## MAKE AMERICA CATHOLIC.

### B. S. COLER TRIES TO CARRY WATER ON BOTH SHOULDERS.

#### Plain Statement of What the Catholic Church is Seeking to Establish.

The American people have been more or less disposed to doubt the Menace's contention that it is the object of the Roman Catholic hierarchy to make this nation Catholic, set the Roman church above the state and dictate the religion of the republic.

He insists themselves deny the fact when confronted by Menace readers, and insist that the Menace is lying, but it is not.

Week before last, there was held in B. S. Coler what was known as the Catholic Missionary Congress. On Sunday evening, October 19th, there was held a meeting, at the Castle of the Holy Cross, B. S. Coler, at which Bishop M. F. Fallon, of Louisiana, was the principal speaker. In the course of his remarks he made the position of the Catholic church so plain that the blindest Protestant cannot fail to understand his meaning. Here's what he said, according to the Boston Herald of October 20th:

"This Missionary Congress is a simple natural consequence of Catholic principles and from these principles there follows the answer to the question, 'What does this movement mean?' It means that we propose to make this North American continent Catholic; to bring America to Jesus through the divine doctrines of the Catholic church and under the supreme spiritual shepherdship of the pope of Rome."

Is that plain enough for you to grasp? Does that need any explanation or comment from us? That is what the holy grafters hope to ward off criticism of their damnable designs by using the name of Jesus Christ, but their desecration and blasphemy of the name of Christ deceive no one who understands their game, and the above expression will deceive no one who is able to concentrate his mind for an instant on the contents of the whole paragraph.

As a matter of fact the American people have slept on their rights until these human vultures in sheep's clothing have already captured everything in this nation that is of any value, and unless there is an awakening, only second to that which marked the Reformation led by Luther, and that is now, even the right of protest will be gone, indeed, will you, dear friend, be brought under the shepherdship (slavery) of the pope of Rome?

How do you like the prospect?—The M. nace.

The Menace, the greatest little paper in America, takes a fall out with Bird S. Coler, a so-called protestant who recently published a little book giving Catholicism a boost and advocating a division of the public school funds with that church, and has the following interesting remarks on the subject:

THE "COMMON CAUSE" GIBBEREE. A new mound across the already overtopping newspaper graveyard. To the tune of Hail, Hail, the Gang's All Here the funeral dirge announces the demise of the "Common Cause," which died recently with that world old ailment, lack of patronage.

Charles B. Pallen, Bird S. Coler and Charles A. Zerk were the chief mourners.

B. Pallen, Terence Shealy (a Jesuit) and James J. Walsh, composing the editorial staff of the "Live Issue" and the now defunct "Common Cause," but Bird S. Coler, a Jesuit in disguise, posing as a Methodist for the purpose of pulling the wool over the eyes of Protestants, is one of the leading spirits in the organization.

Coler is one of those fellows who hob-nobs with the priests and prelates of Rome, then with Protestants and laboring men, and tries to persuade them that their interests are identical, and that their objects are one and the same. He is the man who wants the state to defray the expense of the parochial schools of Rome, and who objects to the inspection of Rome's slave pens on the ground that it is interfering with conscience and religion.

"Precisely. 'Our interests are one,'" said the fox, after devouring the goose. "Same here," answered the hawk, with the feathers of the dove still clinging to his beak. "I am with you," chirped in the shark; and "I congratulate you upon your wise political economy," was the amen of the lion as the lamb's tail disappeared down the red lane.

The people of the country cannot be fooled any longer by men of the Coler and Windle stripe. They are beginning to think for themselves, and they are not so easily hoodwinked as they once were. To the intelligent mind the apologists for Rome are amusing in the extreme. The old ship of Rome is floundering in water too swift for her propeller. She is navigated by a captain whose compass always points purgatory, and manned by a crew of fanatics who hold to that course regardless of the wreckage in the pathway. The people are not only sick and tired of Rome and Romanism, but they are disgusted with such miserable creatures as the promoters of the "Common Cause" and "The Live Issue."

They have no patience with wolves in sheep's clothing, and the sooner their lives learn the lesson the more time will they have to repent of their misdoings.

Let us erect at the head of this new-made grave a tombstone, and on this tombstone let us write an inscription: "Here lies, in this desecrated spot, the blasted ambitions of Bird S. Coler, too green to burr and too antiquated to preserve, may they repose in peace."

**Declare War on Colds**

A crusade of education which aims "that common colds may become uncommon within the next generation" has been begun by prominent New York Physicians. Here is a list of the "doctors" which the doctors say will prevent the annual visitation of the cold:

"Don't sit in a draughty car."  
"Don't sleep in hot rooms."  
"Don't avoid the fresh air."  
"Don't stuff yourself at meal time. Overeating reduces your resistance."

To which we would add—when you take a cold get rid of it as quickly as possible. To accomplish that you will find Chamberlain's Cough Remedy most excellent.

**Robert L. Doughton.**

Robert L. Doughton, representative in Congress from the eighth district of North Carolina, was born in Laurel Springs, N. C., November 7th, 1868. His education was received in the schools of his native place. In early life he engaged in the mercantile business and subsequently went in for farming and stock raising on an extensive scale. He established a high reputation as a farming expert and for many years was a member of the State Board of Agriculture. Mr. Doughton entered public life in 1908 in which he was elected to the North Carolina Senate. In 1911 he was sent to Congress from his district and last November he was elected for a second term.

**Nearly Every Child Has Worms**

Pauceness, at times a flushed face, unnatural hunger, picking the nose, great thirst, etc., are indications of worms. Kickapoo Worm Killer is a reliable, thorough medicine for the removal of all kinds of worms from children and adults. Kickapoo Worm Killer in pleasant candy form, aids digestion, tones the system, overcomes constipation and increases the action of the liver. It is perfectly safe for even the most delicate children. Kickapoo Worm Killer makes children happy and healthy. 25c. Guaranteed. Try it. Drug stores or mail, Kickapoo Indian Medicine Co., Philadelphia and St. Louis.

**Tonight**

Tonight, if you feel dull and stupid, or bilious and constipated, take a dose of Chamberlain's Tablets and you will feel all right tomorrow.

## MUCH BLOODSHED FOLLOWS STRIKE.

### Bridges Torn Down by Striking Miners to Prevent Coal Being Shipped.

Trinidad, Col., Nov. 8.—This was a day of bloodshed and violence at the southern Colorado coal fields where 9,000 miners are on strike. Three mine guards bearing deputy sheriff's commissions and one non-union miner were shot and killed from ambush while two other deputies were wounded, one of whom may die, two non-union miners were attacked at Starkdale and badly wounded the town marshal of Sacandaga was disarmed and fired upon by strikers and four national guardsmen were seized and threatened with violence if they did not leave the district.

Tonight provo guards are patrolling the streets of Trinidad and Walsenburg which will be followed by the placing of troops in every camp in southern Colorado.

The three deputies who were killed from ambush were Luther Carey, Walter Witten and H. E. Bryan. The fourth victim was an Italian miner who had been kidnaped by strikers, rescued by the marshals at Hualar and shot in the back while being escorted from the town by that official.

Deputy Sheriff Gambely was among those shot. Bryan was the son of Captain Bryant, of Denver, a prominent educator. He was returning to Oakdale camp when he was seized by the strikers. He telephoned Superintendent Jones at the mines and an automobile filled with deputies and a driver was sent to bring him to the mines. While the machine was climbing a steep hill fifteen men hidden behind rocks fired upon the men with powered rifles. Carey was killed by the first volley, Witten by the second and Bryant by the third. Deputy Rogers managed to escape the bullets and ran to the nearest house where he called aid by telephone.

The strikers marched back to Livita with their rifles on their shoulders. None of them have been arrested and the bodies of the guards are still in the automobile in which they were shot to death as no one dares go near the machine for fear of being shot.

Service on the Rio Grande between Lavita and Trinidad was tied up today by the burning of five bridges near Rouse's junction. Railroad officials declared that striking coal miners were responsible in an effort to stop the shipment of coal from the mines.

**A Night of Terror**

Few nights are more terrible than that of a mother looking on her child choking and gasping for breath during an attack of croup, and nothing in the house to relieve it. Many mothers have passed nights of terror in this situation. A little forethought will enable you to avoid all this. Chamberlain's Cough Remedy is a certain cure for croup and has never been known to fail. Keep it at hand.

**For Sale by All Dealers.**

**The Teachers' Assembly to Meet in Raleigh.**

The teachers of the State will be granted holiday without loss of pay, November 28th, Friday of Thanksgiving week, in order to enable them to attend the North Carolina Teachers' Assembly, which holds session in Raleigh November 26th-29th, if the request is granted by the city and county boards of education.

Many of the most prominent teachers in North Carolina, both public and private, will take part in the discussions. Besides these, whose names are familiar to all of us, the Assembly has secured the services of several men and women of national reputation. They are as follows: President J. D. Eggleston, of the Virginia Polytechnic Institute and former State superintendent of Virginia; Dr. William Heard Kilpatrick, of the Teachers' College, Columbia University; Hon. E. C. Branson, formerly president of the State Normal at Athens, Georgia, now teacher of rural economics and sociology; Miss Ella V. Dobbie, head of the department of manual training in the University of Missouri; and Richard T. Wyche, president of the National Story-tellers' League and editor of the Story-tellers' Magazine.

**Tonight**

Tonight, if you feel dull and stupid, or bilious and constipated, take a dose of Chamberlain's Tablets and you will feel all right tomorrow.

## WAR WITHOUT QUARTER AT MONTEREY.

### Entire Blocks Destroyed and Bodies are Buried in Streets.

Laredo, Texas, Nov. 9.—Warfare without quarter with opposing armies of mining and dynamite all that seemed to stand in the way to victory, has been waged at Monterey, Mexico, between the defending Federal and the besieging Constitutionalists. Some of the unmitigated ferocity of the struggle, particularly in the engagements of October 28 and 24 when the Constitutionalists occupied a large portion of the city, is pictured in Seiz-Zag, an illustrated weekly published at Monterey, copies of which reached Laredo today.

Many bodies were left in the streets until a full in the fighting should afford time for their burning. A view of Cuernavaca street near the National Railway station where the conflict centered, showed an entire block destroyed by fire and cannonading. Numerous corpses are in the ruins.

General Maguel, whose residence was one of the finest in northern Mexico, was burned to death when Constitutionalists destroyed the house by fire. The north facade of the government palace was shot away.

The total property loss was said to be incalculable. The railway lines claim their damage alone will approximate \$7,000,000. In the railroad yards 658 cars were burned. Many of them were loaded with merchandise. The round house was completely destroyed with more than twenty engines. No estimate was given of the loss of life, but it is known to have been heavy.

**Saved His Foot**

H. D. Ely, of Bantam, O., suffered from horrible ulcer on his foot 4 years. Doctor advised amputation, but he refused and reluctantly tried Bucklen's Arnica Salve as a last resort. He then wrote: "I use your salve and my foot was soon completely cured. Best remedy for burns, cuts, bruises and eczema. Get a box today. Only 25c. All druggists or by mail, H. E. Bucklen & Co., Philadelphia or St. Louis."

**ABOUT ADVERTISING.**

Truthfulness and Sincerity are Very Different Qualities.

The advertiser helps the subscriber because a paper without advertising would be forced to charge much more for a year's subscription, and the subscriber helps the advertiser by furnishing him a medium to cry his wares.

The newspaper offers to sell reading matter and space. The reader buys the one; the advertiser the other. Space value is reckoned by quantity and quality of circulation. With the shrewdest advertiser quality comes first. To connect with the dollar and not merely with the man, is the advertiser's motive. Hence his appeal is to the man with the dollar.

Strange to say, not all newspapers with space to sell are abreast with merchants with goods to sell. Yellow newspapers outnumber yellow merchants.

The newspaper that prints "wild, whirling words" about itself is not exceptional.

The newspaper filled with boastful blasts about itself is not yet dead.

The newspaper claiming in big type, some time at the expense of big news that enterprise, public affection for the community are its private monopoly, is still heard from.

That kind of newspaper is twenty years behind the times. It is twenty years behind the merchant.

It tries to fool the merchant, its customer, who is too wise and too honest to try to fool the people, his customers.—Ex.

**\* A Coughing Cough**

A cough that bothers you continually is one of the danger signals which warn of consumption. Dr. King's New Discovery stops the cough, loosens the chest, banishes fever and let you sleep peacefully. The first dose checks the symptoms and gives prompt relief. Mrs. A. F. Mertz, of Glen Ellyn, Iowa, writes: "Dr. King's New Discovery cured a stubborn cough after six weeks' doctoring failed to help." Try it, as it will do the same for you. Best medicine for coughs, colds, throat and lung troubles. Money back if it fails. Price 50c. and \$1.00. All druggists, by mail, H. E. Bucklen & Co., Philadelphia or St. Louis.

## CITY ALDERMEN MEET.

### Quite a Number of Big and Little Matters Attended to.

The city board of aldermen met in the city hall last Wednesday night with Mayor Woodson presiding. A quorum was present and the following business was transacted.

O. C. Andrews, manager of the new Yakin Hotel asked that the board take steps to see that a sidewalk was built along the street from Council to Kerr. This was agreed to, the same to be charged to the Southern Railway.

P. B. Jarrett asked the board to protect his property with a retaining wall and prevent the washing away of his lot corner of Main and Franklin Streets. The city graded the street here and was responsible for the damage being done and agreed to remedy the trouble.

Officers of the First Presbyterian Church were given permission to cut down several trees on South Church Street which were in the way of the cement walk they will lay there.

The work on Thomas Street was reported complete and the cost was reported to have been \$8,200. Some property owners on South Long Street asked that a sewer main be placed on the street. Granted.

Parties on West Council Street asked that the sidewalk be graded so that they could proceed with the construction of a pavement.

The Public Service Company was instructed to make better crossings over their tracks at the entrance to Chestnut Hill Cemetery.

The city engineer was instructed to furnish the clerk a list of those in the sewer district who have not made connections, as they are to be forced to comply with the rules laid down by the board.

A. H. Price, Esq., appeared in behalf of the N. C. Public Service Company relative to the light bills for several months prior to the installation of the new arcs. An agreeable settlement was reached.

The Salvation Army asked for financial assistance inasmuch as it is aiding worthy poor of the community. The request was taken under advisement.

The Public Service Company asked to be allowed to dig up Main Street from Council to the Empire Hotel again. They wish to change the gas pipe along this route. Permission was granted to do this under the direction of the city engineer and the observance of specified conditions.

The Princeton Cotton Mill was permitted to make connection with the city sewer at its own expense and by paying a yearly tax of \$50.

It was decided to have the city attorney take up the matter of better light rates with the Corporation Commission.

S. W. Harry of the cemetery committee reported the burial of only eight in the public cemeteries during October; three whites and five Negroes.

The matter of providing a site for a city incinerator was considered, but went over to the next meeting. The ladies have offered to raise the necessary funds for the erection of the plant if the city will provide the site. The idea was favorably received.

It was reported to the board that the Southern Railway was preparing to install more and better lights at the passenger station and at the Council Street crossing.

The widow of Cal. Evans, colored, through her brother, Ambrose Sharpe, asked for financial assistance, but as the city had borne all of the burial expenses of her late husband, the matter went over till the next meeting.

W. F. Kelsey, the Negro undertaker, was granted a commission of ten per cent. on the sale of all lots he might make in the Negro cemetery.

J. M. Brown, city tax collector, made a satisfactory report as to the amount of taxes collected during October.

## PORFIRIO DIAZ MAY RETURN.

### To Assume Provisional Presidency. A Fair Election to be Held.

Mexico City, Nov. 8.—According to a rumor widely circulated here tonight Porfirio Diaz is coming back to assume the provisional presidency with the backing of the United States and the European powers and under a guarantee that a fair election shall be held.

The report has been received with delight by the Mexicans. There is no doubt that Don Porfirio would have the popular support. The resentment displayed against him at the time of the Madaro revolt has entirely disappeared.

General Auert, the dashing cavalry leader who has been called the Phil Sheridan of Mexico, was imprisoned today by order of the war department on charges of disobeying orders and defrauding the government.

President Huerta's backbone has been stiffened by the receipt of sufficient funds to operate the government until the end of the present month and the implied promise of further financial aid if the new congress acts favorably on certain oil land concessions.

The loan which has enabled the government to pay its employees some days in advance of the regular time, has been obtained, it is understood, through the influence of Lord Cowtray, head of the Pearson syndicate. It was hinted today that the long connection with the activities of the Pearsons in Mexican affairs.

No apparent change has come over the situation during the day. Rebel activities continue and foreigners of all nationalities continue preparing for flight in anticipation of an outbreak.

**Justice Out of Way, What About Glenn.**

Washington, Nov. 9.—Every Justice stole a march on everybody except Secretary Joseph Daniels and Col. William H. Osborn. Weeks ago he was offered a position as special attorney and nobody dreamed it.

Mr. Justice was not the original Wilson man in North Carolina, but he was on the driver's seat of the Wilson band wagon, early and late. Now, he will go to California, far out of Senator Overman's territory, to help Uncle Sam regain about 2,000,000 acres of land that rightfully belongs to him. He will assist one of the United States district attorneys of California.

Being a good lawyer, and a natural-born trust fighter, made Mr. Justice an ideal man for the department of justice at this time. He will be in position to use all of his ability and vim and vigor, fighting in behalf of Uncle Sam.

Mr. Justice is not a stranger to Attorney General McReynolds, for he helped in the controversy against the American Tobacco Company.

Secretary Daniels and Commissioner Osborn are said to have started the movement that landed Mr. Justice where he could not refuse a very excellent assignment under a Democratic administration. Mr. McReynolds asked Senator Overman and Senator Simmons about Mr. Justice. Both senators gave him a capital name as an attorney and a fighter.

**Thaw May Remain in New Hampshire for a Year.**

Concord, N. H., Nov. 8.—Governor Felker today signed the extradition papers for the return of Harry K. Thaw to the custody of New York state. Today's decision, although a victory for William Treves Jerome and his assistants in the fight for the return of Thaw to New York state, does not mean that the fugitive will be taken back to Matteawan. In fact it may be a year or more before the slayer of Stanford White is taken out of New Hampshire. His appeal for a writ of habeas corpus will be fought out in the United States courts.

**Nervous and Sick Headaches**

Torpid liver, constipated bowels and disordered stomach are the causes of these headaches. Take Dr. King's New Life Pills, you will be surprised how quickly you will get relief. They stimulate the different organs to do their work properly. No better regulator for liver and bowels. Take 25c. and invest in a box today. At all druggists or by mail, H. E. Bucklen & Co., Philadelphia and St. Louis.

## ENTIRE EAST IN THE STORM'S GRIP.

### Heavy Snowfall in West Virginia, Western Maryland and Other States.

Washington, Nov. 10.—Practically the entire country east of the Mississippi river is in the grip of a storm, the snow, high winds and cold wave reaching from Florida to New England. The weather bureau declares that there is no relief in sight for the next twenty-four hours. The high winds are driving the storm toward the northeast. The heaviest snowfall of the season, is reported throughout West Virginia and western Maryland. Killing frosts are reported in Georgia and South Carolina.

Chicago, Nov. 10.—Half a million dollars damage to wrecked docks, two deaths, damaged telegraph and telephone lines are the result here of the most severe early winter storm that has swept the large region in many years. The force of the storm here has been spent.

Pittsburg, Nov. 9.—Crippling transportation facilities and prostrating wire communication over a wide area, an extraordinary snow, sleet and wind storm visited this section today and continues tonight. During the time ten inches of snow fall, four inches more than in November since 1886. The barometer registered 20.6, or about one inch below normal, and this incident of the storm is viewed as remarkable by local officials of the United States weather bureau. Throughout the day a wind from the northwest blew 40 miles an hour, while the temperature dropped from 48 to 22 degrees in less than 15 hours. Proceeded by heavy rains Friday and Saturday, snow began falling at 8 o'clock this morning. Before noon railroad, trolley and vehicle traffic was battling with the elements in an effort to continue operations. Toward evening the thermometer tumbled rapidly and the water and snow froze. This completely demoralized transportation.

**Will Probably Move Revenue Office Here.**

An Asheville dispatch Saturday says:

With the announcement of Commissioner of Internal Revenue W. H. Osborn that Revenue Agent B. B. Sams will be succeeded Monday by Thomas H. Vanderford of Salisbury, who will assume charge of the district including the two Carolinas, comes a rumor that the headquarters of the district will be transferred from this city to Salisbury. Whether or not the rumor is authentic is, of course, not known, although men who are in touch with the situation will not be surprised if Revenue Agent Vanderford leaves the charge.

Mr. Sams leaves tomorrow night for Washington, to confer with Mr. Osborn relative to his future location, the naming of Mr. Vanderford to relieve Mr. Sams meaning that the latter will be transferred to some other district. He is employed under Civil Service rules and will not be relieved from further duty in the service.

Asheville, Nov. 10.—"The offices of the internal revenue agent will remain in Asheville indefinitely," declared T. H. Vanderford, newly appointed revenue agent for this district today. Mr. Vanderford arrived here last night and assumed his new duties this morning. He declared that he would not have anything to say until he had become better acquainted with the routine of his office work, but that he has no intention at present of moving the offices to Salisbury. "I just learned of my appointment yesterday morning at 4 o'clock," he said, "as I returned from a business trip to Virginia, and have had no time to formulate any plans."

We shall continue to look for the offices to come to Salisbury nevertheless.

State of Ohio, city of Toledo, Lucas County, Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of One Hundred Dollars for each and every case of Osarrh that cannot be cured by the use of Hall's Catarrh Cure. FRANK J. CHENEY.

Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1896. (Seal) A. W. GLEASON, Notary Public.

Hall's Catarrh Cure is taken internally and acts directly upon the blood and mucous surfaces of the system. Send for testimonials, free. F. J. CHENEY & Co., Toledo, Ohio.

Sold by all druggists, 75c. Take Hall's Family Pills for constipation.
