Having been afflicted with catarrh and stomach trouble for seven years, and after having tried four different doctors, who only relieved me for a little while, I gave up all hope of being cured. Our Semi-Weekly

THE CAROLINA WATCHMAN is published on Wednesday and THE ROWAN RECORD on Friday of each week and, so far as news and service is concerned, admirably answers the purpose of a semi-weekly. They give you all the county news, specially prepared for their readers, condensed so that you can get the facts without having to wade through columns of childish prattle, and arranged so that you can read the home news at a glance, which is given not only the preference but correctly. These things, in addition to the fact that it is a home newspaper, owned by home people, employs home people and stands for a square deal for home people, regardless of loss or gain, should cause every loyal son of the county to make it his business to subscribe for them first, last and all the time.

Deafness Cannot be Cured.

by local applications, as they can not reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling or imperfect hearing and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

F. J. CHENEY & CO., Toledo, Ohio. Sold by druggists, 75c. Take Hall's Family Pills for constipation.

How Many Horse Power Can You Buy for \$675?

HOW many work horses or mules can you buy for \$675?

Can you do all the hardest work of your farm with that many horses or mules? Would you want to use them, for instance, to pull two 14-inch bottoms plowing as deep as you would like to plow? \$675 is what you pay for this Mogul 8-16 tractor, which will relieve the horses of all their hardest work, which will save you a lot of work and time, which will do ordinary plowing to a satisfactory depth, which will run any machine on your farm requiring up to 16-H. P., and which, finally, will save you money on every job it does. \$675 cash, F. O. B. Chicago, the price of two, three or perhaps four horses, puts this 8-16 H. P., oil-burning Mogul tractor to work on your farm.

Whether you believe the tractor is a good thing for a farm the size of yours, or not, come in and have a look at this one. It's the only successful kerosene-burning tractor we know of—the only one that will actually work (not just run) on any kind of fuel that will burn in an engine of its size.
