## METHODIST TO MEET IN SALISBURY NEXT

Two Young Preachers Licensed. One From Rowan. Delegates to Annual Conference.

The Salisbury District Conference, in session at Mt. Pleasant last week, came to a close Thursday, having been largely attended and productive of much interest. Resolutions were passed thanking Bishop McCoy for his presence as presiding officer, Rev. W. R. Ware for his work as presiding elder of the district and Rev. C. F. Sherrill and the local church for the entertainment of the conference.

The next conference will meet with South Main Street Church, Salisbury.

Reports of the work at the Childs Home at Winston-Salem showed that institution to be in fine shape. It is planned to raise \$50,000 in the Western North Carolina Conference, the district's part being \$175,000. The sympathy and support of the conference were pledged to the Ant-Slavery League.

Rev. H. M. Blair, editor of The Christian Advocate, made an address and a report on the condition of the paper. During his editorship the circulation has doubled.

Two young candidates were licensed to preach, Messrs. T. R. Brinkley of Concord and I. L. Shaver of Gold Hill. Mr. Shaver will for the present continue his studies at Rutherford College. C. E. Steadman, G. A. Stamper, J. P. Lanning, J. W. Moore and E. M. Avatt were elected as a committee to license the new ministers. Rev. H. F. Starr was recommended for local deaconal orders.

J. F. Shinn of Rowan, lay leader of the district, addressed the conference on the work of the laymen. The district is to support a foreign missionary, paying his expenses in full. Mr. Shinn was re-elected lay leader.

The following were elected delegates to the annual conference at Charlotte in November: W. R. Odell, Senator Lee S. Overman, A. N. Jones and J. F. Shinn. The conference closed with a consecration service, entered into by the majority of the congregation.

## Railroads Agree to Modified 25 Per Cent. Freight Rate Reduction.

Raleigh, July 26.—Returning to Raleigh this evening from the four-day's conference with railroad traffic managers at Old Point Comfort, the members of the Corporation Commission gave out a statement tonight to the effect that the conference has not resulted in complete agreement as to freight rate reduction as that the proposed adjustment will be presented to Governor Craig with recommendation that it be accepted, but that it did result in such concessions that the commissions will present the result to the Governor for his consideration. The commission's statement says:

"At the last conference in the office of the Governor in the commission insisted that the proportion of through rates represented by the rate from the Virginia cities should be reduced 25 per cent, and presented a basis for working out the new rates that would approach that average.

## Fayetteville Wins.

Raleigh, July 21.—Fayetteville has been selected as the place for the home of the Confederacy women by the commission appointed by Governor Craig to select a place. Durham was a bidder for the home, but the decision was unanimous in favor of Fayetteville. The winning town gave three thousand dollars and choice of three sites. It is announced that plans will be drawn and work on the building started as soon as possible. The site is not yet selected. The legislature appropriated ten thousand dollars for the establishment and five thousand a year for maintenance.

## COMPLETED TO HIGH POINT IN A MONTH

Carolina & Yadkin River Railroad to Give Fayetteville Town Its First Competing Line.

High Point, July 26.—September 1st is the time set for the final completion of the Carolina & Yadkin River Railroad, commonly known as the Coler road on account of the fact that the chief promoter of it is the W. N. Coler Company of New York. When the road is ready for regular business, there will be a big celebration in High Point and this will probably take place this week in August.

The importance of the new road can hardly be overestimated. The road from Thomasville to Denton, which was built by the late Milton Jones, was sold June 1st, 1912, to the Coler Company, and the name changed to what it is now. The length of the road was then 21 miles and it opened for development a splendid country, at the end of which was the enterprising and growing town of Denton. The new company promptly began the extension from Denton to High Point, at which place connection is made with the Southern Railway, directly with the Western and Seaboard, and an extension from Thomasville to High Point was then begun. This new High Point for the first time competing railway line and the good effects are expected to be great. Besides this, it opens a rich section of timber and producing lands. The equipment is being improved and will be made in every way first-class.

People interested in this new development in a section which needed railroad facilities but where there were not on the surface sufficient resources to justify the expense, are citing the facts that local enterprise started the development and then outside capital took hold and extended it to its present high prospects, and all without asking or begging any special aid of the State of North Carolina or of the people along the route.

Urges New Treaty With Nicaragua.

Washington, July 26.—Important modifications are to be made in the proposed treaty with Nicaragua by which the United States would establish a protectorate over the Southern Republic. It has been discovered that by the terms of the agreement originally outlined by Secretary Bryan, Nicaragua would have been prevented from ever joining with other Republics to form a single Central American Union.

This was not contemplated by the Administration when the treaty was proposed, and the suggestion has created suspicion among other Central American countries. At a conference today between Secretary Bryan and members of the Senate Foreign Relations Committee, it was agreed that the original draft of the treaty should be changed and definite statements be included in the compact, providing that it should not stand in the way of any future action Nicaragua might decide to take toward joining a Central American Commission.

In a test case brought by Sheriff S. H. Cowan, of New Hanover, Judge Roundtree decided that a sheriff is on duty all the time and therefore has a right to carry a pistol in any manner he pleases at all times, and the same applies to deputies appointed by the sheriff.

## A Good Investment.

W. D. Magli, a well known merchant of Whitewater, Wis., bought a stock of Chamberlain's medicine so as to be able to supply them to his customers. After receiving them he was himself taken sick and says that one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy was worth more to him than the rest of his entire stock of these medicines. ## STATE NEWS OF INTEREST.

Big Items Reduced to Small Paragraphs for Our Readers.

If the wishes of attorney General McReynolds are regarded, no change in the Attorney of the Western District will be made until the conclusion of the Asheville bank case, which comes to trial in Asheville this week. A. E. Hottel, having worked up the case, is believed by the Department of Justice to be more competent to carry it on than would be a new man.

The Southern Railway Company was fined \$500 by W. R. Edwards in the police court in High Point Friday morning, after being convicted of the offense of running freight trains on Sunday contrary to law and the peace and dignity of the State. The case was brought and prosecuted by City Attorney Williams for the offense committed July 18, when a freight train was run through High Point on Sunday.

The annual convention of the United States Opeka Bridge at the Opeka ground, near Orris, Saturday was attended by approximately 2,000 people of that section of the State, many going from Wilmington, Fayetteville and other towns. In connection with the celebration the Confederate veterans held a reunion, and the feature of this was an address by Congressman Falcon.

After being out from 6 o'clock Saturday afternoon to Sunday afternoon at 8 o'clock, at Ashboro Superior Court, the jury returned a verdict of second degree murder against Lorton English for the killing of John Armstrong at Archdale, Randolph County, March 24, and the prisoner was sentenced by Judge Long to 25 years imprisonment. Counsel for the defense gave notice of appeal and was allowed 15 days to prepare papers. The bond of the prisoner was fixed at \$1,500, but it is thought by many that the appeal will be abandoned.

Dan Morgan, about 18 years old, of the Bay side section of Pasquotank county is in Elizabeth City, suffering from an attack of tetanus. He was taken there by his father for the purpose of taking him to a Norfolk hospital for treatment, but his condition was too serious to make the trip. Antitoxin was secured and treatment was begun in an effort to save his life. Young Morgan and a number of his friends were bathing in the river more than a week ago and he struck a splinter in his foot. He was able to get about until he was suddenly affected by lockjaw.

Among the results of the union meeting at Mebane last week, closed in which Rev. W. W. Orr, D. D., of Charlotte did the preaching and Prof. Oliver Arnold, of Scranton, Pa., led the singing, may be mentioned. More than a hundred converted or reclaimed; several hundred Christians reconsecrating their lives; scores and scores manifesting the spirit of forgiveness and renewing friendships that had been broken; almost a thousand people pledging themselves to the uplift of Mebane and the community; and more than 50 heads of families pledging themselves to conduct family prayers. Nearly 100 members are expected to be added to the churches of the village and surrounding country as the direct result of the two weeks meeting. The free-will offering was more than double the amount that Mebane has ever raised for a meeting.

## THE NEWS OF CLEVELAND.

Our Busy Neighbor Is Forging Ahead Slowly But Surely.

Mrs. J. A. Lyerly, who has been ill for several weeks, is some better at this time. Rev. Bruce Owen, of Rocky Mount, came in Monday to visit his brother, James Owen, for several days. He will go from here to the mountains.

Mrs. Dan Rosebrough is visiting her sisters at Stoneville, Rockingham County, N. C.

The work of constructing the new roller mill is making good progress. The frame is up and the storm-shedding has been put on and the work of putting on the roofing, steel sidings and laying the floors is to follow. The machinery is expected to arrive at an early date and will be placed at once, but it will probably take two months to have the mill ready for business. The mill will be known as the Lyerly Milling Co., and will have a capacity of sixty barrels per day. The officers are J. A. Lyerly, president; Chas. A. Brown, vice-president and Costen Wood, secretary and treasurer.

J. B. Kincaid, who has been so ill with pleurisy for a month or more is now up and able to be about, but is not entirely well yet.

A number of petty thefts have occurred here and at Barber during the past week, and it is thought was the work of one Clarence Knox, colored, of Cleveland. The stores of W. Y. Hair and W. W. Roseman & Co., were entered and a number of small articles were taken. The oil room of the Cleveland Manufacturing Company was entered, but Mr. Thompson, the manager, is unable to detect a loss.

At Barber, Knox broke into the home of R. Lyman, while Mrs. Lyman was visiting a neighbor, and stole four dollars in cash and a fine Colt's automatic pistol. Two suit cases were stolen the same night and Knox was suspected. Knox fled, but was caught in a picture show in Statesville Friday night. One of the suit cases were found, but its contents had been destroyed. It belonged to Conductor Charlie Young. Knox, when arrested had a pistol on him and will probably serve a term in Iredell before being turned over to the Rowan authorities.

Considerable complaint is heard in reference to the condition of the new public road near Second Creek. It was left in a half complete condition and is practically impassable at any time. This makes road travel between Cleveland and Salisbury so disagreeable that many go to Statesville and other points rather than come to Salisbury. It is very important therefore that our commissioners give this short stretch of road prompt attention.

D. B. Rosebrough, one of the leading merchants of the town, is offering his property for sale and thinks of moving to Stoneville, Rockingham County, to live. Mr. Rosebrough is a splendid citizen and his many friends here will regret to see him and his good wife leave, however, he has not definitely settled on this matter just yet.

Lutheran Re-Union.

The Lutheran Re-union will be held at Lutheran Chapel in China Grove on August 5th, 1913. There will be several prominent speakers to address the audience on live interesting subjects.

Everybody welcome. Come, bring your basket and spend the day pleasantly.

Causes of Stomach Trouble.

Sedentary habits, and lack of out door exercise, insufficient mastication of food, constipation, a torpid liver, worry and anxiety, overeating, partaking of food and drink not suited to your age and occupation. Correct your habits and take Chamberlain's Tablets and you will soon be well again. For sale by all dealers.

## AMERICAN VICTIM OF FUGITIVE LAW.

Uncle Sam Gets His Back up Some and Demands Satisfaction.

El Paso, Texas, July 26.—Charles B. Dixon, of San Diego, United States Immigration inspector, was given "ley fuega" by Mexican Federal soldiers today. He was shot in the back and may die.

Dixon was in Juarez on official business, investigating a white slave case when he was arrested by a band of Federals who started marching him away from the city in the direction of the foothills where many executions have occurred. Dixon started to run and after getting a short way was fired on and hit in the back.

Dixon's father lives in Wharton, Tex. Dixon made a statement this afternoon in Juarez to American officials that he believed the Mexicans were marching him out to shoot him when he ran. He says the Mexican soldiers were drunk.

Washington, July 26.—"It looks like a serious case. We will do whatever is necessary," said Secretary Bryan tonight, in commenting on the shooting of Dixon. He telegraphed American Consul Edwards for an immediate investigation.

Washington, July 27.—Strong representations, the most drastic in phraseology that have been made since the present American Administration came into power, were made to the Huerta Government in Mexico today.

The United States Government demanded not only the prompt arrest, court martial and punishment of the Mexican Federal soldiers who shot Charles B. Dixon, an American immigrant official, at Juarez, Mexico, but the immediate release of Charles Biesel and Bernard McDonald, mining managers, imprisoned by Federal soldiers at Chihuahua City and said to be threatened with execution. So serious were these incidents regarded in official circles that they overshadowed largely the theoretical considerations of policy which the visit of Ambassador Henry Lane Wilson has brought to a climax. The Ambassador himself has been so exercised over the developments in Mexico that he dictated two strong telegrams, one to the Embassy at Mexico City and the other to the American Consul at Juarez and while Secretary Bryan slightly modified their tone, they were approved and promptly dispatched.

El Paso, Texas, July 27.—Charles B. Dixon, Jr., the United States Immigration Inspector who was shot in Juarez Saturday by Mexican soldiers, was released from the Juarez hospital and brought to El Paso today after American Consul Edwards had made a demand for his release and for the arrest of the men who shot him.

Arthur Walker, the negro whom Dixon was investigating when he was arrested, and the soldiers who made the arrest, immediately were placed in jail, according to the report of Colonel Castro, commanding the Juarez garrison to E. W. Barkshire, Supervising Inspector of Immigration for the United States on the Mexican border.

Dixon was released to Mr. Berkshire and taken to El Paso to a hospital.

## THE GIRLS' NEW DORMITORY.

Livingstone College to Erect a \$50,000 Building at an Early Date.

Last week the Advocate ran the out of W. H. Goler, D. D., the President of Livingstone College. In this issue we are presenting to our readers a picture of the proposed new dormitory for girls. Since the burning of Hopkins Hall, some five years ago, the girls have been huddled together in quarters in Huntington Hall altogether inadequate and anything but conducive to their comfort and health.

It is the purpose of the president, the board of trustees and the A. M. E. Zion church to erect a building, the estimated cost of which is \$50,000. When completed it will undoubtedly be as handsome and as imposing a structure of its kind to be found upon any college campus in the South.

The people of the connection all over the country are united in one great effort to raise by next May, \$37,500, the remaining \$12,000 having been promised by the General Board of Education upon this condition. It is gratifying to see how thoroughly the whole church is organized, and how faithfully each conference tries to come up to the assessments which it has voluntarily assumed. While this seems a large sum to be raised, yet we feel that it will be realized.

Livingstone College stands today as, perhaps, the truest and best example of what the Negro is doing for himself in establishing and maintaining an institution of learning. It is supported almost entirely by contributions from poor Negro men, women and children, through the great church of which it is its chief school. If therefore you need an answer to the question what is the Negro doing for his own education, Livingstone College is the reply.

Then, too, Livingstone College is unique in the respect and esteem in which it is held by the white people of Salisbury, many of whom go out of their way to speak a good word for the work done there and the salutary influence it exerts upon the life of the community which surrounds it and for the gentlemanly and womanly bearing of its student body. They regard the college as one of the city's best assets. Nor is their interest expressed in good words only, but they have ever responded with their means, when called upon, and they stand ready to help in the realization of this new building.

Dr. Goler has just left for two weeks tour of South Carolina and perhaps Alabama in company with Bishop Caldwell in the interest of this effort.—Piedmont Advocate.

Mr. Vanderford Re-instated.

A dispatch from Washington is to the effect that Senator Overman has secured belated justice for Tom Vanderford of Salisbury, who was removed as an internal revenue agent 16 years ago at the end of the Cleveland administration, to make room for a Republican. It was recognized that he was one of the best men in the service, but the exigencies of politics dictated his removal. Senator Overman has had him re-instated. This is good news to Mr. Vanderford's many friends here who are glad to learn of his re-appointment.

B. B. King and Ney Keeler have purchased the entire stock and good will of The Salla Tailoring Company and will continue the business under the same name.
