**FAITH.**

Nov. 2.—Our town commissioners with J. D. A. Fisher, the mayor, held their regular monthly meeting on Monday night.

A series of evangelistic meetings will be held in Faith in the Shiloh Reformed Church at Faith beginning Monday evening, November 8th, at 7 p. m. The Rev. Shuford Peeler of Greensboro, will assist the pastor in these services and preach every night that week. The Billy Sunday hymn book will be used entitled "Great Revival Hymns No. 2." There will be a song service of about twenty minutes at the opening of each service. The following week meetings will be held at Grace Reformed Church, Lowerstone, when Rev. L. A. Peeler of High Point, will assist the pastor and preach every night. A cordial invitation to come, bring your friends and enjoy these gospel feasts.

Here is a sum for the school boy to figure out: What will a mill rock four feet in diameter, 10 inches thick, 10 inches round hole in the middle, weighing 165 lbs. to the cubic foot, will be flat on both sides, when I get it weighed I will tell who comes nearest to its weight.

Marsh Holshouser one of the biggest farmers near Faith, bought a new top buggy this week.

J. T. Wyatt and J. D. A. Fisher made a flying trip to Winston this week in Mr. Fisher's automobile. The roads are good and dry now.

Venus wants to buy some old-time pewter buttons and also the moulds to run them in. Who has them?

**FAITH.**

Oct. 29.—Mr. and Mrs. Carl Sloop and little daughter, Evelin, of China Grove, spent Saturday and Sunday at Faith with Mrs. Sloop's parents.

J. T. Wyatt shipped two pair millstones today.

Venus took dinner with Mr. and Mrs. Charles Lyerly at Granite Quarry, October 27th. Mrs. Lyerly is a fine cook. Mr. Lyerly is one of the leading merchants of that place and is doing a fine business. Their large new granite store house is nearly finished.

Mrs. Mary Canup is confined to her bed with sickness.

Fisher and McCombs shipped a big pile of millstones today.

Young lady at Luther Holshouser's October 9th.

Sidney Lyerly unloaded a fifty-ton car load of coal in one and a half days and shoveled it all out over the top of the gondola. Who ever can beat that trot out your boy.

Mrs. W. T. Peeler found several bunches of fine grapes second growth. Who can beat that?

Little Miss Annie E. Brenton spent Thursday with her little friend, Ada Riley, at Granite Quarry.

The oyster supper which the ladies of the Reformed Church was to have was postponed and will be held in Peeler's Hall Saturday night, the sixth of November, beginning at six o'clock. Everybody is invited to come and help a good cause.

We are having the finest kind of warm weather and the farmers are all busy sowing clover seed and small grain, picking cotton, plowing out sweet and Irish potatoes and making good use of their time.

W. L. Ludwick of China Grove, is at his truck farm near here. He has one field of extra fine corn, and is as busy as a bee and if he don't quit working so hard he is going to work himself to death.

J. T. Wyatt just received a letter from Kinston, N. C., from C. Banks McNairy, M. D., superintendent of the Caswell Training School, asking for the loan of that letter which was written to Lord Cornwallis. He said they wanted to put it in their district fair to be held November 9, 10, 11, 12th. He told him he also ought to have a share with our whole outfit of runs and fill up a half dozen show cases, and then he would have a fine display worth while.

Mr. Ramsey was out at Faith on the 25th making some pictures of the High Granite Company's quarry and the large crowd of

work hands. M. G. M. Fisher is still at work on his lot in Faith preparing to move there in a few weeks. Then he will be living near Venus.

Venus took dinner with Mr. and Mrs. M. G. M. Fisher this week at Longfarms. Mrs. Fisher is an extra good cook and they are among our wealthy farmers. A few more votes and Mr. Fisher would have been our sheriff when he ran for that office recently.

Charles Peeler has opened his beef market.

Fisher and McCombs had a big pay day Saturday.

Venus wants to buy a small second hand portable corn mill, cheap for cash. Just the frame. He don't care whether it has any burrs in them or not.

Venus will buy all the used carbon paper he can get. Some little chap can make some money by saving it up for Venus. We have a use for it.

Six miles north of Concord on the old Salisbury and Concord road, J. T. Art's automobile caught on fire and burned one end so bad he had to leave it there by the road side, he is going after it with his two horse wagon and bring it home and sell it to some one cheap.

J. W. Sloan was in Salisbury today in his automobile, this is the first time we have met him in a long time, he lives at Mill Bridge.

The letter wrote to Lord Cornwallis is dated 1781 if I am not mistaken.

**VENUS.**

Aztec Corn, 1,000 Years Old Worth \$1 a Kernel.

The most valuable corn crop in Kansas this year, taking it by and large, as Jay House says, is in the backyard of William E. Kelly, a Hutchinson, Kans., official.

There are only eight stalks of the corn, but Kelly expects to realize a net profit of \$1,000 cash from his crop. Last spring a Baptist preacher, Dr. E. B. Pratt, while on a visit in New Mexico, recovered in an ancient Aztec ruin a mummy, within which was found sealed an Indian jar containing a few grains of ancient Indian corn.

The archaeologists figure the corn was at least 1,000 years old. The Rev. Mr. Pratt gave ten grains to Kelly on his return to Hutchinson. Kelly carefully planted them.

Eight of ten grains grow, the corn growing more rapidly than ordinary field corn. There are twenty ears now on the eight stalks, and they average fifty kernels to the ear.

The corn looks like ordinary field corn as it grows, but the stalks are much taller and the ears smaller, while the kernels are yellow with a blotch like blood at the tip of each.

"I have been offered as high as \$1 for a kernel, and I believe I can sell every kernel for \$1 each," Kelly said. He figures he will 1,000 kernels.

**POSITIVE PROOF.**

Should Convince the Greatest Skeptic in Salisbury.

Because it is the evidence of a Salisbury citizen. Testimony easily investigated. The strongest endorsement of merit.

The best proof. Read it: Mrs. M. B. Graham, 614 E. Fisher St., Salisbury, says: "I suffered a great deal from sharp, piercing pains across the small of my back. I couldn't straighten up after stooping and the muscles between my shoulders were sore. I felt badly all over. After taking Doan's Kidney Pills for awhile, I was better in every way. I use them when my kidneys get out of order and they always benefit me."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Graham had. Foster-Milburn Co., Props., Buffalo, N. Y.

**J. P. Morgan Improved.**

New York, Oct. 31.—J. P. Morgan's condition was considered satisfactory today that no bulletins were issued by the attending physicians. Members of his family said that the financier's rally from the operation for appendicitis performed last Friday was very encouraging.

**To Bar Politics in Church.**

The wording of General Carranza's pledge with regard to religious workers is interpreted here as leaving him free to eliminate entirely what he considers the political influence of the Roman church in his country. He is free to revive the old Mexican laws forbidding church institutions from acquiring the title to lands, and under his promise he can and probably will refuse the right to return to Mexico to any of the priests who fled the country after the overthrow of President Diaz. Archbishop Mora, of Mexico; Archbishop Jenaro Mendez, of Michoacan; Archbishop Eulogio G. Gilroy, of Oaxaca; Archbishop Ramon, of Puebla, and in fact almost all of the old archbishops of Mexico, will probably fall under his displeasure and will be denied the right to reside in Mexico because of past interference in politics.

Naturally there is speculation here as to the political effect of the religious phase of the situation, since many of the prelates under the ban are considered the strength of the Roman church in Mexico. They have brought great influences to bear upon their co-religionists in this country to protect them from the measures of the constitutionalists in Mexico.

Now the papists are kicking Wilson because the South American Republics and Uncle Sam think best to recognize Carranza. Now you have a concrete illustration of Roman Catholicism in opposition to a Constitutional government.

Carranza says I will support the Constitution of the Mexican people. And the papal church in America answers, "To Hell with your Constitution."

What further proof do you want of Roman Catholic disloyalty to free institutions and liberty? What does the papacy want Mr. Wilson to do if not recognize Carranza who says with his hand lifted before the Mexican people, "I will support and enforce the Constitution of Mexico, God being my helper."

It don't take long for the papal hierarchy to show its hand and prove its anarchy and demonstrate who has kept up the turmoil and strife in Mexico.

The Menace offers this prophecy: There will be no peace in Mexico until the Jesuits are cast out. These plotters against free institutions and liberty are responsible for all the bloodshed in Mexico. Drive the Jesuits out, Mr. Carranza, or you will follow the fate of Madero. Drive the papal anarchists out.—The Menace.

**Dr. McNairy Not Dangerously Hurt.**

Kinston, Oct. 29.—Physicians state that Dr. C. B. McNairy, superintendent of the Caswell Training School near here, is not internally injured as the result of being attacked by a bull several days ago. Doctor McNairy, severely bruised up, has been confined to his bed. It was feared that he might be internally hurt. The beast that hurt the superintendent 20 feet into a wire fence and afterward bit him repeatedly until felled by an attendant with a club was a dehorned Jersey, weighing almost a ton. The bull was angered by a girl's red sweater.
