HE WONDERS WHAT IT IS—THEN SUDDENLY FINDS OUT

NEW ROAD LAW.
(Continued from first page.)

and keep the bridges and culverts in good repair, the section of public roads so contracted for; and he shall furnish a good and sufficient bond in the sum of two hundred dollars, payable to the commissioners of Rowan County, to faithfully carry out his contract and discharge the duties imposed upon him by law as contractor for building roads in Rowan County, and if he shall fail to carry out the terms of his contract and shall fail to keep up said roads in the condition as required by his contract and by law, the said board of commissioners shall have a right to proceed to collect said amount of two hundred dollars in any of the courts of Rowan County. No payment upon said contract shall be made by the board of commissioners of said county until the work upon the roads so contracted for shall be actually done and certified to by the superintendent of the roads.

Sec. 16. That for the purpose of carrying out the provisions of this act the said board of commissioners and superintendent of roads and supervisors, after first consulting the owner and agent of the land from which material for repairing roads is gotten, are hereby authorized to enter upon any lands near to or adjoining any public road to cut and carry away timber, except trees or groves on improved land planted or left for ornament or shade, to dig or cause to be dug, and carried away any gravel, sand, clay or stone which may be necessary to construct, improve or repair said road; to enter on said land adjoining or lying near the road in order to make such drains or ditches through the same as he may deem necessary for the betterment of the road, doing as little injury to said lands or timber or improvement thereon as the nature of the case and the public good will permit; and the drains and ditches so made shall be conducted to nearest ditch, drain, water course, or waste ground, and shall be kept open by said Township Supervisor, and shall not be obstructed by the owner or occupant of such lands or by any other person or persons, under the penalty of forfeiting a sum of not less than five dollars nor exceeding ten dollars, or imprisonment or work on the public roads of the county for not less than ten nor exceeding twenty days for each and every offense, which said penalty shall be enforced and collected by said board of commissioners in the manner prescribed by law for the enforcement and collection of other penalties for violation of law, and said penalties when collected shall be paid over to the County Treasurer and credited to said "Road Fund."

Sec. 17. That if any owner of any lands or the agent or agents of such owner having in charge lands for which timber, stone, gravel, sand or clay was taken as aforesaid, shall present an account of the same to the superintendent of public roads or township supervisor, to said board of commissioners, it shall be the duty of said board to pay a just and reasonable price for the same; and any owner, agent or agents of such owner, shall have the right to appeal from the action of said board to the Superior Court.

Sec. 18. The board of county commissioners and the superintendent of roads shall have the power and authority to locate, relocate, widen or otherwise change any public road or parts of same of the county, or lay out and establish any new public road, when in their judgment such location, relocation, widening, other change or the opening of a new public road is deemed necessary and advantageous to the public travel; and they shall have the further right to abandon and discontinue any public road if the same is unnecessary and not advantageous to public travel. But the said superintendent of Roads, before locating, relocating, widening or changing any public road or establishing a new public road, shall file a petition signed by himself or some person interested therein, before the board of commissioners of said county stating the change, locations, relocations of any public road or the plan for the establishment and opening of a new public road, with a survey of same made by the county surveyor or other competent engi-

neer, with the estimated cost of building and opening said road and the number of culverts and bridges thereon; and he shall further state that said change, locations, relocations or openings of a new public road are necessary and advantageous to public travel. Or, if said petition is for the discontinuance and abandonment of a public road, he shall state that the public road mentioned therein is unnecessary and not advantageous to public travel. The said superintendent shall also give to the land owner or land owners on and over whose lands any changes, locations or relocations of any public road or the establishment of any new public road are to be made, or the discontinuing or abandoning of any public road, at least twenty days notice in writing of the time and place of hearing of said petition of the board of commissioners; and said notice shall contain a brief statement of the contents of said petition. The said petition may be signed and verified as petitions in special proceedings in the superior court. If any of the land owners on and over whom the proposed changes are to be made or the new road established or any road to be abandoned or discontinued, are minors, idiots or lunatics, the said notice shall be given to them and their duly appointed guardians, or if no guardian has been appointed, then said notice shall be given to any person with whom they are living; and if any landholder is a non resident, the said notice, shall be mailed to him at his last place of residence and be published for twenty days before the hearing of said petition at the court house door.

Sec. 19. The board of commissioners upon hearing the petition so filed, stating the change, location or relocation of any public road, or the establishment or opening of any new public road, or that any public road should be discontinued and abandoned, shall make an order granting or refusing the relief therein asked, as they shall deem best. If the order is made granting the change, location or re-location of any public road or opening and establishment of any new public road, such order shall be a condemnation of the land or lands mentioned and described in the petition and survey filed therein; or such part thereof as shall be fully set out in the order; and the superintendent of roads is hereby authorized to open the public road so granted as provided by law. If the order be for discontinuing and abandoning the public road, the said road then described in the order shall be discontinued and abandoned. Any person owning land on and over which said changes are made or said public road is discontinued and abandoned, shall have the right of appeal to the superior court of Rowan County for a trial de novo of the matters set out in said petition, but he shall give a good and sufficient bond for the costs as in like cases of appeal; but the taking of said appeal shall not delay the changing, locating or relocating of any public road or the discontinuing or abandoning of any public road, according to the terms of the order made therein by the said board of commissioners, unless the same be reversed by the trial in the superior court.

Sec. 20. Any person who shall obstruct the county surveyor or civil engineer in making a survey for the changing of a road, or the opening of a new road, shall be guilty of a misdemeanor and upon conviction thereof shall be fined or imprisoned, or both, in the discretion of the court, and any person or persons who shall obstruct any one authorized by this section for opening said change of road or new road shall be guilty of a misdemeanor, and upon conviction thereof shall be fined or imprisoned, or both in the discretion of the court; and it is hereby made the duty of the solicitor of the Rowan County court to prosecute all offenses against the provisions of this section; and if after changing, locating or relocating of any public road or opening and establishing any new public road, and persons be aggrieved, and if he and the superintendent of Roads, with the approval of the board of commissioners of said county, cannot agree to fix the amount of any damages, if any for the changing, locating or relocating of any public road or opening and establishing any new

public road, he may then, within six months after said change, location or relocation of the public road, or the opening and establishment of and establishment of a new public road, apply to the clerk of the superior court, who shall appoint a jury to consist of five freeholders to assess the damages; and the said jury in determining said damages shall take into consideration the benefits made to the property and the damages sustained by the property, subtract one from the other, and the result shall be their verdict, and the same damages, if allowed, shall be paid out of the general fund of the county; and if the jury award no more damages than the amount offered by the said board of commissioners, then the party aggrieved shall pay all costs for making said assessment of damages; Provided, further, that the board of commissioners or the persons so aggrieved shall have the right of appeal to the superior court after giving good and sufficient security for costs.

Sec. 21. That all railroads or other incorporated companies shall keep up at their own expense, upon a specification furnished by any town supervisor to such railroad or other incorporated company, all bridges on or over the public roads, and roads not public but used as neighborhood roads, and all crossings which they have severally made it necessary to be built, or made in establishing their respective roads and on the failure to do so, shall be guilty of a misdemeanor and fined at the discretion of the superior court, and shall forfeit and pay twenty-five dollars for each ten days such railroad or other incorporated company shall fail to perform the duties imposed in this section, and any written notice left with any agent of such railroad or other corporation by said board of commissioners shall be deemed a sufficient notice in law.

Sec. 22. That in case any public road shall be the dividing line between two or more townships, it shall be the duty of the township supervisors of the townships so divided to apportion the said road between the different townships in a just and equitable manner.

My Doctor Said

"Try Cardui," writes Mrs. Z. V. Spell, of Hayne, N. C. "I was in a very low state of health, and was not able to be up and tend to my duties. I did try Cardui, and soon began to feel better. I got able to be up and help do my housework. I continued to take the medicine, and now I am able to do my housework and to care for my children, and I feel as though I could never praise Cardui enough for the benefits I have received."

TAKE CARDUI The Woman's Tonic

Cardui is successful, because it is made especially for women, and acts specifically on the womanly constitution. Cardui does one thing, and does it well. That explains the great success which it has had, during the past 50 years, in helping thousands of weak and ailing women back to health and happiness.

If you are a woman, feel tired, dull, and are nervous, cross and irritable, it's because you need a tonic. Why not try Cardui? Cardui builds, strengthens, restores, and acts in every way as a special, tonic remedy for women. Test it for yourself. Your druggist sells Cardui. Ask him.
