

# THE CAROLINA WATCHMAN.

WM. H. STEWART, Ed. and Prop

Published every Tuesday at 120 West Innes street.

Entered as second-class matter Jan. 19th, 1905, at the post office at Salisbury, N. C., under the act of Congress of March 3rd, 1879.

Telephone No. 458.

SALISBURY, N. C. JAN. 25TH, 1911

A bill has been presented to the legislature for the purpose of erecting a state building at a cost of one million dollars. There are several good reasons why this bill should be defeated, as follows: It is not needed, the State has not the funds with which to build it; to issue bonds to build it would cost, 5 per cent. bonds running forty years, over \$3,000,000, the most extravagant and unjustifiable thing that a Democratic legislature could attempt; and lastly, no new State buildings should be erected in Raleigh, that place being too far from the centre of the State to be long retained as the capital city. The capital of the State should be located as near the centre of the State as possible, regardless of any town or no town. All the land needed could be purchased at small figures and enough could be had for all time. Every member of the legislature west of Raleigh should awake to the interests of his constituents in this matter.

Lots of young people are settling off here on account of the granite industry that gives them employment, all the year round, at three dollars per day, more or less.

The block makers are spreading out all over this section making paving blocks. That scatters money in the country. VENUS.

## DUNN'S MOUNTAIN.

Jan. 23.—Another cold snap has struck us and we are about "fritz." We will be glad to see the beautiful spring again.

C. L. Keeler and family had a very narrow escape from serious injury Sunday last while on their way to Union E. L. Church to attend preaching, their horse shied at a pile of rock, caught a pine tree, and broke the shafts off, throwing Mr. Keeler out on his head and dragging him quite a distance. Fortunately he escaped with only a few bruises.

There will be no preaching at Union E. L. Church Sunday the 29th inst., as the pastor will be away.

H. A. L. Klutz's new residence is nearing completion. He will have a nice cottage when complete. Boyden Isehour, of Granite Quarry is doing the work.

There is some talk of making a metallic circuit of the new "phone line. In case this is done there will probably be some more 'phones put in.

If there was a farm column, or a question and answer corner to our paper, THE WATCHMAN, we would ask a question. However, we will ask it any way, possibly some one can answer it for us. Is it against the law to use salt on land as a fertilizer, either alone or in compost? If not, how much per acre, either way, can be used with safety?

Yours truly and another party had occasion to travel along the road west of Dunn's Mountain several evenings ago. We looked towards Salisbury and up above all the lights of the city we saw a large red light. It looked to be a couple of hundred feet up in the air and moved towards Spencer. Was it an air ship, or what? This was about 7:45 p. m., Wednesday, January 4. Possibly it was Bro. Stewart making his initial trip in a biplane. Come across and explain. Were there any posts to lean against?

[And Bartlette has come back. Good! Just what the good brother saw we have no way of telling, in fact we do not feel called upon to try explain what he sees at night, unless it be something to lean against. Men see red lights, stars, etc., from different causes, sometimes real and some times imaginary. The editor has not been taking many trips of late, but should he take one soon, it will most likely be by plain, as he is not accustomed, as yet, to interplanetary travel. However, as we go about we will endeavor to locate a few telegraph posts and such like for the good brother to lean against should he feel the need of such assistance.—Ed.]

Mr. J. M. Cauble has a severe attack of the la-grippe Dr. Peeler was called Sunday. She has been unwell for some time. We trust nothing serious will come of this attack.

O. O. Oddis is hauling wood to the future chain gang camp, near the mountain. We trust the wood, etc., will not be rotten before it is used. Judging the future by the past, we are afraid the wood may be in bad shape when we get our road fixed up as it should be. We do not mean to say anything against the wood, but when did you say it would be used Mr. BARTLETTE.

Builds up waste tissues, promotes appetite, improves digestion, induces refreshing sleep, put your stomach in shape to digest your food. That's what Hollister's Rocky Mountain Tea will do. Just what you need every day. Cornelison & Cook.

Killed on Street Car Track. Cicero Wyatt, of Providence Township, a farmer about 50 years of age, was run over by a street car Saturday night about 9:30 o'clock, and was so badly injured that he died at the Whitehead-Stokes sanatorium about half past twelve the same night. A son of Mr. Wyatt was on the car at the time of the accident. He missed his father and was on his way to Spencer to find him. It is not known why he was on the car track. The body was taken in charge by Undertaker Summerset, and prepared for burial. P. L. Wyatt, of Charlotte, a brother of deceased came and took charge of the remains and it was conveyed to his home in the country, near Trading Ford. The funeral took place Monday afternoon from Trading Ford Baptist church and was conducted by Rev. Carriok.

### Mock Morgan Gets Three Years.

Mock Morgan who was charged with the embezzlement of \$10,000 or \$15,000 from fertilizer companies, had a trial at Albemarle, which ended last Saturday afternoon. Messrs R. Lee Wright, R. L. Smith, George Reynolds and A. B. Honeycutt appeared for the defendant and J. R. Price, Louis H. Swink and Solicitor Hammer for the prosecution. Morgan, it is stated, is in very poor health and he alleges that he purchased the fertilizer from different companies and was not acting as agent for them. He claims to have lost part of the money and could not meet his bills. The judge found him guilty and the judge sentenced him to three years in the penitentiary. He gave notice of appeal and if this is not granted he was given a light job on account of his weak state of health.

## VOTING HAS BEGUN.

Small Start Makes big Ending, We Hope. Now is the Time to get Busy.

Although there is no great long list at the beginning in this contest, we are of the opinion that it will be one of the most interesting ones that we have ever conducted. They are not all in yet by a good many, but those below who have consented to be candidates for our splendid prize, are wide awake, capable and determined folk, hence, as stated above, we expect to see something doing far beyond the ordinary. Some of these have been anxious to get into the fray and it has only been by persuasion that they were willing to wait for the word to get busy. Some are old time racers and know how to turn the trick, but the others are just as slick and are not going to be caught napping. Every man in the list below is out to win and if he fails it will not be because he did not make a real strong effort. They are all good fellows and we wish there were buggies enough to go to all of them, but this is impossible, so we will have to be content with giving the prize to the one getting the largest number of votes.

Buggies not one cent better than the one we shall give to the winner of this contest, are being sold for \$110 and \$125. It will be a substantial vehicle in every particular, with a removable top and the best kind of solid rubber tires. The very kind of a vehicle the most progressive and prosperous people in the county would buy or use. Should the winner buy that he does not want it, he will have no trouble in disposing of it at the price named above, consequently it might be considered just so much actual cash in hand to the winner. No man is beyond working for money, they all do it, and no man who needs a good buggy should let a little false pride keep him from getting out and working for such an excellent prize as this.

Every man on the list below is fully worthy to succeed and will greatly appreciate any assistance rendered, so, if you have a favor to do in the race, give him a helping hand. It is a splendid way to show your friendship and do a good turn to a brother who is making a worthy effort to help himself. If you can't do anything more, come to THE WATCHMAN office, or send the money for a year's subscription and give your favorite your votes. This would help all concerned, the contestant, the editor and the subscriber. The latter would not only get his money's worth, but would have the satisfaction of having done something to assist a friend.

Any one who wishes to join is invited to do so. Fill out the nominating coupon and bring, or send it in, get a receipt book and get busy. Any further information desired may be had by inquiring at THE WATCHMAN office in person or by letter.

Following is a list of the contestants and the votes as it stands upon going to press today:

- Clarence Morgan, No. 1, Gold Hill, N. C., 5,250
