Sweetheart knows a man that has a watch that was owned and lost by Lord Cornwallis in time of the revolutionary war. It was made in 1662. It is every particle gold and silver only a few parts being silver. The running works are gold with diamond jewels. Will tell anyone who has it for a two cent stamp. Trot out your watch Venus, if you can beat it.

**FAITH.**  
March 7—Last Thursday morning the people of the Lutheran Church at Faith and Emanuel met at the Lutheran parsonage to give Rev. C. P. Fisher a parting. The day was beautiful and the crowd being estimated at seven or eight hundred. At twelve o'clock a fine table was spread in the grove at the church and after a few remarks by the pastor, Rev. Welker returned thanks and all partook of the dinner. Among some of the things Rev. C. P. Fisher said was that no pastor in the whole community had been treated with more kindness than the Lutheran pastor at Faith. He said every week something was brought to the parsonage which contributes to the happiness of the pastor's family, but he further said this surpasses anything yet, for so many people to pound the preacher. After dinner they began to unload the things that were brought, until the pantry, smokehouse, crib and grainery groaned beneath their burden. A nice sum in cash was also received. The day will be long remembered and the pastor and family wish to thank the people for their kindness toward them. Venus was there and enjoyed the fine dinner and pronounced it the largest and best he ever saw. He took several pictures. By mail post paid ten cents.

Sunday afternoon at three o'clock Leo Lomax of China Grove and Miss Ethel Barger of Faith were united in matrimony at the home of the bride's father, John O. Barger, by Rev. C. P. Fisher of the Lutheran Church. A sumptuous supper was served at the home of the bride at four o'clock to a number of invited guests. Mr. Lomax is a son of John Lomax of China Grove and the bride is the second daughter of John O. Barger and is beautiful and popular among her acquaintances. They will make their home in China Grove where Mr. Lomax has a position. Miss Maudie Barger the sister of the bride, and F. M. Carwell of Kannapolis, stood with the bride and groom while being married.

A large traction engine passed through Faith today, with a string of wagons headed towards Salisbury. Who can beat that for improved transportation?  
On the 18th of March a big time is expected here at the school closing. The pupils are now making their preparations and getting their dialogues and speeches for the occasion.  
Robert R. Williams has arrived in Faith and is boarding at Mrs. Aggie McCombs'. He will make paving blocks in our little town, where the best granite is to be

The people are so kind to Venus. They write to him from all parts of the Country on various subjects and extend him invitations to come to see them this summer.  
Some young men, paving block makers, took up winter quarters here in our town last winter, lost a fine ledge of granite and made the standard size paving blocks all winter, knowing full well that there would be a call for them when spring came. They will soon get a big pile of money. One of them told Venus that he was going to buy an automobile soon.  
Charley Hampton and his partners are moving their steam drills and steam boiler to a large ledge of granite, where they are going to open and get out granite for some block makers.

After taking three bottles of Gardui, I began to feel like a new woman. I soon gained 35 pounds, and now, I do all my housework, as well as run a big water mill.
