Kept Marriage Secret Nearly Two Months

Deputy Sheriff G. Mike K. Bull was one of the worst fooled men that this scribe has met up with for many years. He has been living on easy street, so far as domestic conditions go until Monday, when things changed a somewhat. He having a charming daughter, Miss Elizabeth, who looked after his household affairs and did a most splendid looking for him, and who was being wooed by F. Martin Field, son of Mr. and Mrs. J. F. Field of China Grove. Mr. Kimball knew what was going on and was willing, yet even came to Salisbury and went to Concord with his daughter and spent money freely for coming marriage, expecting the ceremony to take place soon, but just when he knew not. So you can imagine what a surprise it was for him Sunday afternoon to discover a marriage certificate framed and hanging up in his daughter's room, the ceremony having been performed in Charlotte on August 25th nearly two months ago. He admits that he was fooled and that badly, and says it is no use for any one to tell him that a woman can't keep a secret.

Miss Kimball, having prepared to go to Wadesboro Monday to see with her husband, just allowed her father to become aware of the fact, breaking the news to him a little gently as it were. Mr. Field is employed with the railroad at Wadesboro and they will make their home there, followed by the good wishes of a host of friends.

The Salisbury Normal and Industrial Institute

Contractor Lesenby with a force of workmen is busy completing the building intended for the Salisbury Military Institute. It is to be used by the Salisbury Normal and Industrial Institute of which Rev. Geo. H. Atkinson is president. This institute was to open today, but owing to the incomplete condition of this big building, temporary quarters were secured in the Maxwell Chambers school building, the old school building in the rear of the Presbyterian Church and the Wiley residence on Church and Bank Streets. This is an entirely new enterprise for Salisbury bringing with it thirteen new citizens, no Salisbury man being connected with it whatever. It is intended to obtain pupils from all parts of this State and from other States, and, if successful, will be quite an addition to the city in many ways.

Germans Try to Leave Country.

Newport News, Va., Oct. 15.—Several sailors from the German auxiliary cruisers Kronprinz Wilhelm and Prinz Eitel Friedrich, interned at the Norfolk Navy Yard, attempted to secure passage today on the Dutch freight steamer Mennikendam and Maartensdijk about to sail from this port for Rotterdam. One of the men was arrested aboard the Maartensdijk at the request of her captain and is being held by the police for the commandment of the Navy Yard. The others are supposed to have returned to their ships.

The Dutch captain reported the incident to Collector of Customs Hamilton, who issued a statement saying rigid precautions would be taken in the future to prevent the interned Germans from escaping.

Washington, Oct. 15.—All leave of absence for the men of the German auxiliary cruisers Kronprinz Wilhelm and Prinz Eitel Friedrich, interned at the Norfolk Navy Yard, has been revoked by the Navy Department until the disappearance of six warrant officers of the Kronprinz Wilhelm has been satisfactorily explained. The department took this action when it was reported by Rear Admiral Batty, commandant of the Norfolk Yard that the men who had bought the yacht Eclipse, had been granted leave for a sail but had not returned.

The captains of the two cruisers gave pledges for their crews when the ships were sent to the yard and have been permitted to grant their men such shore leave as they thought desirable. All leave for the interned crews now has been revoked, however, and no one will be permitted to go ashore except on matters of urgent necessity until it is known whether the missing six men have violated internment.

While no prosecution could follow the arrest of six, it was indicated that more rigorous internment would be enforced if it was found that the men had attempted to leave the country.

Henry P. Fletcher to go to Mexico.

Washington, Oct. 19.—Venustiano Carranza was formally recognized today as the Chief Executive of the Republic of Mexico by the Governments of the United States, Brazil, Chile, Argentina, Guatemala, Bolivia, Uruguay, Colombia and Nicaragua.

Diplomatic representatives of the first six Latin-American countries selected in the order of that rank here, were parties to the Pan-American conference on Mexican affairs, but the action of Colombia and Nicaragua indicates that all the other Republics of the Western Hemisphere will follow the lead of their sister Nations in extending recognition.

Each of the Governments sent a letter to Eniseo Arrondondo, personal representative here of Mr. Carranza. All were couched in the same form, and that of the United States added a formal expression of an intention soon to accredit an Ambassador to Mexico.

Henry Prather Fletcher, at present American Ambassador to Chile, practically has been decided upon for the post. Although a Republican in politics, he was elevated from the rank of Minister to Ambassador by President Wilson after a long and successful record in the diplomatic service.

Thinks Cotton Will go to \$100 Per Bale.

Washington, Oct. 18.—There is much speculation as to how high cotton will go this season. The price has already mounted above the predictions of pessimists.

The optimistic man from the cotton belt is Representative Thomas Heflin of Alabama. He predicts that cotton will sell for \$100 a bale and seed \$8 a ton before the present crop is disposed of. He is advising farmers to hold their cotton, and get good prices for it.

A Congregational Church

At a meeting held in the old court house Sunday by a number of ex-members of Faith Reformed Church and Rev. W. B. Dattens, it was decided to organize a Congregational Church in Salisbury, beginning as a mission under the control of the Home Mission Society of New York and to be in charge of Dr. Dattens. They will hold regular church and Sunday school services in the old court house for the present. The main tenet of the Congregational church is independence and the governing body of the church rests with the assembled brotherhood of each church.

A WIFE-TOLD TALE

One of Interest to Our Readers.

Good news bears repeating, and when it is confirmed after a long lapse of time, even if we hesitated to believe it at first hearing, we feel secure in accepting its truth now. The following experience of a Salisbury man is confirmed after seven years.

John W. Glover, shoe repairer, 180 N. Main St., Salisbury, says: "I suffered severely from backache and pains across my loins. I couldn't get out of bed. Doan's Kidney Pills had greatly relieved one of the family of kidney trouble and I started using them. A few doses stopped the pain in my back and I was soon well." (Statement given January 6th, 1908). On March 10th, 1915, Mr. Glover added: "I haven't had to take Doan's Kidney Pills for a long time. I still consider them the best medicine for kidney troubles."
