Farmers Held Meeting Saturday

Resolutions in Reference to the Cotton Situation. Will Meet Again Saturday.

At the call of a number of farmers interested in the cotton situation of the county, a meeting was held here last Saturday. M. W. Menius acted as chairman and explained the cause of the meeting and R. W. Freeman was made secretary. A letter was read from Dr. H. Q. Alexander, president of the State Farmers' Union, and considerable discussion was had relative to ways and means of rendering the assistance needed, if any, after which the following resolutions were passed.

Resolved: That it is the sense of the farmers of Rowan County in meeting assembled that they market their cotton crop slowly; when feasible to store in warehouses either rented or constructed for such storage.

Resolved further that we, the farmers of Rowan, heartily approve and endorse the movement throughout North Carolina and the South to curtail the South's cotton crop from 25 to 50 per cent and not only so, but we pledge ourselves to reduce our acreage to this extent for the next year, provided the other cotton states will curtail their acreage.

Resolved further that we are in sympathy with the purpose of the meeting of the Governor of the nine cotton states North Carolina, South Carolina, Georgia, Florida, Alabama, Mississippi, Louisiana, Texas and Arkansas to be held in Washington city Monday to consider the scheme of issuing \$250,000,000 in state bonds to finance the South's cotton crop.

Resolved further: That we urge that no cotton farmer sell his cotton for less than ten cents a pound, that he concentrate his best effort to hold his cotton for even a higher price, and further more we request that all creditors be as lenient as possible with their debtors who are depending upon cotton for settlement.

A cotton committee was then appointed to investigate the cotton situation in Rowan to find out whether warehouse accommodation can be secured in Salisbury for Rowan's cotton, what price can be secured on properly warehoused cotton and to determine all questions relative to handling this year's crop. The following compose the committee: E. W. Freeman, C. N. Brown, R. B. Bailey. This committee will report at another meeting next Saturday, September 26th when every cotton growing farmer in Rowan interested in the matter is urged to be present.

Murder at Gold Hill Monday

Will Richardson and Sherman Peninger, negro employees at the mines of the Gold Hill Consolidated Company, at Gold Hill, had a misunderstanding about a board bill which Richardson claims he was compelled to pay twice. Vengeance therefore lurked in Richardson's bosom and he decided to get Peninger, so, armed with a revolver, he goes to the boiler room where Peninger was at work whereupon Peninger threw a shovel of coal in his face and attempted to escape but without success Richardson followed and made four shots, one taking effect in the leg and another, after Peninger had fallen, in the head, producing death immediately. Richardson then made his escape, but Sheriff McKenzie and his deputies were notified and blocked every avenue of escape, so that night the fugitive was caught at Rockwell, probably awaiting a train to get out of the State.

Peninger is said to have been a Negro of good character and was blameless in the matter.

An ordinary attack of diarrhoea can almost invariably be cured by one or two doses of this remedy.

An Unusual Character

George MacKenzie of Edinboro, Scotland, will be in this city in the course of the next few days. While there are numerous Scotchmen in this section of the country, many a day's travel would be required to find one like Mr. MacKenzie.

Although born in Scotland, Mr. MacKenzie spent his boyhood days in India and Egypt where his father served for twenty years as Pipe-Major in the British Army.

The gift of coaxing sprightly Scottish melodies from the bagpipes he inherits from his father and it is said by those who know that Mr. MacKenzie is unexcelled by none.

Mr. MacKenzie's peculiarity in dress is unique, as he still clings to his Scottish highland garb, which is really a regimental uniform and his jaunty military carriage readily recalls dim memories of Stevenson's "Alan A' Brack," "David Balfour" and "Treasure Island."

At the present time Mr. MacKenzie is combining business with pleasure, having recently associated himself with the well known firm of McCormick & Company of Baltimore, and is now touring America in their behalf. We are glad to welcome him to our city.
