

THE CAROLINA WATCHMAN.

WM. H. STEWART, Ed. and Prop.

Published every Tuesday at 130 West Innes street.

Entered as second-class matter Jan. 15th, 1906, at the post office at Salisbury, N. C., under the act of Congress of March 3rd, 1879.

Telephone No. 458.

SALISBURY, N. C. FEB. 1st, 1911.

Ex-representative Walter Murphy is in Raleigh nursing the legislature, presumably in behalf of the whiskey interests.

Knock, knock, knock, whenever you please, wherever you please and as much as you please. Things need knocking as much as they do boosting. A fellow that can't knock is like a sick kitten, he has lost his intelligence and independence. Fools and weaklings gallop in gangs and are more apt to go wrong than right.

Woman might not look better, but she certainly would be better if she would pay more attention to keeping her disposition than her hat on straight.—Salisbury Post.

There is something wrong with our bachelor neighbors. Such remarks as these are not customary among those who hope to succeed, or have succeeded, on the matrimonial sea. Cheer up brethren, we recently noticed the marriage of a couple at 72.

Money loaned at 5 per cent, doubles itself every twenty years. If the legislature passes a bill to erect a State building at a cost of \$1,000,000, issuing 5 per cent, forty-year bonds to pay for it, the final cost will run up over three millions or more, if all the bonds are paid off promptly. Beside the principal and interest on such a scheme the percentage paid sheriffs for the collecting will likely add another million. It seems to us the wise thing to do, if the thing must be done, would be to levy taxes and first create a fund for such a building, decide upon a central location for the capital and then build.

In Friday's Record we made mention of the death of Miss Nannie Holshouser, who lived with her mother, Mrs. Basinger, near Rock Grove. The young ladies' name was not Holshouser, but Erry. We stated that she had probably died from neglect, that is she was afflicted with typhoid-pneumonia and no regular physician was called in, a faith-healer, or so-called osteopath, having charge of the case, and we understand is practicing regularly in that community without license. We expressed our unbelief in an osteopath's ability to cure pneumonia or typhoid and that those who called in such a doctor was taking their life in their own hands. Most any regular physician could have cured this child and we now believe that her death was more than neglect, but criminal. Somebody's criminal negligence, or that faith-healer's pretensions, is responsible for that death and the proper authority should investigate the matters with the hope at least of preventing its repetition.

Wife Got Tip Top Advice.

"My wife wanted me to take our boy to the doctor to cure an ugly boil," writes D. Frankel, of Stroud, Okla. "I said 'put Bucklen's Arnica Sale on it.' She did so, and it cured the boil in a short time." Quickest healer of Burns, Scalds, Cuts, Corns, Bruises, Sprains, Swellings. Best Pile cure on earth. Try it. Only 25c at all druggists.

Young Man Killed at Near Bear Joint in Cabarrus County.

Sidney Barrier, who has some relatives in the city, but was living in Rimertown, Cabarrus County, was shot and almost instantly killed at the near bear saloon of H. A. Goodman, about three miles from Concord last Saturday night, the shooting occurred about midnight. He had gone to the saloon early in the evening and the proprietor asked him to help serve the customer, which he did, until the crowd dispersed and only a few who remained. He and a young man named John Saffrit were carrying on a rather heated argument relative to the proposed railroad through that section when Goodman told the young men if they wanted to fight it out they would have to go outside to do so. Barrier immediately started out, but

GOLD HILL.

Gold Hill, Jan. 30.—The health of this community is all O. K.

The farmers are plowing their land for corn during this nice weather.

One of our good writers asks if it is against the law to use salt on land. Does your land need salt? Or is it lime that it needs? I have no idea that your land needs salt. I am not so sure that salt contains any plant food. The composition of salt is Na. Cl. Does your land need any of these ingredients? Salt will injure a corn crop instead of helping it. Early in the spring when corn wants the soil warm and dry, salt keeps it cool and wet. Some times the seed will rot and if the corn comes up it will turn yellow and look like it was perishing. As to the law I don't know anything about it, but I would advise you not to use any salt. You had better use lime. I have lived on the farm for twenty years and have learned something about farming. Our best farmers do not use salt as a fertilizer.

Clarence Morgan visited A. F. Klutz Friday night. I reckon some one is trying to catch a panther up on Panther Creek.

J. T. Klutz killed a large sap sucker on Reedy branch some time ago.

Sonnie and Luther Bame visited A. F. Brady Sunday.

Collie Klutz was out last Sunday evening on a long visit and it got dark before he got home. He had to borrow a lantern so he could see to get home.

W. J. T. Brady has recently purchased a new talking machine. Jacob Ribelin is sawing with his new mill.

George Hoffman is going ahead sawing on the Brady place near Ridge Road.

St. Matthews E. L. Church is going to build a new spire to the church.

Saffrit paid no attention and remained seated. Just as Barrier stepped outside a shot was fired and Barrier fell against a buggy which was standing there. George Motley and Jim Plots were hitching their mule to the buggy and had left the saloon to go home it is thought. Young Barrier was shot in the left breast and the bullet was found in the right lung by the physician when he examined the wound. Pott and Motley were arrested on suspicion, and lodged in jail to await the preliminary trial which was held Monday. Young Barrier was about 20 years of age and was married last June to Miss Maymie, a daughter of Amos Pennington of No. 6 Township. He was the son of Mrs. W. D. Barrier, of Rimertown, and a nephew of the late F. V. Barrier of Salisbury.

Cured Splint

"I have used Sloan's Liniment on a fine mare for splint and cured her. This makes the third horse I've cured. Have recommended it to my neighbors for thrush and they say it is fine. I find it the best Liniment I ever used. I keep on hand your Sure Colic Cure for myself and neighbors, and I can certainly recommend it for Colic."—S. E. SMITH, McDonough, Ga.

Cured Thrush. Mr. R. W. PARKER, of Bristol, Ind., R. No. 2, writes:—I have used lots of your Liniment for horses and myself. It is the best Liniment in the world. I cured one of my horses of thrush. Her feet were rotting; the frogs came out; she laid down most of the time. I thought she would die, but I used the Liniment as directed and she never lies down in the daytime now.

SLOAN'S LINIMENT

should be in every stable and applied at the first sign of lameness. You don't need to rub, it penetrates.

Will kill a spavin, curb or splint, reduce wind puffs and swollen joints, and is a sure and speedy remedy for fistula, sweency, founder and thrush.

Price, 50c. and \$1.00 Sloan's book on horses, cattle, sheep and poultry sent free. Address Dr. Earl S. Sloan, Boston, Mass., U. S. A.

Woman's Danger Periods Made Safe

By Lydia E. Pinkham's Vegetable Compound

The Change of Life is the most critical period of a woman's existence, and neglect of health at this time invites disease.

Women everywhere should remember that there is no other remedy known to medicine that will so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs. Here is proof:

Natick, Mass.—"I cannot express what I went through during the Change of Life before I tried Lydia E. Pinkham's Vegetable Compound. I was in such a nervous condition I could not keep still. My limbs were cold. I had creepy sensations and could not sleep nights. I was finally told by two physicians that I had a tumor.

"I read one day of the wonderful cures made by Lydia E. Pinkham's Vegetable Compound and decided to try it, and it has made me a well woman. My neighbors and friends declare it has worked a miracle for me. Lydia E. Pinkham's Vegetable Compound is worth its weight in gold for women during this period of life. If it will help others you may publish this letter."—Mrs. Nathan B. Greaton, 51 No. Main St., Natick, Mass.

ANOTHER SIMILAR CASE.

Cornwallville, N. Y.—"I have been taking Lydia E. Pinkham's Vegetable Compound for some time for Change of Life, nervousness, and a fibroid growth. Two doctors advised me to go to the hospital, but one day while I was away visiting, I met a woman who told me to take Lydia E. Pinkham's Vegetable Compound. I did so and I know it helped me wonderfully. I am very thankful that I was told to try Lydia E. Pinkham's Vegetable Compound."—Mrs. Wm. Boughton, Cornwallville, N. Y., Greene Co.

The makers of Lydia E. Pinkham's Vegetable Compound have thousands of such letters as those above—they tell the truth, else they could not have been obtained for love or money. This medicine is no stranger—it has stood the test for years.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She will gladly send you a booklet on health free of charge. Address Mrs. Pinkham, Lynn, Mass.

CHRISTIanna.

Christiana, Jan. 30.—The health of this community is not very good at this writing.

Luther Brown is confined to his bed with typhoid fever. His many friends wish him an early recovery.

Sam Huffman's baby, who has been sick for some time, is improving fast we are glad to say.

There was preaching at Christiana, January 29th, by our pastor, Rev. J. A. Linn, and a joint council meeting by the churches.

J. R. Brown, of China Grove, was visiting his parents last week.

Mrs. L. H. Brown, of Washington, is spending a few days with Mr. Brown's father.

Miss Carrie Cauble has been on the sick list for the past week but is better now we are glad to note.

Mrs. M. M. Brown and children are spending a few days with her parents.

Marion Brown, who had his arm broken, is improving nicely we are glad to say.

Miss Sue Klutz, of Granite Quarry, spent Friday and Saturday with Misses Pearl and Virginia Johnson.

Miss Nancy Keeler spent Saturday night with Miss Carrie Cauble.

There will be an exhibition at Rwan Academy March 11th and probably an entertainment that night.

FOR OXEN
FOR COWS

BOVETA

BOVETA for lumber camps is the best ox feed obtainable. It comes in sacks, is easily handled and means whole consumption without waste. The meal won't separate. Cattle can't lick it out and leave the hulls oily slobbered over—they eat it all from corner to corner, licking the trough clean. Boveta is scientifically proportioned and balanced—machine mixed and sacked; containing a very high percentage of protein (the fuel of labor) and is a fine milk maker for cows. For those wanting a less expensive brand we recommend our machine mixed running 18% protein, and correspondingly cheaper. Full information, prices and BULLETIN ON "CATTLE FEEDING" sent for a postal.
