J. W. Peeler, of Rockwell, was in the city on business yesterday.

Rev. J. B. Hord, of Cleveland, was in Salisbury yesterday.

Joseph W. Miller, of Millertown, Morgan Township, was in the city yesterday. He, and quite a number of others from Morgan and the county, left this morning on the Southern Railway's excursion to Norfolk.

The couple will spend several weeks visiting in the county and then go to Washington, D. C., where Mr. Shepherd is employed in a drug store.

The Woodmen's Camp at Mill Bridge will give a picnic Friday. Everybody is invited to come and bring a basket.

Fire destroyed the dwelling of A. A. Cook, son of Val Cook, who lives on the Wilkesboro road about seven miles from Salisbury, in Franklin township, Friday evening. Mr. Cook was away from home at the time and Mrs. Cook and the children succeeded in saving very little of the household goods. Mr. Cook carried no insurance and the loss falls quite heavily upon him. A subscription was started by kind neighbors for his relief and several hundred dollars were raised.

The Rowan Mutual Fire Insurance Company met in the Court House Monday, August 8th, with a large number of the membership present. The meeting was called to order by the president, Dr. C. M. Poole, and prayer was offered by Rev. J. M. L. Lyerly. The president's and secretary's reports were read, referred to proper committees and approved.

The election of officers was then taken up and resulted in the selection of the following gentlemen: President, Dr. C. M. Poole; Vice president, S. A. Earhardt; Secretary-Treasurer, A. W. Wine-coff, and a director for each township to wit:

Salisbury township, T. D. Brown; Atwell township, W. E. Deal; Morgan township, C. A. Campbell; Providence township, John H. Frick; Gold Hill township, D. M. Barger; Franklin township, W. B. The amount of new insurance written during the past year amounted to \$122,688, making the total amount of insurance carried by members of this company \$1,128,618.00.

The amount of losses paid by the company during the year was as follows: Fire by lightning, \$488.90; by storm, \$32.66 and by fire other than lightning \$8,181.50; making a total of \$8,698.06.

The total amount of collections for the year was \$4,480.88; paid out for all causes, \$4,277.27, leaving a balance in the hands of the treasurer of \$1,153.56.

The company has about 1200 members enrolled and the rate on the \$1 is only 15 cents per assessment, which is so very low that every farmer should see that his property is insured. There has been only three assessments since last August, but more than is usual, there seldom being more than two per year, sometimes none.

Collapse of Derricks Delays Work on the Government Building.

Just a few minutes before noon Saturday the big derrick just erect on the front of the government building, now in course of construction two doors below THE WATCHMAN office, fell and did considerable damage. According to the best information obtainable the cause and results are about as follows: There were two derricks on the building, the larger one having just been erected to hoist the large blocks, weighing four or five tons. One of the blocks had been placed across the columns successfully and as the second one was nearing its position, it seems, the boom of the old derrick was swung around and struck the guy-rope fastened to a tree in the rear of the building and across North Church street causing it to break. This threw the strain on the other ropes which were neither in the right position nor strong enough to hold the great weight. The upright portion of the big derrick wavered and fell to the ground carrying the scaffolding as it went, disfiguring and breaking numerous large, handsome and valuable stones which were laying about awaiting their turn to be placed in the walls of the building.

The roar and crash were terrific and it is wonderful that some one was not injured, for the workmen were on and about the building and numerous onlookers were standing in reach of the falling

WILL SUE THE CITY.

Aldermen in Regular Session Pass on Several Matters of Interest.

The city aldermen met in regular session Thursday night and transacted and discussed the following subjects:

Mayor Smoot reported that he had met with the board of county commissioners in regard to macadamizing the remainder of West Innes street. The commissioners, he stated, agreed to give \$500 to purchase the rock. The city agreed to do part of the work and the street car company part. The report was not acted upon, but it is thought the city will accept the proposition.

City Attorney Burton Craig stated that the ordinance to levy, assess, and collect taxes for the city of Salisbury, North Carolina with special license provision had been printed in pamphlet form according to the instruction of the board and was now ready for distribution to the citizens. He asked that the printer be paid for the work. Carried.

City Physician Chas. Woodson, filed, through Clerk Lynn, his mortuary report for the first six months of the year, from January 1st to July 1st.

Clerk Stahl Linn was ordered to have the street car company immediately give the \$500 bond on account of tearing up the street for the switch being put in at the intersection of Main and Council streets.

The wife of R. H. Pender, who was unfortunately killed during the fire of the Empire store, while riding on a fire wagon, has entered suit for damages against the town. Lewis Swink, Esq., of Winston Salem is Mrs. Pender's attorney. The amount of damage asked has not been learned. Mrs. Pender will claim that her husband was acting in the capacity of a city fireman, having been called into service by some one in authority. The aldermen will secure rebuttal testimony.

As a matter of assistance the aldermen requested the State Firemen's Association to give Mrs. Pender a donation on account of the death of her husband. The matter was brought to the attention of President McNeill and she was allowed \$800. She has already received the money.

The question of the dog tax was discussed at length, resulting in the passing of a resolution declaring that a dog tax ordinance as it stands on the city statute books shall be enforced, and the police-men will be ordered to carry out the law. The following is the ordinance: "Dogs. Every person who fails or refuses to list his, her or its dog or dogs for taxation with the city tax collector shall be subject to a penalty of \$5. It shall be the duty of each person to list his her or its dogs, with the city tax and to secure a tag from said tax collector. Every dog found on the streets after the first day of August without a collar and a tag shall be declared a nuisance, and is hereby declared a nuisance and ordered killed. Upon every dog there is hereby levied a tax of \$2."

stones and timbers. The mast of the big derrick, about 20 inches in diameter and had a heavy piece of timber and one of iron bolted to it, was broken in the fall. The damage will run up into the thousands and the delay in construction will probably run into months.

A. Lee Lazenby has charge of the work and has had the force busy the last few days cleaning up the debris and preparing for the replacement of the derricks.
