

SALISBURY AND ROWAN COUNTY LOCALS

A class from the Old Fellows orphan home at Goldsboro, will give an entertainment in the auditorium of the new court house tonight. This is a worthy object and should be well patronized.

Philip Sowers, one of Rowan's large land owners, now in his 91st year, is critically ill at his home near the Yadkin River.

A Negro who was pumping up a bicycle at Arey Hardware Company's store early Saturday morning, was arrested by Officer Julian on suspicion. It turned out to be a stolen bicycle, but on trial before Judge Kluttz, Monday there was no evidence to prove that the man arrested had stole it. He said he bought the wheel.

Last Friday morning R Lee Wright, Esq. received a \$5,000 check as payment of damages awarded Mrs. Annie L. Harkey, whose husband was killed nearly two years ago while driving a traction engine from Lexington to Salisbury by the Geiser Manufacturing Co. Mr. Wright and Haylen Clement were attorneys for Mrs. Harkey.

G. Ed. Crowell of Concord has purchased the timber on the Nugget Mine land in Cabarrus County, the property of Mrs. Richard Eames. Ray P. Glover, son of John M. Glover of Salisbury, a student of Technology, has for the third time been on the honor roll of that institution.

The friends of John A. Murphy, a member of one of the oldest families in Salisbury, will regret to learn that he has suffered a stroke of paralysis.

As usual there is much interest here among the fire fighters in regard to coming twenty-seventh annual convention and tournament to be held in Winston-Salem, August 4-7. \$1,500 in prizes are offered in the various contests, much of which the Salisbury and Spencer boys hope to capture as is their custom.

James H. Farley has opened his new store in the Empire Block of which W. L. Hollowell is manager.

The sale of the Boyden property adjoining the passenger station was completed Thursday night. The sale was conducted by the Southern Land Auction Co., of Asheville, and the chief buyer was a Mr. Lynch of the same city.

The unveiling ceremonies by the Woodmen of the World of the monument erected at the grave of Gen. Henry Kerns, at Granite Quarry, will take place next Sunday. Addresses will be made by C. A. G. Thomas pastor of the First Baptist Church, Salisbury, Geo. H. Wise and others.

Mr. and Mrs. Arthur L. Shaver are arranging to make their home at Albuquerque, New Mexico. The many friends here will regret to learn of the intentions of these good people to leave. Mrs. Shaver's health is the cause of the change.

Max L. Barker, of Macon, Ga., who is just recuperating from an attack of typhoid fever, will spend a few days here next week with relatives and friends. Mr. Barker's friends are glad he has recovered.

John and Burrett Beaver, of Kannapolis, who came to Salisbury on a motorcycle and spent Sunday here, met with quite an accident just as they were at Chestnut Hill on their return trip. The motorcycle struck a rock and threw the riders to the ground, bruising them up somewhat. John in falling, struck his head against a street car rail, was knocked unconscious. A physician dressed their wounds and they returned home on the train.

Mrs. T. M. Winecoff and children are visiting Mrs. Winecoff's parents, Mr. and Mrs. W. J. Fesperman of the Grace Church neighborhood. The members of Hero Council, No. 65 Jr., O. U. A. M., will celebrate with a banquet in their hall at China Grove tonight.

SENATOR OVERMAN TO BE INVESTIGATED

Walter George Se-me to Have Drawn him into a Net.

Washington, June 15.—North Carolina is again in the limelight. This time the Gold Hill Consolidated Company is the cause. Walter George Newman, the delightful mixer of words, is to be investigated by a Senate committee. The Senate will adopt a resolution providing for a thorough investigation of the use of the stationery of the Senate Rules Committee, Senator Overman, chairman, and the Senate Census Committee, Senator Chilton, chairman, by promote the so-called Gold Hill Consolidated Company.

It has been rumored about Washington for some time that Senators Overman, Chilton and Swanson were helping Mr. Newman boost the Gold Hill mines. Mr. Newman claims that he has opened up rich veins that will yield \$60,000,000 in gold. Many of those who have been in the mine, including one or more Government experts think that Mr. Newman's claim is well founded.

Senator Overman's attitude has been, all along, that if there is a great wealth of gold in Rowan or any other North Carolina county, it should be brought to the surface. He thinks that it was proper for a United States Treasury expert to pass upon it. He has tried to help the State.

The story that started the investigation was printed in The New York Sun and the Washington Herald of today. It states that Newman used the letter paper of Senator's Overman and Chilton's committee to boost his mine.

In asking for an investigation of the charges made by the papers Senator Overman said:

"Mr. President, while so far as I can see there is no reflection whatever upon my integrity contained in these newspaper articles, I desire to introduce a resolution asking the Senate to investigate the matter thoroughly because otherwise, someone may say there is some."

"So far as the statement concerning letters copied on stationery from my files is concerned, I wish to say that there were just a few copies taken by my lady stenographer who is very much depressed about it. She said that late one evening, when I was absent, Mr. Newman came to my office and asked her to make copies of a certain letter which she did, not thinking there was any harm in doing so. She had frequently done the same thing for other parties. People from my State frequently come there and have letters copied and she copied the letter in this instance as I have said, believing there was no harm in it."

"After I saw a very rosy statement concerning the mine and after a talk with this man J. C. Williams, whom I do not know and with whom I have never talked before, in which he said the mine was worth about \$60,000,000 and the stock was selling at 20 cents, I did buy \$2,000 worth of stock or to assist in its promotion in any way whatever. Down in my office the letter paper of the committee of which I am chairman was used without my knowledge and consent by a poor woman who was in the office temporarily."

"After I saw a very rosy statement concerning the mine and after a talk with this man J. C. Williams, whom I do not know and with whom I have never talked before, in which he said the mine was worth about \$60,000,000 and the stock was selling at 20 cents, I did buy \$2,000 worth of stock or to assist in its promotion in any way whatever. Down in my office the letter paper of the committee of which I am chairman was used without my knowledge and consent by a poor woman who was in the office temporarily."

Young Man Kills Fine Horse at Mt. Ulla.

The Mooresville Enterprise tells of a very unfortunate affair as follows:

Elmer Miller, a young white man who was in the employ of Dr. George Brown, of Mt. Ulla, working as a farm hand, displayed a very unruly temper on last Friday. He was engaged in plowing a certain field, and was working a fine horse which Dr. Brown is reputed to own. The animal did not work to suit Miller, and in order to emphasize his meaningness in the matter struck the horse on the head with a single-tree, knocking in the skull, killing the animal instantly. The horse was valued at \$200. Miller left the premises at once and had not been seen or heard of up till noon today. He has a family. A warrant has been issued for his arrest.

Family Re Unions for 1914.

There will be quite a number of family reunions in Rowan this year and we are trying to lend all assistance possible to those interested, so will keep the lists standing and invite those not given herewith to send in the necessary information in order that it might also be published. The following have arranged the place and date of their meetings:

Stewart-Pless, Eden 23rd Church July 5th.
Michael Brann descendants, Granite Quarry, July 28th.
Arey Union Church, August 6th.
Traylor, Rockwell, August 12th.
Leutz, Fulton Heights Salisbury, August 18th.
Yest, Phaul Church, August 26th.
Peeler, Crescent, August 27th.

A drinking fountain to hold ice water has been installed in the lobby of the new court house.

DEATHS

A very sad death was that of John Koon, which took place at his home on East Fisher Street, Thursday evening. Mr. Koon was rocking his baby when he fell to the floor and did not regain consciousness, he probably suffered an attack of heart disease. Mr. Koon was a native of the St. Paul church neighborhood, a son of Mr. and Mrs. Geo. H. Koon, he was married and leaves a wife and three small children, a father and other relatives. His remains were taken to St. Paul's church where the funeral was held Friday afternoon, being conducted by the pastor, Rev. M. L. Ridenhour. Mr. Koon was employed as a car inspector by the Southern and was a faithful workman. He was 38 years old and a Mason.

Mrs. J. M. Houston of Charlotte, mother of Mrs. A. W. Harry of Salisbury, died at her home in that city Saturday morning. Mrs. Harry has the sympathy of her many friends here.

The infant of Mr. and Mrs. Raymond Russell, who boarded at Mrs. M. C. Kuffy's on East Bank Street, died Friday. His remains were taken to Gold Hill for interment.

W. M. Gerrard, the fireman who was taken off his train at Concord last Wednesday, having been overcome with heat, died Saturday. Mr. Gerrard made his home at Concord and the funeral was held there.

The friends of Mrs. J. O. White will sympathize with her in the loss of her only sister, Mrs. J. C. Miller, who died in Indianapolis, Ind., Thursday. She was 78 years old and leaves a husband and several children.

The 18 months-old daughter of Mr. and Mrs. Herbert Cook, died at the home of their parents, at Kannapolis, early Sunday morning. The funeral was held at the house and the interment was at Concordia church Sunday afternoon.

George A. Beger, one of the splendid citizens of Providence Township, died at his home near Union Church, early yesterday morning at the age of 71 years. The funeral was held from Union Church this morning being conducted by the pastor, L. B. Spracher. Mr. Beger was an old Confederate veteran, a successful farmer and a devout Christian. He leaves a wife, three daughters, Mrs. A. L. Lively, Mrs. W. A. Agner, and Miss Laura, all of Providence Township, and one son, John Beger, of Salisbury.

B. Y. P. U. Has a Fine Meeting.

Raleigh, June 13.—Two able and inspiring addresses last night by Rev. C. A. G. Thomas, pastor of the First Baptist church, of Salisbury, and Dr. Weston Bruner, of Atlanta, closed the final session of the Baptist Young People's Union at the First Baptist church. The devotional services were conducted by Rev. J. A. Campbell, who presided over the meeting, and who presented the speakers that followed him.

The report of the nominating committee was submitted at the morning session, and their recommendations for officers was adopted, the officers being chosen as follows: President, L. Buon Olive, Apex; first vice-president, W. G. Privest, Washington; second vice-president, W. M. Gilmore, Lenoir; third vice-president, G. T. Page, Lumberton; fourth vice-president, R. G. Kendrick, Greensboro; recording secretary, Miss Beulah Brown, Mars Hill; treasurer, L. F. Yest, Raleigh; auditor, L. R. Norris, Raleigh.

The committee on place of meeting recommended Mount Airy, and the convention immediately accepted their recommendation, and decided to hold the 1915 meeting in that town.

A bomb is exploded in a London Church. London, June 14.—A bomb was exploded in St. George's Church Hanover Square, tonight. Evidence tends to show the explosion was the work of suffragettes and coming so close on the bomb outrage in Westminster Abbey, the desecration of this famous edifice has increased alarm as to how far the militants intend to go.

Three pews and three stained windows were damaged by the explosion. The famous painting of the "Last Supper" by Sir James Thornhill, which hangs over the altar, was not damaged, although the window above it was splintered.

RED DEVIL LYE
BIG CANS ONLY 5¢
Let ME Rot Your Compost
I am the champion rotter of the world. I'll rot leaves, straw, stalks, manure, sawdust or any other vegetable matter, even dirt, into a rich, high-grade fertilizer, in less than two months. Just keep me on the job and I will save you a big lot of that fertilizer money. If you want to know all about this compost rotting, as well as spraying and preventing hog cholera, write "Red Devil" 519 N. Second Street, St. Louis, Mo., and I'll send you a little book, free, that tells how.

I am Red Devil Lye

DIVISION FATAL FOR ENGINEERS.

Many Have Died Between Greensboro and Danville on Southern.

Greensboro, June 14.—Another was added to the long line of railroad disasters that have made the stretch of the Southern Railroad between Greensboro and Danville notorious, early this morning, when Southern passenger train No. 29, the fastest train on the main line, was derailed just beyond Reidsville, resulting in the death of Engineer John Wingate and Fireman Gale Pickard, and the injury of a number of passengers. It is believed that none of the injured are fatally hurt.

A bad trail is supposed to have caused the accident. The train was speeding southward toward Greensboro, Salisbury and Jacksonville as a rapid rate when the engine left the track and plunged its way into the earth at the side of the road, smashing the engine badly and tearing up the baggage and express coaches. All the Pullman and day coaches except the two in the rear left the track.

Engineer Wingate was soon rescued from beneath his engine and brought to Greensboro. When rescued he was alive, but suffering badly from severe scalds. He died at 1 o'clock and before he could be given medical attention. He was one of the best known and most popular engineers on the road. He was one of the few men who had their names in brass letters on the cylinders of their engines. He has had twenty-five years of service.

He belonged to that school of engineers in which the late lamented Kinney and others were enrolled. One by one these men have lost their lives somewhere on the division most of them coming to a fatal end between Greensboro and Danville. His fireman, Pickard, was a young man of excellent habits.

It was not until late this afternoon that the wreck was cleared so trains could pass through. All north and southbound trains today were badly delayed by the accident.

The dead engineer and fireman were taken to their homes in Spencer Sunday and the bodies were viewed by numerous friends and sorrowing relatives. The funerals were held Monday, that of Mr. Wingate's from the Methodist Spencer Church, the service being conducted by the pastor, Rev. H. C. Sprinkle, and the interment was in Chestnut Hill Cemetery; and Mr. Pickard's funeral was held from the residence of his wife's sister, Mrs. W. M. Johnson, in Salisbury, Rev. Bryon Clark, pastor of the First Presbyterian Church, officiating. His remains were taken to Concord for interment.

These war-torn men of high standing in Spencer and Salisbury and their many friends keenly feel their loss.

Deafness Cannot Be Cured

By local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

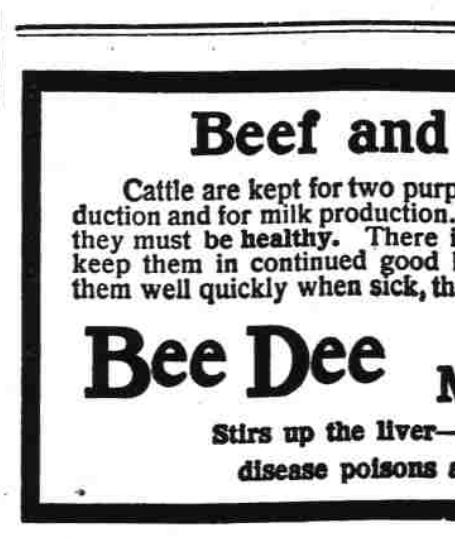

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

MR. LEWIS A. RIFFLE tells his experience with coughs and colds that lead to nervousness and debility.

Colds are often aggravated during the Summer because of inactive bowels and a stomach out of order are prime causes in keeping a cold from getting well.

Pe-ru-na has very beneficial laxative qualities that neutralize such conditions. Its tonic ingredients tone up the system, and thus invigorate the stomach's functions to normal activity.

Mr. Riffle's experience is especially interesting at this time of the year because it shows the close relationship there is between a nervous breakdown and a neglected cold.

Pe-ru-na should be kept in the home at all times, that a cold upon its first appearance may be treated promptly and successfully. This often saves money and time, and what is more important, a great deal of vitality.

Mr. Riffle, of 758 Gautenbein Ave., Portland, Ore., writes: "I have found Pe-ru-na a most remarkable medicine for building up the system and for curing coughs and colds."

"I took it for four weeks a few months ago when I was all run down, nervous and debilitated, and it quickly restored my health."

"I always keep it on hand, as a few doses will cure a cold if taken in time."

People who object to liquid medicines can now obtain Pe-ru-na Tablets.

The Democratic state convention held in Raleigh last week adopted a platform, and in that platform was written this paragraph:

"We stand for the strict upholding of the laws prohibiting the sale and manufacturing of intoxicating liquors, in the enforcement of which great progress has been made. We are made glad by the evidence that both drinking, drunkenness and the crime that they bring are rapidly decreasing."

Having qualified as administrator of the estate of D. D. Alexander, this is to notify all persons having claims against the said decedent to file an itemized, verified statement of same with the undersigned on or before the 27th day of May, 1914, or this notice will be pleaded in bar of their recovery. OLD FOLKS FIND NEW REMEDY RELIEVES ALL KIDNEY AND BLADDER MISERIES

Drives Rheumatic Pains Away, Relieves Backache and Bladder Disorders After A Few Doses Are Taken

Sleep disturbing bladder weakness, backache, rheumatism, and the many other kindred ailments which so commonly come with declining years, need no longer be a source of dread and misery to those who are past the middle age of life.

The new discovery, Croxone, overcomes all such disorders because it reaches the very cause of the trouble. It soaks right into the kidneys, through the walls and linings; cleans out the little filtering glands and cells, and gives the kidneys new strength to do their work properly. It neutralizes and dissolves the poisonous uric acid substances that lodge in the joints and muscles, causing rheumatism; and makes the kidneys filter and sift out all the poisonous waste matter

from the blood and drive it out of the system.

It matters not now old you are or how long you have suffered, Croxone is so prepared that it is practically impossible to take it into the human system without results. You will find it different from all other remedies. There is nothing else on earth like it. It starts to work immediately and more than a few doses are seldom required to relieve even the most chronic, obstinate cases.

It is the most wonderful remedy ever made for restoring the lifeless organs to health and strength and ridding the system of every particle of uric acid, and you can take it with the utmost confidence that nothing on earth will so quickly cure such conditions.

You can obtain an original package of Croxone at trifling cost from any first-class druggist. All druggists are authorized to personally return the purchase price if Croxone should fail in a single case.
