Salisbury, N. C., Oct. 6, '15.

Governor Craig says the increased tax rate is all right and others jump up and say the increase is not as much as is customary every four years, therefore we should understand that notwithstanding the rapidly enhancing of taxable values and increase in tax-payers, we should cheerfully look forward to the increase of taxes year by year and thank heaven the State doesn't confiscate our little all. But what about the Democratic slogan of economy, free trade and an easy yoke? All right Miss Democracy just go ahead and put the screws to us to the limit, you'll be glad to have a straw tick to lie on some day.

If you believe in spending your dollars in Salisbury so they can be spent and spent in Salisbury then spend them with Salisburians and Salisbury business enterprises. The same logic applies in other ways, for instance: If you want to help build up and strengthen Salisbury and Salisburians make it a point to employ Salisburians and give them the preference in every way possible. Germany has developed into one of the strongest nations on earth and did her building from the inside. Out of every 100 men in Germany 95 of them are loyal, patriotic Germans, ready to stand by Germany first and last, which accounts for the harmony and strength of the nation. This is a splendid example that Salisburians might follow with profit. Spend your money at home and patronize Salisburians who conduct Salisbury enterprises.

U. S. Crop Report Sends Cotton up.

New York, Oct.—The government's report pointing to the smallest cotton crop since 1909 caused a sensational advance in the market today with prices making new high record for the season on excited general buying. January contracts sold up to 12.87 or 74 points above Saturday closing figures and more than \$5 per bale above the low level of last Friday and nearly \$19.00 per bale above the low level of last summer. Closing prices were 8 to 6 points off from the best under real zing but the final tone was steady at a net gain from 68 to 60 points for the day.

The market ruled very steady before the official condition reports were published. The census figures showing 2,900,007 bales ginned to September 25, were published with 3,898,753 bales last season, were published at the opening.

Germany Accedes to Demands

Believed Cases Growing out of Submarine Warfare Will be Amicably Settled.

Washington, Oct. 5—Germany has completely acceded to the American demands for settlement of the Arabic case. The Imperial Government in a letter presented today by its Ambassador Count von Bernstorff, to Secretary Lansing disavows the sinking of the vessel, and announces that it has notified the submarine commander who made the attack, expresses regret for the loss of American lives, and agrees to pay indemnity to their families.

Official Washington was both gratified and relieved by the diplomatic victory. The communication delivered by the Ambassador pursuant to general instructions from his government spread absolute confidence that there would be no more submarine controversies between the United States and Germany, for the document reveals that stringent orders have been given to submarine commanders to prevent a recurrence of such incidents as the Arabic.

Since this case embraces the principles for which President Wilson contended in his notes following the torpedoing of the Lusitania and Falaba, concessions made by Germany to the American viewpoint were generally regarded tonight as paving the way for amicable settlement of all cases which have threatened severance of diplomatic relations between the two countries.

Count von Bernstorff left here tonight happy over the results of his work, expressing the confident hope that relations between Germany and the United States would continue to improve.

With settlement of the Arabic controversy the despatch to Great Britain of the long delayed American note on interference with trade is expected within a few days.

President Wilson has consistently refused to send this communication while the issues with Germany were pending, because the Berlin Government had, through its notes, given the impression that on the action which the United States took with one set of belligerents depended its own conformity of international law. As the issues with Germany appear now to be adjusting themselves, the president, it is known, feels free to press Great Britain for a modification of the orders-in-council and restrictions of American trade.

The Southern's big shops located near Salisbury that have been running on a three-day per week schedule has increased the time to five days per week, eight hours per day, which is a considerable increase in time and gives general satisfaction among the numerous employees of the company hereabouts.

IN STERLING LIVES A GIRL

Who Suffered As Many Girls Do—Tells How She Found Relief.

Sterling, Conn.—"I am a girl of 22 years and I used to faint away every month and was very weak. I was also bothered a lot with female weakness. I read your little book 'Wisdom for Women,' and I saw how others had been helped by Lydia E. Pinkham's Vegetable Compound, and decided to try it, and it has made me feel like a new girl and I am now relieved of all these troubles. I hope all young girls will get relief as I have. I never felt better in my life."—Mrs. JOHN TETREBAULT, Box 116, Sterling, Conn.

Massena, N. Y.—"I have taken Lydia E. Pinkham's Vegetable Compound and I highly recommend it. If anyone wants to write to me I will gladly tell her about my case. I was certainly in a bad condition as my blood was all turning to water. I had pimples on my face and a bad color, and for five years I had been troubled with suppression. The doctors called it 'Anemia and Exhaustion,' and said I was all run down, but Lydia E. Pinkham's Vegetable Compound brought me out all right."—Miss LAVISA MYRES, Box 74, Massena, N. Y.

Young Girls, Heed This Advice.
Girls who are troubled with painful or irregular periods, backache, headache, dragging-down sensations, fainting spells or indigestion, should immediately seek restoration to health by taking Lydia E. Pinkham's Vegetable Compound.

An Old Kentucky Home

Since I Began Taking Peruna I Weigh 120 Pounds for the First Time in My Life. My former weight was 102 lbs. My Mother who is 76 Years Old Had Grown so Weak She could scarcely walk. She also took Peruna and is fatter and looking well.
