Entered as second-class matter January 19th, 1905, at the post office at Salisbury, N. C., under the act of Congress of March 3rd, 1879.

Salisbury, N. C., Sept. 15, '15.

Judging by the printed stuff being scattered the next fair to be held here will get most of its patronage from Cincinnati.

And Charlotte is to have an imported secretary for her Chamber of Commerce. Is it possible she too has no capable home-grown men?

The WATHMAN sees very little need for women notaries and thinks about fifty per cent. of the men notaries could be dispensed with.

Germany is said to be willing to pay one mark, or 28.8 cents, per pound for cotton delivered at Bremen. Just so, but getting to Bremen is the trouble.

Alabama has about gone dry too, except that it permits "ministers" to receive five gallons of whiskey per month for "sacramental" purposes. Rather tough on the ministers and the sacraments. But why not be truthful and say, five gallons per month for Romish priests to keep drunk on?

Ten United States cavalrymen were surrounded by thirty Mexicans on the border line near Brownsville, Texas, Monday, and two killed. We do not know just how far this matter may go with out dragging the United States into an invasion of Mexico. It is generally believed the Roman Catholic Church is behind these raids hoping to secure American intervention and protection for their cause, the very poorest excuse for such a step and the very best reason why it should not be taken. However, if the matter is for us to settle, let it be annexation and colonization, then Christianize and educate the people before permitting them to exercise the full rights of American citizenship. To naturalize Mexicans as they are, after four hundred years of Roman degradation, would be a national calamity.

A financial commission from England and France arrived in New York the other day for the purpose of stabilizing exchange rates between them and the United States. The plan proposed is to float a loan of one billion dollars in America with which to pay for the great quantities of war munitions being purchased and also for wheat, corn, cotton, meats and manufactured goods. The credit of the borrowers will be back of the bonds but they offer no collateral. Some American financiers are said to be shocked and doubt the advisability of making the loan under such circumstances. The question of American neutrality, it is understood, will not be raised by the government, and it is stated the loss to America will equal the value of 200,000,000 bushels of wheat should we fail to make the loan.

### Asked to Rehear Notary Case.

Raleigh, Sept. 14.—Judge W. A. Hoke, Associate Justice of the Supreme Court, is wrestling now with the problem of whether or not there shall be a rehearing of the noted "woman notary" case from Buncombe County, testing the constitutionality of the act of the last Legislature allowing the Governor to appoint women to positions as notaries. Judge Hoke was one of the three justices who delivered the controlling opinion of the court that the act was unconstitutional.

After passing on the petition he may or may not direct the clerk of the Supreme Court to reinstate the case of the State vs. Mrs. Nolan Knight on the docket for a rehearing. Members of the court say that while there are frequent petitions for rehearings are filed with one and another of the members of the court by the losing sides in litigations, a very small percent of them are over allowed.

## Will Ask For Complete Disavowal

Failing to Get it Will Sever Diplomatic Relations With Germany

Washington, Sept. 14.—Favorable adjustment of the submarine controversy with Germany depends entirely on Berlin's acceptance of recommendations cabled today by Ambassador Bernstorff as a result of his conference yesterday with Secretary Lansing.

Details of the conference became known today, throwing light on the critical stage the negotiations had reached. The Washington Government was almost ready to sever diplomatic relations, but decided to delay taking any step until Germany could be furnished the evidence in its possession on the Arabic case.

In view of the evidence, the United States wants a disavowal of the act. That was made clear to count Bernstorff. Arbitration cannot be an issue for consideration until the attitude of the German Government toward the act itself is placed on record. Later the American Government may consider a proposal to arbitrate, not the principle, but what indemnity should be paid for lives lost.

Should Germany fail to satisfy the demand for disavowal indications tonight were that Washington would sever diplomatic relations.

### Raleigh Votes \$100,000 School Bonds.

Raleigh, Sept. 14.—Raleigh carried today by an overwhelming majority the election for \$100,000 bond issue for public school buildings. The special registration was 1,625 and the vote cast for bonds was 1,277 and against bonds 60. The school board will proceed at once to build a new fireproof school building to take the place of the Murphy school damaged by fire, probably selling the old building and site and purchasing another site. Also a fireproof building will be erected for Glenwood suburb and improvements made in other school buildings.

# 5 Women Avoid Operations

For years we have been stating in the newspapers of the country that a great many women have escaped serious operations by taking Lydia E. Pinkham's Vegetable Compound, and it is true.

We are permitted to publish in this announcement extracts from the letters of five women. All have been recently received unsolicited. Could any evidence be more convincing?

- HOBOKEN, ME.**—"I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached and I was so nervous I could not sleep, and I thought I never would be any better until I submitted to an operation, but I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman."—Mrs. HAYWARD SOWANS, Hodgdon, Me.
- SHELBYVILLE, KY.**—"I suffered from a severe female trouble. My right side hurt me badly—it was finally decided that I must be operated upon. When my husband learned this he got a bottle of Lydia E. Pinkham's Vegetable Compound for me, and after taking it a few days I got better and continued to improve until I am now well."—Mrs. MOLLIE SMITH, R.F.D., Shelbyville, Ky.
- HANOVER, PA.**—"The doctor advised a severe operation, but my husband got me Lydia E. Pinkham's Vegetable Compound and I experienced great relief in a short time. Now I feel like a new person and can do a hard day's work and not mind it."—Mrs. ADA WILT, 303 Walnut St., Hanover, Pa.
- DECATUR, ILL.**—"I was sick in bed and three of the best physicians said I would have to be taken to the hospital for an operation as I had something growing in my left side. I refused to submit to the operation and took Lydia E. Pinkham's Vegetable Compound—and it worked a miracle in my case, and I tell other women what it has done for me."—Mrs. LAURA A. GRISWOLD, 2437 East William Street, Decatur, Ill.
- CLEVELAND, OHIO.**—"I was very irregular and for several years my side pained me so that I expected to have to undergo an operation. Doctors said they knew of nothing that would help me. I took Lydia E. Pinkham's Vegetable Compound and I became regular and free from pain. I am thankful for such a good medicine and will always give it the highest praise."—Mrs. C. H. GRIFFITZ, 1568 Constant St., Cleveland, O.

## Rowan Will Help to Remove Illiteracy

A meeting was held in the rooms of the County Board of Education here Saturday, September 4th, when Mrs. J. P. Moore was made chairman and Prof. R. G. Kiser, secretary, of the county committee to remove illiteracy in Rowan.

Another meeting was held last Saturday and arrangements were made to appoint a committee in each school district in the county, secure the names of teachers for the schools and those who will assist in getting attendance. This work will be done in connection with the Statewide movement and is expected to match the work done, so far as results are concerned, in any section of the State. This is a great work and deserves the hearty co-operation of every good citizen. It is one of brotherly consideration and no one should hesitate to attend these schools as no one will be prouder of results than the beneficiaries.

### Casper Will Plead "Guilty."

Fort Smith, Ark., Sept. 9.—John L. Casper, Kansas Cyclopedia dealer whom Government authorities designated as the head of the big "blue ring" discovered here several months ago, will plead guilty when arraigned in the United States District Court next October, according to Casper's statement. Casper said also he intended advising all other defendants in the whiskey blockade to do likewise. Casper is a defendant in indictments carrying more than one hundred counts in the alleged moonshine conspiracy. He said he did not intend to plead guilty to the indictment charging him with bribing Knox Booth, of Nashville, Tenn., former revenue agent of the Tennessee district, who turned informer and who is under indictment charged with accepting bribes from the moonshiners. Casper said the reason he intended pleading guilty was because he was tired of paying attorney fees.

## Plant that dollar in the bank today

YOU can't expect a crop of money at the end of your earning season if you don't plant a few dollars in the bank NOW. LIFE is just a matter of farming—of finding fertile soil in a good field—of breaking ground and being patient. The harvesting comes last—the main work must be done while the least results are showing.—Herbert Kaufman.
