The Gem City.

During the early days, or when the Western Railroad was built giving this section entrance to the West, Salisbury was known pretty generally as the Gate City, but for some reason her people cared little for such things and it has been long years since she has worn the title. The discarded garments sparkled in the eyes of our neighbor, Greensboro, so she drug it off and is now wearing it with apparent satisfaction, while the Charlotte Observer stands sponsor. These things being true, and as there is no special significance in Greensboro's use of the usurped title, Salisbury has decided to adorn herself with a later and more becoming crown, a real gem; so at a meeting of the executive committee of the Salisbury Industrial Club, Thursday afternoon, it was decided to call Salisbury "The Gem City," and literature bearing this in addition to the slogan, "Salisbury the place," is to be printed and spread broadcast. 25,000 folders are to be supplied Sparks' circus for distribution during its meanderings throughout the republic. Of course if a man will not come to Salisbury now it will be because he lives too far away to make the trip.

Young Women

Read what Cardui did for Miss Myria Engler, of Faribault, Minn. She says: "Let me tell you how much good Cardui has done me. As a young girl, I always had to suffer so much with all kind of pain. Sometimes, I was so weak that I could hardly stand on my feet. I got a bottle of Cardui, at the drug store, and as soon as I had taken a few doses, I began to feel better. Today, I feel as well as anyone can."

TAKE THE CARDUI Woman's Tonic

Are you a woman? Then you are subject to a large number of troubles and irregularities, peculiar to women, which, in time, often lead to more serious trouble. A tonic is needed to help you over the hard places, to relieve weakness, headache, and other unnecessary pains, the signs of weak nerves and over-work. For a tonic, take Cardui, the woman's tonic. You will never regret it, for it will certainly help you. Ask your druggist about it. He knows. He sells it.

HOT FLASHES.

Women in middle age often complain of hot flashes. They are at that stage of life when their delicate organism needs a tonic and helping-hand which only Dr. Pierce's Favorite Prescription can give them. Many women suffer needlessly from girlhood to womanhood and from motherhood to old age—with backache, dizziness or headache. A woman often becomes sleepless, nervous, "broken-down," irritable and feels tired from morning to night. When pains and aches rack the womanly system at frequent intervals, ask your neighbor about

Doctor Pierce's Favorite Prescription.

Mrs. J. INHOPE, of 221 S. Benton Street, Baltimore, Md., says: "I wrote you about nine months ago, telling you of my condition. I have a fine baby girl—she weighed nine pounds when born. She is my third child and the strongest of them all. My suffering was only for two hours. I took several bottles of 'Favorite Prescription' and one of Dr. Pierce's Smart-Weed. I never had a well day before I took your medicines. I was surprised how well I felt—could eat—was always hungry, and never had a sick stomach. The nurse who was with me said the medicine was wonderful. I had because I got along so nicely after having had so much trouble before. She intends to recommend it to all her suffering patients. Everybody is astonished at me because I only weighed 102 pounds before and now I weigh 135. I have had several ladies come to me and ask about Dr. Pierce's medicine. I am willing to recommend it to all who suffer and want help. If any want information I will be glad to give it."
