### Baby Left on Doorstep

The residents of Woodleaf experienced some excitement last Sunday night by the appearance in the village by a baby boy which had been placed by some unknown person on the doorstep of the residence of H. G. Lippard some time before 9 o'clock in the evening. The little infant, which is about four weeks old, was found by a neighbor and his wife, who had been spending the evening with Mr. and Mrs. Lippard and departed for their home about 9 o'clock. As they passed through the doorway they found on the steps a basket in which the infant was snugly packed. Besides the baby the basket also contained extra clothes and a bottle of food for immediate consumption. The child evidently comes from a well-to-do mother because it is well groomed and appears to have been started off with a good wardrobe. Though the child's future is not altogether arranged for it will be taken care of by Woodleaf people.

The only possible clue to the mysterious appearance of the babe is that station Agent Abernathy met a strange lady while on his way home between 11 and 12 o'clock Sunday night about a quarter mile from the Lippard home, this lady may have left the child, one theory advanced is that the child was probably left by a passenger on the train passing Woodleaf at 8:30 p. m. This train runs from Winston to Charlotte and some despondent parent may have gotten off and left the infant for good in the town with the hope that it would be cared for. The Sheriff went to Woodleaf shortly before noon Monday and made an effort to solve the mystery surrounding the incident. The little one is being kept by Mr. Lippard for the present.
