

TRUE AMERICAN SPIRIT.

Must be Assorted to Preserve Institutions Says Judge Boyd.

Ashville, Nov. 8.—The November term of the United States District Court opened here yesterday morning, with Judge James E. Best presiding. The court has been adjourned over from Monday to give the jurors and witnesses a chance to cast their ballots.

The forenoon and most of the afternoon was consumed in selecting a grand jury and the delivery of the charge to the grand jury by Judge Boyd. Judge Boyd's charge was one of the most comprehensive ever heard in this city, and particular attention to the naturalization of undesirable foreigners as United States citizens, in addition to touching on the violation of the revenue laws, white slavery laws and other Federal statutes.

Judge Boyd called the attention of the jurors to the recent naturalization act passed by Congress, which is exceedingly stringent in its provisions, and was enacted to prevent the naturalization of foreigners who might be undesirable citizens. He said that the perpetuation of our institutions would be secured by the assertion of true American spirit on the part of the citizens, and that there is nothing hereditary in this Government, save the great principles of freedom which have been handed down by the wise men who created the union and formulated our organic laws. He said further that this system, every detail of which breathes a spirit of liberty is a boon that should be handed down to those who are to come after in its present purity.

Several minor cases were tried during the day, but no judgments rendered.

No Ain't No Bird.

Fayetteville, Nov. 8.—James W. Smith of Bladen County, who on October 28 was carried in the air by a balloon from the Cumberland Fair grounds, has entered suit in Bladen Superior Court against the Cumberland County Agricultural Association for placing his life in jeopardy through the involuntary flight. Smith escaped unhurt after riding a mile through the air. He later insured his life through a Fayetteville insurance agency, a doctor examining him and pronouncing him good risk. Smith has employed John G. Shaw, John A. McLean, Jr., P. McD. Robinson, T. A. Lyon and A. S. Hall of Fayetteville as attorneys.

Senator Simmons Grateful Bears No Resentment.

Senator Simmons has issued the following statement:

"Profoundly grateful to the people of North Carolina for the great honor done me, and for this unparalleled expression of their confidence in me, and especially with a heart full of gratitude to those earnest and faithful friends whose active and steadfast support has brought me this glorious victory. I beg to make this public acknowledgement and slight expression of my sincere thanks for the generous aid given me by friends in every county and town and precinct in the State.

"And in this hour of rejoicing with my friends, I wish to say that in my heart there is no resentment toward those of my fellow citizens who preferred for any reason to give their support to either of my opponents.

"Forgetting past differences, let us all stand together in a zealous support of the incoming Democratic administration, for a united and harmonious party, and for the best advantage of the people of North Carolina."

Porto Rico's New Wonder.

From far away Porto Rico come reports of a wonderful new discovery that is believed will vastly benefit the people. Ramon T. Marchan, of Barceloneta, writes Dr. King's New Discovery is doing splendid work here. It cured me about five times of terrible coughs and colds, also my brother of a severe cold in his chest and more than 20 others, who used it on my advice. We hope this great medicine will yet be sold in every drug store in Porto Rico." For throat and lung troubles it has no equal. A trial will convince you of its merit, 50c and \$1.00. Trial bottle free. Guaranteed by All Druggists.

Feeding Babies

Does it pay to feed babies on the breast or bottle? Here are some interesting figures. During the siege of Paris in 1870-71 the city milk supply failed and all mothers were compelled to nurse their babies. The death rate among babies fell from 880 to 170 per 1000 births. In England during the Lancashire cotton famine mothers remained at home and nursed their babies, and there resulted an even greater saving of infant life. Whenever mothers nurse their babies it is found that the breast fed baby has six chances of living where the bottle fed baby has one.

GRANITE INDUSTRY IMPORTANT.

More Than \$21,000,000 Derived from Quarrying this Stone in 1911.

The granite produced in the United States in 1911 had a value of \$21,891,878, and increase of \$849,911 over the value for 1910. Fourteen States, according to the United States Geological Survey, produced granite valued at more than \$500,000, in the following order: Vermont, Massachusetts, Maine, California, Wisconsin, Washington, New Hampshire, Rhode Island, Georgia, Maryland, Minnesota, North Carolina, Oregon, and Connecticut. Of these States the first seven produced granite valued at more than \$1,000,000, and six of the fourteen, Vermont, Massachusetts, California, Washington, Rhode Island, and Connecticut, showed an increase in value of output.

There was an increase of 1,029,704 paving blocks in 1911 over the output of 1910, when the production was 57,089,899, and an increase of \$86,069, in value over the value of the 1910 output, which was \$2,828,772. A large proportion of the output of Wisconsin, the largest producer of these blocks, goes to Chicago, the blocks for New York and other large eastern cities are supplied by Massachusetts, Maine, New York, North Carolina, New Hampshire, New Jersey, Georgia, and other granite-producing States near the Atlantic seaboard; and the demand on the Pacific coast is met by the local quarries.

Food Value of Milk Greater Than Meats and Vegetables

At a pure food show in New York last week the New York Milk Committee had an exhibit, which included a chart stating that one quart of creamy milk, costing bottled 9 cents, is equal in food fuel value to any one of the following: Three pounds fresh coffee, 54 cents; three quarters of a pound of round steak, 22 cents; three pounds salt cod, 40 cents; eight eggs, 40 cents; two pounds chicken, 68 cents; one and one-half pounds ham, 45 cents; one quart oysters, 80 cents; four pounds of cabbage, 10 cents; four pounds of beets, 10 cents; seven pounds spinach, 86 cents.

According to the milk committee a lunch of bread and milk weighing 16 ounces and costing 6 cents, contains 1,080 food fuel units of energy as against 865 units of energy in a lunch consisting of soup, beef, potatoes, turnips, bread and butter, coffee, milk and sugar, costing 25 cents.

Mexican Rebels Become Desperate

Mexico City, Nov. 10.—Gen. Geronimo Trevino recently retired at his own request from the army is suggested as provisional President of Mexico, in a new revolutionary manifesto which has just reached the capital. The document is signed by Gaudencio de La Llave, colonel of regulars, who lately joined the insurrection, Benjamin Rodriguez and F. B. Pradillo, the latter with Orozco's army until he incurred Orozco's displeasure by taking Emilio Vasquez Gomez from San Antonio at Juarez.

The manifesto is dated Puebla, the day after the capture of Gen. Felix Diaz. The newspapers of Mexico City have refrained from mentioning the manifesto and it is not believed General Trevino is interested.

Another revolutionary document obtained by the police from Zapatista prisoners was made public today. It appears to reveal the intention of the Zapata brothers and the leading insurrectionary chiefs, whose names are signed, to imitate the French revolution. Promises are made to the insurgent army, to which the document is addressed, that a guillotine will be erected in the capital and that the heads of many of the rich will fall. It also promises that "others will end their days in the Mexican bastille."

Jan James Bryce Resigns His Post

Washington, Nov. 10.—James Bryce, the British Ambassador to the United States, has tendered his resignation and will return to England. There has been no official announcement of the resignation and the embassy will make no statement but it was learned tonight on high authority that Mr. Bryce informed President Taft of his action at the White House yesterday.

It is understood that the Ambassador submitted to the President the name of the British Government's choice for his successor and at the same time stated his intention of returning home as soon as possible. President Taft, it is stated, requested that the announcement be withheld until he could have an opportunity to discuss it with Secretary of State Knox. Mr. Knox returned home to the city tonight and it is expected that an official announcement tomorrow will follow his conference with the President.

Elagged Train With Shirt.

Tearing his shirt from his back an Ohio man flagged a train and saved it from a wreck, but H. T. Alston, Raleigh, N. C., once prevented a wreck with Electric Bitters. "I was in a terrible plight when I began to use them," he writes, "my stomach, head, back and kidneys were all badly affected and my liver was in bad condition, but four bottles of Electric Bitters made me feel like a new man." A trial will convince you of their matchless merit for any stomach, liver or kidney trouble. Price 50c at All Druggists.

Bell System To Pension Workers

A fund of \$10,000,000 for pensions, sick benefit and life insurance will be available on January 1 for the 175,000 employees of the Bell System and associated interests, and their families and dependents, amounting altogether to more than a quarter of a million people.

This \$10,000,000 fund will be made good from year to year by annual appropriations on the part of the American Telephone and Telegraph Company and associated companies, and the Western Union Telegraph Company and the Western Electric Company.

More than 10,750 telephone employees in the South will be directly benefited by this plan.—Charlotte Observer.

Thanksgiving Day November 28th.

Washington, Nov. 7.—President Taft today issued his annual and last Thanksgiving proclamation, setting November 28th as the date for the observance of the national day of thanks. The President departed from the usual text somewhat to write a little paragraph which might refer to the recent election. Truly this should be a season of great thanksgiving and rejoicing this year.
