FAITH

Nov. 5.—H. O. Farmer is delivering his fruit trees in Rowan and Cabarrus counties.

One of the prisoners at the county work house made her escape recently, but the blood hounds of L. D. H. Brown and Granite Quarry, were called and were soon overtaken and brought back.

M. E. Eady, of Albemarle, was in Salisbury show day. He got in the way of an automobile and it knocked him down, ran up on him and over one hand, but he did not seem to be badly hurt.

W. L. Ludwick planted one bushel of late Irish potatoes and dug twenty seven bushels. Who can beat that?

W. L. Ludwick has just gathered, shucked and put up his corn. He made a few hundred bushels on a few acres of land. He has a fine grade of corn that he has improved by selecting the seed.

The automobile of J. D. A. Fisher recorded 24 7-10 miles from Faith to Mocksville Tuesday.

Venus spent Tuesday night at Mr. and Mrs. D. I. Hinoeman's. Mr. Hinoeman has recently bought a nice little home on South Main Street, near the mattress factory.

He owns a nice little house and farm near Faith that he will rent. He works at the big granite cutting shed and is getting along fine.

His wife is a good cook and a fine housekeeper. They have six children, Banks, Raymond, Mamie, Gertrude, Roy and Harry.

Chas. Raney's new residence is up and covered and the carpenters are making good headway towards the completion. R. A. Raney is the boss carpenter and is a good house carpenter as well as a good merchant.

Austin Gardner is having a corn shucking tonight.

Venus received a cash order today for a bottle of his new discovered osesma cure.

Oct. 31st, is my birthday. I, John Thomas Wyatt, son of William Riley Wyatt and Mary A. Wyatt, and grandson of Jessie Jr. and Pollie Wyatt, all of Rowan county, near vicinity of Bringle's ferry, and great-grandson of Jessie Wyatt, Sr., of Davidson county, near Bringle's ferry. We are thankful that we are living and doing well. Who else has the same birthday? Let us hear.

VENUS

Distress in the Stomach.

There are many people who have a distress in the stomach after meals. It is due to indigestion and easily remedied by taking one of Chamberlain's Tablets after meals. Mrs. Henry Padgham, Victor, N. Y., writes: "For some time I was troubled with headache and distress in my stomach after eating, also with constipation. About six months ago I began taking Chamberlain's Tablets. They regulated the action of my bowels and the headache and other annoyances ceased in a short time."

The Charlotte Fair and Showers.

The weather prediction yesterday was for showers. Of course fair and rain go together, at least for this year. In regard to the fair yesterday's Observer said:

After several days of indefatigable labor on the part of officials of the Charlotte Fair Association and a corps of industrious helpers the fair grounds are all ready and everything in the way of exhibits is ready for the opening this morning at 9 o'clock. There has seldom been a fair, when all things were so neatly completed and ready for the opening as is the case this year. Last night at 10 o'clock it was stated that every detail had been completed, except the decorating of the judge's stand in front of the grandstand, where experts will judge the horse-raising.

Colds do not Leave Willingly.

Because a cold is stubborn is no reason why it should be. Instead of "sneezing" it out, get relief by taking Dr. King's New Discovery. Dangerous bronchitis and lung ailments often follow a cold which has been neglected at the beginning. As your body faithfully battles those cold germs, no better aid can be given than the use of this remedy. Its merit has been tested by old and young. Get a bottle today. 50c. and \$1.00.

American Note Center of Attention

Austro-German Forces Cross Morava River in Southern Serbia Occupied.

Nov. 8.—The reply to the note which the American Government addressed to Great Britain on the subject of the detention of American ships and interference with American commerce on the seas, is announced in London, probably will not be ready for several weeks. Meanwhile, the note has aroused so much discussion and been the subject of some unfavorable comment by the British press and public.

Still driving the Serbians before them, the Austro-Germans have captured Krusevac, on the railway northwest of Nish and reached Ivanjaca, 27 miles southeast of Kraljevo; they are attacking to the south of Kraljevo and between that town and Krusevac they have crossed the western Morava at several points.

Nothing has come through of late concerning the fighting in the south of Serbia where the British and French forces are said to have effected a junction with the Serbs, and for several days have been giving battle to the Bulgarians. Along the Montenegrin border, the Austro-Hungarians and Montenegrins have been fighting hard, and each side claims the advantage.

For the moment the western zone of France and Belgium affords no incidents of note.

In the eastern zone the Russians have returned to the offensive against the Germans at several points in northwestern Russia and on the central section of the long battle line.

Berlin asserts that south of Riga along the Drina River the Russians were repulsed with heavy casualties and that to the north of Czortorysk a Russian attack was unsuccessful.

A repulse of the Italians on the Doberdo plateau and the capture by King Victor Emmanuel's men of the summit of the Col di Lana from which, however, they were later driven out, are recorded by Vienna.

A British submarine has sunk the German cruiser Undine off the coast of Sweden while two German submarines have sunk the British armed merchantman Tara in the east Mediterranean. In addition the British steamers Bursak, Glenmore and Woolwick and the steamer Birgit which was either of Swedish or Norwegian nationality, have been sunk by German underwater boats. The crews of all the steamers were saved. There was loss of life on both the Undine and Tara.

Young Man Found Dead on Railroad Track

Last Saturday night, about 12 o'clock, Policeman Lamb, of the Brown Mill, found the dead body of Charles E. Seahorn, lying between the tracks of the Southern Railway near the Young-Hartsell Mill power house, just a little below the station.

The young man has a brother living about two miles south of city, and it is supposed that he was going to the home of his brother when he was struck by a passing train. It is not known just how long it had been since the accident happened before the body was found. The remains were taken to the undertaking establishment of Craven Bros., where it was prepared for burial.

Mr. Seahorn was a son of Charles A. Seahorn, of this city, and was about 17 years of age. The funeral and burial services were held at Cold Water Baptist church Monday.—Concord Chronicle.

Didn't the "Strike" Start Years Ago?

A "motherhood strike" has been begun by some women of non-suffrage States and may be adopted by others until they are given the franchises by their voting brothers, if a suggestion of Mrs. Sara Bard Field made today after her arrival in Chicago en route from San Francisco to Washington is further acted upon.

"I know of certain women in non-suffrage States who have denied themselves the privilege of motherhood until they receive the vote," declared Mrs. Field. "And do not blame them. It is a wonderful thing to have the companionship of children, as I know well in my own boy and girl, who are the joys of my life. But the cause of suffrage has led many a woman to make tremendous sacrifices."—Chicago Dispatch.

Fire at Winston-Salem.

Winston-Salem, Nov. 6.—A fire at 10 o'clock this morning did damage estimated at \$5,000 to a building on the corner of West Fourth and Elm Streets, occupied by W. H. Olinard's Paint Mantle & Tins Co., and the Electric Shoe Repair Company. The origin of the fire is as yet undetermined.

The blaze was confined to a room in the rear of the Olinard establishment which was used as a storage room for wall paper, paints, beaver board and other decorative materials. It is thought that almost the entire loss is covered by insurance.

The local leaf tobacco market made the best record the week ending today it has made this season, by selling 942,087 pounds for \$97,706.72. Although there have been several weeks this season when the market sold far more tobacco than this week, the average price paid for the week was better than for any other week this season. About 9,000,000 pounds of the crop has been sold. The general opinion seems to be that this represents about one third of the entire crop.

James and Charlie Suipes, charged with participating in the resistance of revenue officers with their father, Frank Suipes, near Kernersville recently, gave themselves over to the officers yesterday afternoon. Tarong agreement bonds aggregating \$12,500 have been given for their appearance with their father at the next term of Federal Court which convenes in Greensboro on December 7.

A Fine Whooping Cough Remedy.

Mother, Dr. Bell's Pine-Tar-Honey is just the remedy for your children's cold ailments. The fact is that pine is a quick enemy of cold conditions. Its qualities loosen the mucus in the throat, soothe the lungs and open up the air passages. The combination of honey, soothing and pleasant, with the loosening pine quality makes this an ideal cough remedy for children. Each passing year brings for it, new friends. A family of growing children cannot afford to be without it. 25c a bottle.

Will You Believe It Now.

The Menace.

The Menace has stated time and again that it is practically impossible to reach the highest officials of this government unless one stands in harmony with the Roman Catholic church.

We have charged that Tammany is the papal watchdog at the White House door to keep the representatives of interests other than Rome's from contact or communion with the president and others.

We have charged that Rome has easy access to the inner circles because of Tammany's presence at the seat of government.

Some may have doubted that such is the case. You may have thought that we were seeing things through the lens of fanaticism. As evidence that we are not mistaken, that we have not overdrawn the picture of Romish vigilance and interference, we submit the following taken from the Detroit News, September 17, 1915:

Port Huron, Mich., Sept. 17.—Protestants are discriminated against by the present administration at Washington. That was the charge made by Dr. Franklin Hamilton, chancellor of the American university at Washington, to the Detroit Methodist conference here today.

"We are compelled to cool our heels in the anterooms of the highest officials of the government while prelates of the Catholic church are received into the inner sanctum," declared Chancellor Hamilton.

American University at Washington is designed as a national Protestant university to offset the Catholic university established in the national capitol.

Rheumatism and Allied Pains Must Go.

The congestion of the blood in its flow causes pain. Sloan's Liniment penetrates to the congestion and starts the blood to flow freely. The body's warmth is renewed; the pain is gone. The "man or woman who has rheumatism, neuralgia or other pain and fails to keep Sloan's Liniment in their home is like a drowning man refusing a rope." Why suffer. Get a bottle of Sloan's. 25c. and 50c. \$1.00 bottle holds six times as much as 25c. size.

You Need a Tonic

There are times in every woman's life when she needs a tonic to help her over the hard places. When that time comes to you, you know what tonic to take—Cardui, the woman's tonic. Cardui is composed of purely vegetable ingredients, which act gently, yet surely, on the weakened womanly organs, and helps build them back to strength and health. It has benefited thousands and thousands of weak, ailing women in its past half century of wonderful success, and it will do the same for you. You can't make a mistake in taking

GARDUI

The Woman's Tonic

Miss Amelia Wilson, R. F. D. No. 4, Alma, Ark., says: "I think Cardui is the greatest medicine on earth, for women. Before I began to take Cardui, I was so weak and nervous, and had such awful dizzy spells and a poor appetite. Now I feel as well and as strong as I ever did, and can eat most anything." Begin taking Cardui today. Sold by all dealers.
