SENTENCE OF SEVEN YEARS.

Last Chapter in Osey Snead Case, Mrs. Martin Gets Seven Years in Prison.

Newark, N. J., Jan. 28.—Seven years in State's prison was the sentence imposed upon Mrs. Carolina B. Martin for the part she played in the death of Osey Snead her daughter, by Judge Ten Eyck in the court of oyer and terminer today.

The body of Osey Snead was found in a half-filled bath tub in a partly furnished house in East Orange, N. J., November 29, 1900. The indictment of Mrs. Martin, the victim's mother, Mrs. Virginia A. Wardlaw and Mrs. Mary W. Snead, Osey's aunt and mother-in-law, for murder followed.

Twice she collapsed, and at one time a recess of ten minutes had to be declared as it was found necessary to carry the woman from the court room to revive her. When the sentence was pronounced Mrs. Martin became greatly excited.

The attendants carried Mrs. Martin out of the room in a chair in which she was sitting.

People easily constipated dread the winter. Nothing but hard coarse meals. No fruits, no vegetables to keep the stomach active.

His Charity Knew No Social Boundaries.

When Wendell Phillips was in Boston, it was his custom to go about in the mornings unostentatiously from court to court and from prison to prison looking for unfortunate persons, first offenders and those that had plainly erred from necessity, with purpose to help and rescue them.

As a general rule, in this world of ours, the men that have been the great and enduring artists have been also lovers of liberty, and the lovers of liberty have been also of a full heart of compassion.

Going home across Boston Common one night Mr. Phillips was accosted by a courtesan. She looked in his face and then apologized for speaking to him.

What greater gift or blessing could one give than health and happiness. To your unhealthy friends give Hollister's Rocky Mountain Tea, nature's greatest remedy. Drives out disease, brings back health and happiness.

The Origin of Royster Fertilizers.

Mr. Royster believed that success awaited the Manufacturer of Fertilizers who would place quality above other considerations. This was Mr. Royster's idea Twenty-seven years ago and this is his idea to-day; the result has been that it requires Eight Factories to supply the demand for Royster Fertilizers.

YOUNG MAN KILLED BY TRAIN.

Did Not Become Aware of His Danger, or the Engineer Did not Attempt to Stop in Time to Prevent Accident.

Rocky Mount, Jan. 27.—Council Jackson was on yesterday afternoon brought to the Atlantic Coast Line relief hospital at South Rocky Mount in a most serious condition, having been struck by northbound passenger train No. 80 yesterday afternoon at a point between Benson and Four Oaks.

From what could be learned, the young man is 28 years old and has been living in Dunn. His remains were shipped to Dunn last night, as he was sufficiently conscious before his death to make known his identity and to furnish the hospital authorities with the names of relatives.—Charlotte Observer.
