She says further: "Before I began to use Cardui, my back and head would hurt so bad, I thought the pain would kill me. I was hardly able to do any of my housework. After taking three bottles of Cardui, I began to feel like a new woman. I soon gained 35 pounds, and now I do all my housework, as well as run a big water mill.

**FAITH.**  
 April 10.—Venus made a flying trip with Mr. Palmer in his automobile to Gold Hill and was surprised to see so much work going on there. The stump mill was running, the old time grades were running and we saw more gold than we ever saw before. We saw the largest blasting engine we ever saw. It was run by O. Myers, who is a good engineer. He was bringing up and letting down men, who were putting in timber hundreds of feet deep. Everything is running like clock work.  
 Venus has been visiting in Cabarrus County where he met Robert O. Howell, who lives by himself in a new residence built last fall. He has two nice horses, a crib of corn, a fine flock of chickens and six hens now setting. He is going to raising chickens. He has a big barn full of feed and is getting along fine.  
 We visited at John Luther Miller's No. 7 Township, Cabarrus County and took dinner there. They raise fine hogs to sell, have large fields of wheat and are well-to-do farmers. We also visited at T. A. Pison, who has just bought a farm and has moved on it. We took dinner there. They are good farmers and have plenty of everything. This is his first year on his new farm.  
 The Farmers' Union "Eudy Local," was organized April 18th, 1915, with eleven charter members in Cabarrus County No. 7 Township. This county is coming to the front and is being settled up on all sides.  
 Somebody sent us another fountain pen and we lost the address if they send us their address we will send them the money for it.  
 Venus received seven letters for pumpkin seed and prolific corn and we sent them on.  
 We heard that the double headed calf died recently.  
 Venus wants about two hundred snufflower seeds.  
 The Faith base ball crowd have harrowed and leveled off their ball ground, that they leased for twelve months from L. A. Gant. They paid him a big price for the ground.  
 J. T. Wyatt has a car load of street curbing and a car load of No. 2 paving blocks made ready to ship any day.  
 John a Peeler is confined to his bed today with sickness.  
 Lige Kuykendall, and his brother John, have finished up the granite dairy for Leo Peeler and built another one for Charles Barger and are now at work at Granite Quarry helping to erect a granite store house that Lewis Kinzie is having built to rent out near the depot.  
 Venus wants to buy the frame of a small vertical corn mill. Second hand.  
 Venus will furnish a corn mill (it some will run it) for part of the toll.  
 There will be a big fourth of July rally in Faith this year. More about it later.  
 Adolph Casper's little son died April 16th at the age of 2 months and 12 days. The funeral was conducted by Rev. O. P. Fisher at Faith where the burial took place Sunday.  
 Venus will exchange a good farm horse for a young small milk cow or a heifer. The horse is plowing now every day and is gentle and safe to buggy or wagon.

**CHRISTIANA.**  
 The exhibition at Rowan Academy was a success and largely attended.  
 A young man was arrested Saturday night for carrying a pistol. It is said that Rev. N. D. Bodie preached a fine sermon at Christiana on the 18th instant. Some say it is the best they ever heard him preach. We hope there will be a general revival among the dry bones of the valley. It is high time that all the Protestant churches be awake to a sense of the responsibilities retaining upon them.  
 In the review on the Sunday School lesson of the 15th instant there was a pleasant compliment passed on those who have red hair from the fact that David, the pious man had red hair, blue eyes and a fair countenance. If Viola had red hair, she would have been proud of it, and never, for a moment believe it was any sign of ugliness or ill temper.  
 Rev. R. L. Brown has recently passed his 75th mile stone and if he and Mrs. Brown can live until the last of January 1916 they will have been together 50 years.  
 Nathan Brown was pulled off of a horse last week by a clothes line, and was unconscious for some time. He has a bruised shoulder and a very sore arm, otherwise. But do not think he is seriously hurt. He is able to be about.  
 Farmers are thinking of putting their cotton seeds in the ground for fear it will get so dry they cannot come up.  
 Wheat and oats do not show a run up and if it should turn out dry we will not have a very good wheat crop through here.  
 There were so many girls and boys at the exhibition at Rowan Academy we are not able to say where the first wedding bells will be heard.

**Fire Monday Evening**  
 Monday evening about 8:30 o'clock the fire company was called from box 15 corner Main and Monroe Streets. Upon arriving on the scene it was found that a small store building used as a cafe was the scene of the fire. It was only a small blaze and was extinguished before the arrival of the fire company. No damage was done.
