## REMARKABLE CASE of Mrs. HAM

Declares Lydia E. Pinkham's Vegetable Compound Saved Her Life and Sanity.

Shamrock, Mo.—"I feel it my duty to tell the public the condition of my health before using your medicine. I had falling, inflammation and congestion, female weakness, pains in both sides, backaches and bearing down pains, was short of memory, nervous, impatient, passed sleepless nights, and had neither strength nor energy. There was always a fear and dread in my mind, I had cold, nervous, weak spells, hot flashes over my body. I had a place in my right side that was so sore that I could hardly bear the weight of my clothes. I tried medicines and doctors, but they did me little good, and I never expected to get out again. I got Lydia E. Pinkham's Vegetable Compound and Blood Purifier, and certainly would have been in grave or in an asylum if your medicines had not saved me. But now I can work all day, sleep well at night, eat anything I want, have no hot flashes or weak, nervous spells. All pains, aches, fears and dreads are gone, my house, children and husband are no longer neglected, as I am almost entirely free of the bad symptoms I had before taking your remedies, and all is pleasure and happiness in my home."—Mrs. JOSIE HAM, R. F. D. 1, Box 22, Shamrock, Missouri.

If you want special advice write Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass.

Mr. H. T. Walker, of Salisbury, is the fortunate possessor of an International Harvester 8-16 Mogul tractor recently purchased from the Salisbury Hardware & Implement Company. This useful little machine has become widely known as the "small-farm tractor for all farm work." It is a tractor of the 4-wheel, general purpose type, which can be used for all plowing, seeding, harvesting, hauling, and for the running of all such machines as ensilage cutters, huskers and shredders, feed grinders, and other power machines in general use on North Carolina farms. Mr. Walker expects to use it for all these purposes and to do with it, in the course of a year, a great deal of the work for which at present he is using horses.
