

COULD SCARCELY WALK ABOUT

And For Three Summers Mrs. Vincent Was Unable to Attend to Any of Her Housework.

Pleasant Hill, N. C.—"I suffered for three summers," writes Mrs. Walter Vincent, of this town, "and the third and last time, was my worst. I had dreadful nervous headaches and prostration, and was scarcely able to walk about. Could not do any of my housework. I also had dreadful pains in my back and sides and when one of those walking spells would come on me, I would have to give up and lie down until it wore off. I was certainly in a dreadful state of health, when I finally decided to try Cardui, the woman's tonic, and I firmly

believe I would have died if I hadn't taken it. After I began taking Cardui, I was greatly helped, and all three bottles relieved me entirely. I fattened up, and grew so much stronger in three months, I felt like another person altogether." Cardui is purely vegetable and gentle-acting. Its ingredients have a mild, tonic effect, on the womanly constitution. Cardui makes for increased strength, improves the appetite, tones up the nervous system, and helps to make pale, yellow cheeks, fresh and rosy. Cardui has helped more than a million weak women, during the past 50 years. It will surely do for you, what it has done for them. Try Cardui today.

THE CAROLINA WATCHMAN.

Salisbury N. C., May 9, '14.

Of course THE WATCHMAN speaks only for itself, but while other may not say so, they probably think as we do in regard to matters of news furnished. All items are appreciated but the kind of news most appreciated by a paper is that given to it exclusively. This kind of service looks like loyalty, friendship and real encouragement, and, although the duplicate copy stuff looks like an attempt to carry water on both shoulders, it is preferable to none.

Owing to the numerous good folks running for office and the few bad ones THE WATCHMAN has thus far taken no part in the contest before the primaries and would not now but for what seems a cause for the general welfare. Now that we have had a new court house thrust upon us and the need for economical government is so apparent to all, the men to be named for county commissioners is most important. One of the most careful, safe and conservative men the county has ever had on the board, has been urged to offer his services to the county again, and not only will fill the position acceptably to fair minded men, but is the man of the hour and for the place. His name is W. L. Klutz.

THE WATCHMAN wants to call attention to the fact that, notwithstanding there are miles and miles of public roads in Rowan needing attention and that taxes are already burdensome to our people, that the present board of commissioners are using the county chain gang to dig the foundations for the Salisbury Military School, an institution owned by private parties. By the time this building is up, there will be a cry for an improved road to this property and thus some people will get their property improved at the public's expense and the chance to sell lots at a higher price will present itself. The people will have a chance to say what they think of such matters within a few weeks.

Young Man Commits Suicide in Hickory. High Point, May 4.—Herbert L. Austin, the young man of this city, who committed suicide in Hickory this morning, was until a few days ago assistant cashier of the Wachovia Loan and Trust Company and was at the head of the Piedmont Organ Company and connected with the Austin music house. Two weeks ago he married Miss Smith, of James town, and seemed happy, returning from his bridal trip last week. Worry over business and personal matters is given as probable cause. He left here on the early morning train and had been in Hickory only a few minutes when he fired the fatal shot, seemingly a prearranged affair. The deed was committed in a few miles of where rest the remains of his mother where his body will also be interred.

Hueria's Delegates.

Mexico City, May 4.—El Pias announced today that Augustine Rodriguez and Luis Elguero, both connected with the Mexican National Railroad and Senator Elio Rabasa would leave here soon for Montreal to attend the mediation conference initiated by Argentina, Brazil and Chile. This is the first indication given here that the conference to settle the differences between the United States and Mexico may be held in Canada. At the same time it was stated that the meetings of the diplomats would not take place in Havana, as had been hinted in some quarters.

About all the Lutheran pastors and quite a number of the laymembers of that church are in Burlington this week attending the services of N. C. synod. The Salisbury pastors and delegates invite that body to hold their next session in this city.

C."
