

Salisbury, July 16th, 1913.

Deputy Sheriff Mike Kimball, of China Grove, has been chosen by the Board of Aldermen of that place as chief of police to succeed J. H. Blackwelder. Mr. Kimball will make a wide awake officer.

A. J. Hedrick, who is managing a granite quarry at Henderson was a Salisbury visitor last week. Henderson is spending \$100,000 on her streets and the county, Vance, of which Henderson is the capital, is preparing to spend \$200,000 on her public roads.

A force of surveyors under the direction of C. M. Miller is busy surveying Third Creek in order that an estimate as to the cost of draining it can be made. It is said there are thousands of acres lying along this creek that can be brought into cultivation by proper drainage and that the owners can well afford to spend the small sum necessary for such improvement.

A new fire box has been installed. It is No. 53 and is located on a pole in front of John Young's drug store, corner of Main and Innes Streets. The other boxes are still where they were placed several months ago.

The Main Pharmacy has decided to remodel their place of business and F. F. Smith, president of the company, has let several contracts for the various work to be done. This place will soon present a very handsome appearance. See advertisement in THE WATCHMAN.

V. Wallace & Sons have an advertisement in this paper. They are absolutely reliable and will give you as much for your money as can be gotten anywhere. It is better to trade with those who give you real values than to buy seconds and shoddy stuff from fakers.

Saturday while a threshing crew were threshing wheat on the farm of Mrs. Lala Heilig, near Lower Stone Church, a spark from the engine lit on the nearby barn and set it afire, and strange to relate it totally destroyed it, having burned so rapidly that nothing could be done to save it or the contents. The farm is rented and occupied by James Stikeleather, a hardworking farmer of that community. There was some wheat, feed stuff and numerous other articles in the building, including a wagon.

The Hookworm to Go.

At the recent meeting of the County Commissioners an appropriation was made to have examinations made for hookworm disease and the afflicted given free treatment. Dr. G. F. Leonard will be the physician in charge of this work and he will be assisted by W. C. Jenkins, who has arrived and will put in his time this week advertising the times and places for the examinations and treatment, which are as follows: Salisbury, (court house) Saturdays, July 19, 26, August 2, 9, 16, 23, 30.

Woodleaf, Tuesdays, July 22, 29, August 5, 12, 19, 26.

Rockwell, Wednesdays, July 23, 30, August 6, 13, 20, 27.

Mill Bridge, Thursdays, July 24, 31, August 7, 14, 21, 28.

China Grove, Fridays, July 25, August 1, 8, 15, 22, 29.

This is a great opportunity for those afflicted to come forward and be cured. Many a man, woman and child has been merely existing, unable to do a half day's work or get well without knowing what is the matter with them. Hookworms are easily gotten rid of and those cured of it can hardly realize the great improvement in their health and appearance within a few weeks. Let the afflicted come forward and take advantage of this free treatment.

Five Houses Destroyed by Fire.

Saturday morning there was an alarm of fire and the fire department was called to the extreme end of West Horsh, beyond the city limits. Owing to the lack of hydrants in that vicinity the hose wagon returned to the station and obtained more hose, it taking about 2000 feet to reach the flames. The wind was high and the buildings being dry timber burned rapidly, five being consumed by the flames before they could be checked. The building belonged to Negroes who saved a portion of the household furnishings and some of them carried insurance. The building were partly owned and occupied by the following: Adeline Jones, James E. Smith, Wilson Harris, Sam Black, and William Biggers. Three of the houses had been built by S. F. Lord and were being purchased on the installment plan.

Beware of Fakers.

A man who will lie will steal. A man who will misrepresent anything is a liar either by commission or omission. A man who will burn his store to get the insurance will lie, misrepresent and steal. If you trade with such people, no matter what they say, no matter how cheap they offer you goods, you will surely be robbed in some manner and to some extent. If you allow such people to rob you it is your fault. If you don't want to be robbed you had better let such folks severely alone. Honest men do not have to go about telling of their virtues. THE WATCHMAN does not accept the advertisement of known crooks no matter how large, nor what amount involved. This paper will not assist fakers to rob its readers. When you see people of this stripe making a big blow and putting on an "astounding" sale, take warning and act accordingly.

This made him sick and was so painful he could not remain still. He grew worse, having been ruptured some years ago, and though attended by Dr. C. M. Van Poole, died as stated. The funeral will be held this afternoon from the Trading Ford Baptist Church, Rev. Lee Carrick, officiating. Mr. Hunt was a native of Davis County and a brother of Elijah Hunt, postmaster at Mocksville. His wife died about two years ago. There were no children.

Mrs. Linn Asks for \$15,000 Damages.

It will be remembered that last November Edward Linn, of Landis, while working on the new cotton mill being erected at Kannapolis by the T. O. Thompson Company, was knocked in the head by a piece of timber and killed. He was on a scaffold and a chain hoist was moving a piece of timber over him when the chain broke and the timber came down and crushing his skull. His widow and administrator, Mrs. Maggie L. Linn, claims this was an act of carelessness and has entered a suit against the contractor and Cannon Manufacturing Company for \$15,000 damages. R. Lee Wright, Esq., represents Mrs. Linn.

AFTER PASSING YEARS.

Salisbury Testimony Remains Unshaken. Time is the best test of truth. Here is a Salisbury story that has stood the test of time. It is a story with a point which will come straight home to many of us.

J. W. Glover, 128 S. Long St., Salisbury, N. C., says: "I suffered severely from spells of back-ache. Often I could not get out of bed without assistance. Finally a friend advised me to try Doan's Kidney Pills and I procured a box at J. W. McPherson & Co.'s Drug Store. A few doses stopped the pain in my back and since then when I have had occasion to take them, they have always helped me. I can never say too much in praise of Doan's Kidney Pills."

CONFIRMED PROOF.

When Mr. Glover was interviewed on March 2, 1912 he added: "I gladly confirm the public statement I gave some time ago praising Doan's Kidney Pills. They cured me of kidney trouble, and the cure has been permanent."
