

# I OWE MY HEALTH

To Lydia E. Pinkham's Vegetable Compound.

Washington Park, Ill.—"I am the mother of four children and have suffered with female troubles, backache, nervous spells and the blues. My children's loud talking and romping would make me so nervous I could just tear everything to pieces and I would ache all over and feel so sick that I would not want anyone to talk to me at times. Lydia E. Pinkham's Vegetable Compound and Liver Pills restored me to health and I want to thank you for the good they have done me. I have had quite a bit of trouble and worry but it does not affect my youthful looks. My friends say 'Why do you look so young and well?' I owe it all to the Lydia E. Pinkham remedies."—Mrs. ROBT. STOFEL, Moore Avenue, Washington Park, Illinois.

We wish every woman who suffers from female troubles, nervousness, backache or the blues could see the letters written by women made well by Lydia E. Pinkham's Vegetable Compound. If you have any symptom about which you would like to know write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for helpful advice given free of charge.

## Why Prince Albert Wins

Patented Process is Responsible for its International Popularity.

Smokers so much appreciate the flavor and coolness and aroma of Prince Albert pipe and cigarette tobacco that they often marvel that this one brand could be so different from all others.

The answer to this question is to be found on the reverse side of every Prince Albert package, where you will read: "Process Patented July 30th, 1907." That tells the whole story. Prince Albert is made by a patented process that cuts out the bite and parch, which makes the tobacco so mighty agreeable and satisfying to men of every taste of every civilized nation on the globe.

Smokers should realize that this patented process cost three years' continuous work and study and a fortune in money to perfect. But the result has proven to be worth all that was expended upon it, believed they never could enjoy a pipe or a makin's cigarette.

Prince Albert makes it possible for every man to smoke a pipe or to roll his own cigarettes. And, no matter how tender the tongue, Prince Albert cannot bite or parch. That is out out by the patented process, leaving for the smoker only the joys of the fragrant tobacco.

It is a fact that since Prince Albert "arrived," just about six years ago, it has made three men smoke pipes where one smoked a pipe before.

## DEATHS

Death last Sunday evening claimed another Confederate veteran when it removed from Salisbury, Jacob T. Morton, aged 78 years. Mr. Morton had suffered an attack of indigestion during the day but was not confined to his bed. A doctor was called in and while the latter was feeling the veteran's pulse he dropped over dead. The deceased was a native of Pittsylvania county, Va., and came to Salisbury about seven years ago from Danville in that state. He had been living with his daughter, Mrs. John J. Stewart, on West Innes Street, where his death occurred. He was at one time engaged in the tobacco business at Danville. The funeral took place Tuesday from the residence at 10 o'clock, Rev. Byron Clark officiating. The remains were taken to Danville on No. 28 for interment. His daughter and a number of friends accompanied the body to Danville. Mr. Morton was a splendid citizen and had many friends here who will regret to learn of his death. He was a member of Longstreet's corps, and of Company A, 58th Virginia Regiment, Armistead's Brigade, Pickett's Division, was captured at Gettysburg, and was a prisoner at Point Lookout. He served until the close of the war and surrendered at Appomattox.

Mrs. Matilda Kliffmiller the aged mother of Mrs. T. F. Young, died last Sunday afternoon at the home of her daughter on South Main Street. Death was due to a general decline due to old age. She was 84 years old and a native of Hesse, Germany. The deceased was also a music teacher of note.
