

COULD SCARCELY WALK ABOUT

And For Three Summers Mrs. Vincent Was Unable to Attend to Any of Her Housework.

Pleasant Hill, N. C.—"I suffered for three summers," writes Mrs. Walter Vincent, of this town, "and the third and last time, was my worst. I had dreadful nervous headaches and prostration, and was scarcely able to walk about. Could not do any of my housework. I also had dreadful pains in my back and sides and when one of those weak, sinking spells would come on me, I would have to give up and lie down until it wore off. I was certainly in a dreadful state of health, when I finally decided to try Cardui, the woman's tonic, and I firmly

believe I would have died if I hadn't taken it.

After I began taking Cardui, I was greatly helped, and all three bottles relieved me entirely.

I fattened up, and grew so much stronger in three months, I felt like another person altogether."

Cardui is purely vegetable and gentling. Its ingredients have a mild, tonic effect, on the womanly constitution.

Cardui makes for increased strength, improves the appetite, tones up the nervous system, and helps to make pale, narrow cheeks, fresh and rosy.

Cardui has helped more than a million weak women, during the past 50 years. It will surely do for you, what it has done for them. Try Cardui today.

12 Reserve Banks Ready by August 1.

Washington, June 12.—Treasury Department officials were still of the opinion today that it would be possible to have the 12 Federal reserve banks in operation by August 1 although they say the demand for money to remove crops has not been such as would suggest any great strain to be relieved by the reserve banks.

Practically the remainder of June will be required for the election of directors of the Federal reserve banks. Banks which are to become members of reserve banks now are balloting for directors of the A and B classes. Each reserve bank will have three directors of class A and three of class B all named by electors selected by the various member banks. Three directors of class D are then to be designated by the Federal reserve board and must be men with banking experience.

Burwell's Death Confirmed.

Information reached Washington tonight absolutely confirming the death of Weston Burwell, a personal friend of Secretary Daniels, who was shot in a boat on a lake near Tampa several weeks ago. Federal soldiers were responsible for Burwell's death. They called to him to stop the boat. He refused and was shot dead.

It is understood that the details were received today by Mr. Bryan. Beyond admitting that he has absolute assurance that Burwell is dead Bryan made no comment. It was said on good authority that when the atrocious details of the American's death are made known it will cause a stir in this country.

FAITH.

June 11.—The Ladies Aid Society of the Faith E. L. church will have an ice cream supper at Henry Hess's Saturday June 20th, beginning at four p. m. and will continue into the night. Everybody cordially invited.

Agustus Foster, who has been in Oregon for the past five years, is in on a visit to his relatives. He has just visited his sister, Mrs. Hall Rasher.

John Rowland, his father and brothers passed through Faith with a new wheat threshing machine. They were taking it to their home at Mount Pleasant, where they will thresh wheat this season for the public. The wheat and oat crops are fine this year about here.

Venus was in Salisbury today and saw part of the lots on the Boyden property sold. The first lot brought \$5,550. Venus guessed it would bring \$7,552 50 so we missed it that much, but some one got the \$25 00 in gold for guessing the nearest correct price.

We saw people all along the road today cutting wheat and rades. This is right in the heart of harvest.

We got a letter from Sandy Frick on the U. S. S. Florida. He said he was near the Louisiana and went to see Sidney Wyatt, who is on the Louisiana. Both boys are from Faith, N. C.

Samuel Fraley has a sick baby and had to stop work to be by its bedside. VENUS.

June 12.—Fisher & McCombs have just got an order for thirty pair of millstones and are at work on them.

E. P. Kuykendall and Mr. Mrs. John Kuykendall and little son left this morning on a visit to their parents at Asheville where they will spend about a month in the land of the sky.

J. T. Wyatt shipped a thirty-inch pair millstones today by express to the mountains.

L. A. Gant is taking off his harvest.

Jackson Bost passed through Faith today for Salisbury. He has something good to sell every week from his farm. VENUS.

Making Cotton Cloth Waterproof

I want a good method for making waterproof duck or canvas which I use for wagon cover and also to cover my seed beds.

Take three pints of linseed oil; one ounce of acetate of lead; quarter of a pound of rosin. Grind the lead acetate in a little oil and then add the rest and the rosin. Put these into an iron pot over a moderate fire to melt. Stretch the canvas tight by tacking it on a frame, and then apply the mixture with a flat brush. It will be ready for use in 24 hours.—The Progressive Farmer.

Pickle Worms

This is from Alabama: "We grow cucumbers largely here, but the worms that bore into them get worse every year. Have tried Bordeaux mixture without results. What is best.

The worm is the common pickle worm that attacks cucumbers and cantaloupes alike. Bordeaux mixture is not an insecticide but a fungic de. It is well to spray the cucumbers with Bordeaux to prevent the leaf blight and mildew, but to destroy the worm you should add about two pounds of lead acetate to 50 gallons of the Bordeaux mixture and spray with that and thus help the plants and destroy the worms at same time. If heavy rains follow, repeat the spraying.—The Progressive Farmer.

Cannot Grow Butter Beans

Please tell me the reason why I cannot grow butter beans. My garden is on the bank of the river, and very black loam. The vines grow luxuriantly and are full of fine blooms, but no beans develop. I have not used any fertilizer at all."

Your garden simply has an excess of nitrogeu, as is shown by the luxuriant growth of the vines, but it lacks the mineral elements that make seed. I manure my garden over every winter and then apply a mixture of four parts acid phosphate and one part muriate of potash, at the rate of 1000 pounds an acre, and I grow butter beans and everything else to perfection. But the large white Lima beans are never so productive in the South as the small Lima or butter beans, and in fact to my taste the small Lima is the best. I use the small Lima for a climber and plant Burpee's Fordhook Bush Lima for large one. This bears well, and makes very large beans of the Potato Lima class. Your soil needs a balanced ration just as the animal does. Give it the dressing of acid phosphate and potash and it will grow butter beans freely. Another correspondent in eastern North Carolina has the same trouble. He says: "For years I have been putting stable manure on my garden and intended not to do so this year, but was away and it was done. Plants in my garden grow very luxuriously but not much fruitage, now to remedy this could I use commercial fertilizers, and if so what and how much?"

This correspondent too has got too much nitrogen and needs the same application.—W. F. Massey, in The Progressive Farmer

Millions in Gum.

The trade name of Wrigley's "Spearmint" chewing gum is valued at \$7,000,000 in a suit filed in the United States District Court today in behalf of the William Wrigley Jr., Company of West Virginia against the Helmet Company of Cincinnati.

The suit charges unfair competition and alleges that the damage suffered by the alleged imitation of the Wrigley package wrap per amounts to more than \$50,000.

SLOAN'S LINIMENT

relieves rheumatism quickly. It stimulates the circulation—instantly relieves stiffness and soreness of muscles and joints. Don't rub—it penetrates.

Rheumatism Never Returned
"I am a travelling man and about one year ago I was laid up with rheumatism and could not walk. A friend recommended Sloan's Liniment and the morning after I used it my knee was all O. K. and it has never bothered me since. I always keep your Liniment in the house and carry it with me on the road."—Mr. Thomas S. Harter, West Philadelphia, Pa.

Rheumatism Neuralgia

Stiffness Vanished
"I suffered with an awful stiffness in my legs. That night I gave my legs a good rubbing with Sloan's Liniment and believe me, next morning I could jump out of bed. I have been supplied with a bottle ever since."—Mr. A. Moore of Manchester, N. H.

Sprained Ankle Relieved
"I was ill for a long time with a severely sprained ankle. I got a bottle of Sloan's Liniment and now I am able to be about and can walk a great deal. I write this because I think you deserve a lot of credit for putting such a fine Liniment on the market and I shall always take time to recommend Dr. Sloan's Liniment."—Mrs. Charles House of Baltimore, Md.

Sloan's Liniment gives a grateful sensation of comfort. Good for sprains, neuralgia, sore throat and toothache. Use it now.
