These colored students come from 20 different States of the Union and from several foreign countries. Much effort is now being put forth by the heads of this institution to raise \$50,000 to build a dormitory for girls, to replace the one that was burned some few years ago. The General Education Board of New York has promised \$12,500 on the building provided the school will raise the remainder.

SALISBURY HEARS OSCAR UNDERWOOD.

He had an Overcoming Horse from Statesville, Concord, Lexington and Salisbury.

Oscar W. Underwood, Democratic leader of the House of Representatives, spoke here Monday night in the court house to the largest crowd assembled there, this year. He spoke for an hour and 20 minutes and held the attention of the audience every minute of the time.

Mr. Underwood covered the tariff question thoroughly, took up the issues of the two parties, and related the issues to the prosperity of the American people.

Mr. Underwood opened his speech by saying, "Before discussing the issues of the day, I wish to thank my many friends of Salisbury, N. C. for the great support you gave me in the primary. We did not win; but there was a candidate nominated that Democracy will win with. That man, a grand, brave and honest man, the man that will carry the Democratic party to victory, is Woodrow Wilson."

He first took up the tariff, going into the subject as easily as though he were reading from his morning paper. "From time to time there are great questions before the American people to solve. One question that is a great question that you must solve is the distribution of the burden of Federal taxation so that it will fall most lightly upon the laboring masses."

After the map is published copies will be on sale at \$2.00 each and it is expected to place one in every home in the county.

U D C'S CONVENTION.

A Very Well Attended and Delightful Occasion for Visitors and Hosts.

The annual convention of the State Daughters of the Confederacy, began in this city last night, when a reception was given to the visitors by the local Daughters at the home of Mrs. F. F. Smith on Fulton Street. The delegates have about all arrived and the very interesting program is being carried out in detail.

The sessions are being held in the Grubb Theater and are being presided over by Mrs. F. M. Williams, president, from Newton.

The program for the three day's session is as follows:
Tuesday evening at 8 o'clock, informal reception at the home of Mrs. F. F. Smith.

Wednesday: Convention called to order at Grubb Theater; prayer by State chaplain, Miss Hettie James; violin solo by Mrs. H. H. Kithin; address of welcome by Hon. John S. Henderson; response by State president, Mrs. Williams; business session; luncheon, compliments of local chapter; afternoon business session; evening reception at home of Mrs. D. F. Cannon.

Thursday: Conference of Children of the Confederacy leaders; prayer by State chaplain, Miss James; vocal solo by Mrs. F. F. Smith; business session; luncheon compliments of local chapter; afternoon business session; reception at the Old Hickory Club rooms by the Elizabeth Maxwell Steele Chapter, D. A. R.; historical evening at Grubb Theater. For this evening a special program has been arranged. There will be plenty of good music, an address on the 26th N. C. Regiment at Gettysburg by Mrs. H. A. London, the presentation of a facsimile Confederate flag by Mrs. Thad. W. Thrash, address on Gettysburg by A. H. Boyden, and the presentation of a banner to Children's chapter.

Friday: Prayer by State chaplain, Miss James; vocal solo by Mrs. Barnhardt; business session; automobile ride by Salisbury Industrial Club automobile committee; business session at night and benediction.

Meeting of the Board of Aldermen.

The Board of Aldermen held a busy session last week, several committees of citizens being before them about needed street work. Tarvis on Bank street from Falton to Ellis, work on Horah from Main to Ellis, on Bank from Main to Lee and on West Liberty from Falton to Ellis and then out Ellis to Shober's Bridge were asked for. The committees were given a hearing and were promised that work would be carried on as fast as the city was able. The county changing will be brought into the city, and will do some work that the county commissioners have decided to assist in.

The board voted against a new proposed ordinance which would require \$2,500 bond from social clubs. The ordinance was intended to be similar to the Charlotte ordinance which requires a bond of \$5,000, but it was claimed that Salisbury had not the power to enact such an ordinance, but this is not true. The board can enact any ordinance it may desire, but the aldermen are all as wet as puddle decks and are using this statement for a dodge.

The North Carolina Public Service Company has made application to the Board of Aldermen in this city for the privilege of double tracking its line through the business section of the city, from Bank street to Liberty. This improvement will save about 10 minutes in the schedule time between Chestnut Hill and points North of Liberty street. It will also do away with the present wait of cars at the Empire Hotel and do away with all stops within the limits of the double track except at street crossings.

French Market Coffee

Perfect Process of Roasting and Packing

The celebrated French Market Coffee process is quite different from the ordinary roast. It drives out a larger percentage of gums and oils, while retaining and intensifying all the aromatic and beneficial qualities of the coffee bean.

The grinding is done at exactly the right time to hold the full, delicious flavor that

has always been such a feature of French Market Coffee.

The market-men of the French Market think nothing of drinking 10 to 15 cups a day of this deliciously aromatic and refreshing beverage.

Get Busy With A Baler

IF you have clover, timothy, prairie grass, or alfalfa, it will pay you to bale it. Loose hay takes barn space. You cannot sell it easily and you cannot ship it at all. It is the hay that is baled which is in demand in the high-priced city markets. This is the hay upon which you make your profits. There is money in owning an

I H C Hay Press

The horse power presses have greater capacity than any other horse press of equal size. They are lighter draft and easier on the horses. The step-over is the lowest and narrowest made. They have an adjustable bale tension, which insures compact bales. They are equipped with a roller tucker to turn in all staggling ends, thus making each bale neat in appearance.

I H C motor presses consist of a bale chamber and an I H C engine mounted on substantial trucks. The bale chamber of the motor press corresponds in size to the bale chamber of the horse press—14x18 inches, 16x18 inches, and 17x22 inches. No time is lost in setting up the machine. It can be moved easily from place to place, backed to the stack or barn, and started to work at once. The engine does not need a man to watch it and there is no danger from sparks. You can operate a small thresher or corn shredder, saw wood, shell corn, grind feed, pump water, generate electricity, or run a cream separator. Drop in and see an I H C local dealer in your town, or write for a catalogue.
