PUMPKIN CENTER.

September 21.—The farmers of Pumpkin Center are about through making fodder and tops.

Lamont Shaver, who has been sick with typhoid fever, is rapidly improving we are glad to note.

W O Lisk has purchased a fine horse.

Girls look out! Walter Lisk has purchased a new buggy.

Robe Glover was found dead in his house near Richfield Wednesday evening and was buried in the Piney Woods cemetery Thursday morning.

L. O. Ritchie, our rural mail carrier, made his first successful round trip on his motorcycle Tuesday.

The new church at Piney Woods is nearing completion.

A W Shaver has rented out his farm and will move to Salisbury in the near future.

We hope to report a wedding soon as Ohal Whitley goes up the road quite often. He has also rented the farm belonging to A W Shaver.

The old church property of Piney Woods will be sold to the highest bidder on the 16th day of October.

Jonah Stokes has purchased a new buggy and Bertie Shaver has purchased one also.

Luther Basinger is moving onto a farm below Piney Woods.

Neely Lisk and family of Salisbury are visiting home folks at this writing.

Some time ago I stated that the infant of Howell Parker was buried. The publisher stated that the editors and some of the people would like to know why it was buried and asked if it died or was just in the way. I did not know at the time but inquired later and learned that it did not die but was born dead. We hope the people will not think that we are so inhuman as to bury babies. BELL.

Of course no one supposed the good people of Pumpkin Center would bury a child unless it was dead, but as our correspondence often leave off such very important information, the fact that it died, cause of death, etc., that the editor took that course to call attention to the ridiculousness of the bare statement "they buried Mr. B.'s baby yesterday."

WHERE DID COLUMBUS LAND?

All the people who read know that this country has had a war with Spain, that we sent soldiers and sailors to Cuba and that our warships sank the Spanish warships on the Southern coast of Cuba near Santiago. That among these warships was Admiral Cervera's flagship, the Maria Teresa. This government desired to raise this flagship and succeeded. After she was raised she was to come north, be repaired and added to our fleet of warships. After she left Cuba she encountered a severe storm and was wrecked on Cat Island. It is claimed by some that this is the island which Columbus first sighted in October, 1492, over four hundred years ago. We do not know positively that this is so, but most of those who have studied his first voyage, the charts and all that were written by Columbus and those who were with him or who wrote immediately after about this thrilling voyage believe that Cat Island was the land first sighted by Columbus. Columbus Point at the south-east end of Cat Island is said to be the first land on which Columbus stood on this continent. He describes the natives as coming in swarms down to his boats and tells us that their affections were gained by giving them red caps, strings of beads and other trifles. After this the natives, he tells us, swam out to his vessel with all kinds of gifts. They knew nothing of swords or any fighting tool. Columbus said they cut themselves on the swords because they

did not know the edge was sharp. There are men who believe that Wathirge Island, fifty miles eastward of Cat Island, was the island on which Columbus landed. It probably never will be decided just where Columbus landed, but that it was on an island is certain. THE OLD WIDOWER.

Adenoids and Large Tonsils.

When your child is two years old and the teeth have all come in, look at its nose. Does its nose run? Is it sore? Does the child snuffle much? Does it have fever sores or eczema around its nose and mouth? Are the eyes red? Is it dull? Does it stand and look at you with its mouth open? Does it put its hand to its head as if it had earache? Does your child sleep with its mouth open? Does it snore?

If your child does any of these things it is a mouth breather. Take it to your doctor and ask him if it has adenoids or large tonsils. Mouth breathing in children is nearly always caused by adenoids. Adenoids should always be removed.

Children with adenoids often have earache. Notice if your child complains of earache, and whether a little matter does not come from his ear. Does he hear well? Don't always blame him if he is slow, perhaps he is deaf. Earache often means that the child has adenoids. Adenoids should be removed. Earache always means that the child is in danger of getting deaf. Earache always means that the child is in danger of getting a running ear. A running ear is always dangerous, for the child may get brain fever from it. A running ear should always be treated by an ear doctor. It will not get well without good care, and it may make the child deaf.—Bulletin.

Over \$100,000 Lost in Wilmington Fires

Wilmington, Sept. 27.—Fire believed to be of incendiary origin, early this morning destroyed the large fertilizer plant of Pearl & Co., in East Wilmington, entailing a loss of upwards of \$100,000 and \$41,000 insurance. The plant was situated out of reach of the Wilmington Fire Department, and assistance of the firemen was not sought. About the same hour a fire was raging in the city, just across the river from Dock Street, when the naval stores plant of the George L. Morton Company was destroyed. It is said that there was no insurance on the plant and the loss will be about \$8,000. The origin is unknown.

Falls From Window Without Injury

Winston-Salem, Sept. 27.—The six-year-old daughter of Mrs. Annie Phillips, of this city fell from the second story window of the Alaphugh building on Liberty Street about noon today, and her escape from death is regarded as miraculous by the attending physician and those who witnessed the accident. A colored man happened to be passing at the time and the child fell on his shoulder, thus breaking the fall and saving her life. No bones were broken.

Passing the Hat for the Funeral

The colored people of Lilesville township, and perhaps other sections of the county, have a commendable custom of taking up collections at funerals of members of their race to help pay the burial expenses. Money raised in this way comes in very well, as few members of the race are able to stand the expenses of protracted illness and death in their family.—Wadesboro Messenger and Intelligencer.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75¢. Take Hall's Family Pills for constipation.

Persons indebted to said estate are notified to make prompt settlement. This 23rd day of September, 1912. J. D. FARRIS, Adm'r. of Mrs. Emma L. Marks. John L. Rendleman, attorney.

It's Strange

that people of refinement and in many cases people of means are fooled into buying the cheapest kind of pianos at an unreasonably big price considering the grade of the piano, through the practice of misleading schemes. The time honored firm of

Chas. M. Stieff

has never advocated the sale of cheap pianos nor allowed unbusiness-like methods to enter their business calculated to mislead their patrons. Our motto is to sell pianos at a price that represents actual value and thereby give the public a square deal.
