Two Little Girls Killed by Train.

Thomasville, Aug. 14.—This morning about 8:30, Vada Cook and Hazel Myers, two little girls between 8 and 10 years old, were killed about five miles north of this place by northbound passenger train No. 44. The two girls accompanied by their mother had gotten off train No. 11 from High Point at Lake and were coming up the railroad track to a Mr. Freedles, a relative of theirs, who lives a mile north of Lake. As they were coming up the track they met a freight train going south and getting out of the way of the freight train got in the way of train 44 going north. The two little girls were struck in the back of the head and their skulls were crushed, killing them instantly, the mother barely escaping death by being only a little further away from the track. The remains of the two children were carried to High Point on 22 for burial. The inquest will be continued on account of the lack of witnesses until Wednesday morning. Coroner Dr. J. W. Peacock started the inquest at the scene this morning.—Charlotte Observer.

EXHIBIT CITY BURNS.

Belgian's World's Fair Buildings Destroyed by Flames. Loss \$100,000,000.

Brussels, Aug. 14.—The White City of the "world's fair," as the Belgians have called their 1910 exposition, is tonight a mass of flames and smoldering ruins. The loss is estimated at \$100,000,000.

A spark falling into inflammable material in the telegraph building burst up in flames, which driven by a high wind, swept rapidly in all directions. Soon the Belgian, English and French sections were destroyed. The firemen and detachments of soldiers called quickly to the scene, found themselves baffled by the veritable gale, which carried the burning embers to all parts of the grounds.

At the time of the outbreak not less than 100,000 persons were circulating in the grounds and the Kermesse Troops were ordered out to aid the police in clearing the grounds. This was accomplished in fair order except within the limits of the Kermesse, where the vast crowds became entangled in an almost inextricable mass, fighting desperately to escape from the flames.

As the flames reached the menagerie it was decided to shoot the beasts but the heat drove back the soldiers and the animals were left to their fate.

The fire was finally gotten under control. The Belgian and English sections are in ruins, while all the other sections, including the American were partly destroyed.

Bands of thieves engaged in pillage and a soldier was stabbed while attempting to arrest three men whom he found rifling a jewelry exhibit.

Droup.

People with children should keep a bottle of Dr. Bell's Pine-Tar-Honey on hand at all times. Croup is worse at night when it is sometimes hard to get a physician. Look for the bell on the bottle.

We sell only solid leather shoes, and we make good on every pair where there are any defects in material or workmanship. We handle the celebrated **Hamilton Brown Shoes** and that name on a pair of shoes is a sufficient guarantee of an all leather shoe. The Rock of Gibraltar shoe has the Bessimere sole with the green colored bottom—one sole of this leather is supposed to wear as long as three ordinary soles—ask to see it.

We also have the **Hardware Shoes** for women that are waterproof, and we believe that if well taken care of they will wear 12 to 18 months.

We also have a good line of Pine Knot shoes for women and children—shoes that will wear all winter. Big line of household shoes for men women and children.
