GOLD KNOB

Sept. 29.—Gold Knob has been in the silent column for quite a while but never-the-less she hasn't been wiped off the map by any means. Not having seen anything in print from our "villa" we have at last decided to let the outside world know the doings about our diggings.

The Klutz & Menius clover hulling crowd are in our midst hulling clover for the farmers.

Time having arrived for fall seeding many farmers are taking advantage of the favorable weather for preparing their land and sowing oats and clover seed.

As fall draws near and schools are opening many of our young people will be called upon to quit their haunts and depart for the various schools, as follows: Carl F. Phillips to Rutherford College, Melville Phillips to Trinity College, Quincy Lyerly to Roanoke College, Salem, Va., and Willis Trexler to a business college in Charlotte.

Raised \$1,233.08.

Rev. F. R. Mason, pastor of the Mt. Zion Colored Baptist Church, closed a successful campaign at his church Sunday night with a big rally at which he raised \$1,233.08. This amount has been applied on the church debt and leaves a balance of only about \$500 still due. Rev. Mason is one of the most popular colored pastors in the city and has met with uniform success. This church was built in 1907 at a cost of about \$10,000, and all this time Pastor Mason has led the flock safely and done an excellent work. His pastorate began in 1902 with only seventy members and almost no church building and to-day he has over 400 on the roll and one of the best churches in the Rowan Baptist Association, of which he is assistant secretary.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J.
