterson who rose above the power of the superior court of Tennessee, spoke in almost every county for the regular Democratic nominees for the judiciary, but the people had decided that they wanted an incorruptible judiciary so Mr. Patterson and the "regulars" were turned down by about 41,000 votes. This seems to be an "irregular" year and we are looking forward to something out of the regular to happen in Rowan this fall.

## "BRYANPHOBIA"

The Bristol Herald-Courier calls them "Bryanphobists." The word is a good one if the average reader will at once understand its meaning and to whom it applies. "Bryanphobists" are those people who so fear the popularity of the great Nebraskan that they are in terror lest he be nominated by the next Democratic convention for the presidency.—Richmond Journal.

We had understood that the "Bryanphobists" were those who are for Bryan or bust, who cheer him when he is regular and cheer him when he is insurgent and regard him as a public man altogether above criticism.—Newport News Times-Herald.

We think the Bristol Herald-Courier is entirely correct, for it is the reasoning of the Times-Herald was true every man who advocates another would be a "phobist" of some kind. For instance we would have "Clevelandphobists," "Harrisonphobists," "Folk phobia," etc., for the friends of every man in public life, hence we contend that "phobia" is not apparent when associated with kindred elements, but manifests itself only when it comes in contact with the offensive or opposing elements. Powder mixes with powder, dynamite or gun-cotton peaceably and harmoniously but is very explosive and dangerous when fire is applied, just as is the case when Bryan is mentioned within hearing of an anti-Bryanite.

We publish in another column excerpts from an address by Dr. Pressly, a missionary for 30 years of the Reformed church in Mexico, who tells in very plain words of the conditions in Mexico, where the Roman Catholic church dominates. These conditions are the same, if not much worse, wherever that church can get a foothold. But the enlightenment of the world and the fulfillment of sacred prophecy is getting in its work and that woman (the Catholic church) that sitteth upon the beast with the seven heads and ten horns is gradually but surely being made "desolate and naked, the Kings of the earth and nations thereof have, with few exceptions, taken away her temporal powers; i. e. the establishment and maintenance of this church as a State church and the enactment of laws forbidding the collection of taxes for revenues. England, France and Germany, have turned her out dependent upon charity, and all Spain, home of the inquisition and persecution is now threatening to do likewise, and will most likely succeed. That

this movement is a fulfillment of divine prophecy can hardly be doubted, neither can the reference of the prophecy be easily attributed to any other church, that is to the lay mind.

Listen! "And the woman which thou sawest is that great city, which reigneth over the Kings of the earth.—Rev. xvii-18.

What church is it that claims power over and the right to make kings save the Romish? What church is now trying to crush religious freedom and maintain its hold in Spain? The Romish.

If taken just when you feel as though you were going to be sick you will never know what serious illness is. Purifies the blood, drives out disease before it gets a foothold; such is Hollister's Rocky Mountain Tea. None other so effective and sure. 85 cents, Tea or Tablets. Cornelison & Cook.

## Big Victory for Independents.

Nashville, Tenn., Aug. 6.—The Banner this afternoon says:

According to the unofficial reports of majorities from over the state, the independent judiciary ticket carried Tennessee by 41,566 majority. This is figuring on Knox county for the independents 1,000, and Hamilton for the same side by 700. Davidson is figured at 1,000 and Shelby is counted an even break, the county having gone for two of the independent tickets. In east Tennessee, according to the figures, the regulars did not carry a county. In middle Tennessee the regulars carried fourteen counties out of 41, Davidson, Franklin, Rutherford being the banner counties. The independents carried the division by 8,600 votes.

The independents carried in all 81 counties, 18 in west Tennessee, 84 in east Tennessee and 27 in middle.

This indicates that Patterson, the anarchical democratic candidate for governor, will be defeated this fall and that statewide prohibition will win.

"An ounce of preventative is worth a pound of cure." Hollister's Rocky Mountain Tea has been the "preventative" for thirty years. Nothing so good to keep you well and make you well. 85 cents, Tea or Tablets. Cornelison & Cook.

# Brittain & Campbell, SHOE TALK!

WINTER will soon be here and the question of buying shoes will be up, and also the question where can we buy the best shoes? This question will be asked only by those who haven't tried Hamilton Brown shoes, for those who have tried them know, and you couldn't get them to buy any other, for they are satisfied that they are getting the best—and the best is always the cheapest.

Good, solid leather, costs but a trifle more than a shoe that has composition insoles and counters (shoes that are made to sell and not to wear).

We sell only solid leather shoes, and we make good on every pair where there are any defects in material or workmanship. We handle the celebrated **Hamilton Brown Shoes** and that name on a pair of shoes is a sufficient guarantee of an all leather shoe. This Hardware and Rock of Gibraltar shoe, with a six months' written guarantee, are the greatest shoes ever made for long wear and hard service. The Rock of Gibraltar shoe has the Bessimere sole with the green colored bottom—one sole of this leather is supposed to wear as long as three ordinary soles—ask to see it.

We also have the **Hardware Shoes** for women that are waterproof, and we believe that if well taken care of they will wear 12 to 18 months.

We also have a good line of Pine Knot shoes for women and children—shoes that will wear all winter. Big line of household shoes for men women and children. These shoes are as solid as leather can make them, and if you want to save money on your shoe bills this winter shoe your family with Household shoes. We also carry a line of the American Lady, American Gentlemen and Security school shoes. A watch guarantee for 12 months for 50 cents with a pair of Security school shoes.
