The old standbys, Sam Suort, Lee, Venue and Old Timer, the faithful few, are right on the job this week as usual, they are cravv regular attendants. But the PENCIL PUHERS' ASSOCIATION is going to grow, and there is to be an election of officers soon too. Who will suggest proper names for the different officers? For instance, how would these do? Grand serbe, for president; assistant grand scribe, for vice-president; scrivener for secretary; keeper of lead, for treasurer; clipper, for warden; chirographer, for guide; robber for chaplain; paper for inside guard cover, for outside guard, etc. Let's hear from all the scribes and fairly see on this and let's attend the meetings better. Wild Bill has not been present for a month, Columbia has lost his pencil and some of the others have forgotten when, and where we meet. Wake up brethren and the keeper of lead will give you a clipp on the head with a rubber. You ought to have heard Sam Suort when he saw Lee casting Blue Eyes at Venue.

GOLD KNOB.

June 1.—We are still dry and looking for rain. Cotton is in a very bad condition. Not much of a stand at present. It will take the service of a trained nurse to make a good crop.

Wheat and oats are beginning to ripen. Soon we will hear the hum of the binder, and see the laborers gathering in the sheaves. Fred W. Klutz of this place, and R. F. D. carrier on Rockwell No. 2, purchased a motorcyclo last Saturday and had the misfortune to smash it up before he got it home. He ran it into a ditch, or it ran him into a ditch and both were some what done up.

Carr C. Barger, railway mail clerk now running between Salisbury and Asheville, is at home walking easy this week. He's got the mumps.

Jessie and James Crawford of Morgan's Township have purchased a No 5 Geiser threshing machine and will do threshing work for the public. Sidney A. Trexler of this place, will furnish power to thresh with his 15 h. p. traction engine. The company will be known as The Trexler Crawford Threshing Machine Co.

Mrs. H. J. Brown is right sick at this writing.

A number of our people spent Ascension day at the Yadkin River fishing and sight seeing. They report plenty to see but no fish to catch.

Lewis Strawell of Salisbury visited his Uncle T. J. A. Barger, Saturday night.

Calvin Eshard lost a good horse last week. The cause of its death is unknown.

Mrs. Eva C. Trexler, spent last week in Salisbury visiting relatives.

On last Thursday evening at 8 o'clock the death angel entered the home of Mr. and Mrs. Joseph N. Holshouser and plucked the blossom of the home when little Joseph Ray gave up his sweet little life and entered the great beyond. Little Joseph Ray was born, August 8, 1918, and departed this life May 28, 1914, aged 9 months and 25 days. The little one was only sick but a few days with cholera infantum. It suffered much during its short sickness and was only relieved when God in all his infinite wisdom looked down upon him and summoned him "to come unto me." The funeral service was held from St. Peter's E. L. Church, and it was laid to rest in the cemetery near by, Rev. H. A. Trexler officiating. We can only be comforted after the loss of these little ones when we remember that Christ said, "suffer the little children and forbid them not for of such is the kingdom of heaven." LEE.

Salisbury People must Recognize and Heed It.

Kidney ills come mysteriously. But nature generally warns you. Notice the kidney secretions. See if the color is unhealthy. If there are settlings and sediment.

Passage frequent, scanty, painful. It's time to fear serious kidney trouble.

It's time to cure Doan's Kidney Pills. Doans have done great work in Salisbury.

M. M. Williams, 18) Chestnut St., Salisbury, N. C., says: "I suffered a great deal from back-aches and pains across my kidneys. Sometimes I had dull headaches and felt tired. I noticed that the kidney secretions were unnatural and I finally went to J. W. McPherson & Co.'s Drug Store and got Doan's Kidney Pills. After taking several boxes, I felt better in every way. I hope other kidney sufferers will try this remedy."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Williams had. Foster-Milburn Co., Props., Buffalo, N. Y.

2ND CREEK AND DUNN TOWN

June 1.—We had a fine rain last Friday night and the farmers have gotten in good heart again.

Mrs. S. O. Gentile is very sick at this writing with erysipilis in her face.

Elmer Dann, who runs a store in Dunn Town, and who was down sick last week with malaria, is up and about again.

The Woodleaf base ball boys' game was last Saturday afternoon and crossed bats with the Dunn Town boys. The result was 4 to 5 in favor of the Dunn Town boys. This was quite a feather in their caps as the Woodleaf team does not get beaten very often.

There was no preaching at Gay's Chapel last Sunday owing to a misunderstanding about the time. The preacher did not get there, but there will be preaching the second Sunday night in this month.

Mrs. V. Cook is very sick at this writing.

The farmers are quite busy now as everything needs work at once. No time now for fishing boys.

No sickness this week except a few colds and whooping cough.

G. A. Peacock, L. H. Eller, C. H. Waller and John Miller returned Sunday evening from a trip to Washington, D. C. They had a grand trip and visited several of the national buildings and places of interest around the city, including the new museum, national library, zoo, capitol and other places. Thousands of people were in Washington on Saturday as it was a legal holiday.

Line Between High Point and Thomasville is Open

Thomasville, May 31.—Saturday Bird S. Coler ran his first electric battery car over the Carolina & Yadkin River Railway from High Point to Thomasville and back, making the trip in one hour and thirty minutes each way. A large crowd gathered at the station in Thomasville to welcome the arrival of this first car and on the return trip several people accepted the invitation of Mr. Coler, who was along to take the initial ride back to High Point.

This road which operates daily trains from High Point by way of Thomasville on through to High Rock, where it connects with Southbound Railroad will now be of still greater usefulness to the traveling public with this new electric addition, which however operates only between High Point and Thomasville. Mr. Coler informed the writer that a regular schedule will be put on between these two towns for the electric car in about ten days.

Collier Starstad is Held by Officials

Montreal, Que., May 31.—The collier Starstad, which rammed the liner Empress of Ireland in the St. Lawrence River near Father Point early Friday morning reached here late today under her own steam. Contrary to stories of her condition she was little injured. Her stem was bent back a dozen feet high above the water line. She has 11,000 tons of coal on board. Only a few officials were allowed to board the vessel. Immediately the vessel tied up a writ issued by the Canadian Pacific Railway, claiming \$2,000,000 in the Quebec Admiralty Court, was served on Captain Anderson and Starstad was placed under detention.

Captain Anderson said he could make no statement as official of the Dominion Coal Company, charterers of the boat, had arranged to do that. Seamen who were persuaded to tell something of the collision, though warned by their officers not to talk to newspaper men, said Captain Anderson was off duty at the time of the accident; that the ship had been ordered astern before it struck the Empress a glancing blow and that 350 people were saved by the crew of the Starstad.
