Boy Accidentally Shot by Child.

Glenn Rabon, the 11 year old son of Mr. and Mrs. B. F. Rabon, was accidentally shot on Tuesday afternoon with a .22 calibre pistol in the hands of Glenn Mann, nine-year-old son of J. E. Mann.
 The accident occurred on East Innes Street. The boys were handling Rabon's pistol and in some manner the weapon accidentally went off in the hands of young Mann. The ball passed through Rabon's left hand in two places and entered his left breast below the heart.
 The injured boy went home but was later removed to the sanatorium where he underwent an X-ray examination after which the bullet was extracted. His injuries are not hoped to result fatally, though they are serious.
 It is said that Rabon, and in fact several young boys of the city, have been for some time past using what was termed toy pistols. They were in reality capable of discharging .22 calibre cartridges and many women in the sections where these pistols had been used were quite frequently terrorized.

Our Semi-Weekly

THE CAROLINA WATCHMAN is published on Wednesday and THE BOWEN RECORD on Friday of each week and, so far as news and service is concerned, admirably answers the purpose of a semi-weekly. They give you all the county news, specially prepared for their readers, condensed so that you can get the facts without having to wade through columns of childish prattle, and arranged so that you can read the home news at a glance, which is given not only the preference but correctly. These things, in addition to the fact that it is a home newspaper, owned by home people, employs home people and stands for a square deal for home people, regardless of loss or gain, should cause every loyal son of the county to make it his business to subscribe for them first, last and all the time.

Health for Sick Women

For Forty Years Lydia E. Pinkham's Vegetable Compound Has Been Woman's Most Reliable Medicine—Here is More Proof.

To women who are suffering from some form of woman's special ills, and have a constant fear of breaking down, the three following letters ought to bring hope:—

North Crandon, Wis.—"When I was 16 years old I got married and at 18 years I gave birth to twins and it left me with very poor health. I could not walk across the floor without having to sit down to rest and it was hard for me to keep about and do my work. I went to a doctor and he told me I had a displacement and ulcers, and would have to have an operation. This frightened me so much that I did not know what to do. Having heard of Lydia E. Pinkham's Vegetable Compound I thought I would give it a trial and it made me as well as ever. I cannot say enough in favor of the Pinkham remedies."—Mrs. MAYME ASBACH, North Crandon, Wis.

Testimony from Oklahoma.
 Lawton, Okla.—"When I began to take Lydia E. Pinkham's Vegetable Compound I seemed to be good for nothing. I tired easily and had headaches much of the time and was irregular. I took it again before my little child was born and it did me a wonderful amount of good at that time. I never fail to recommend Lydia E. Pinkham's Vegetable Compound to ailing women because it has done so much for me."—Mrs. A. L. McCASLAND, 609 Hove St., Lawton, Okla.

From a Grateful Massachusetts Woman.
 Roxbury, Mass.—"I was suffering from inflammation and was examined by a physician who found that my trouble was caused by a displacement. My symptoms were bearing down pains, backache, and sluggish liver. I tried several kinds of medicine; then I was asked to try Lydia E. Pinkham's Vegetable Compound. It has cured me and I am pleased to be in my usual good health by using it and highly recommend it."—Mrs. B. M. OSGOOD, 1 Haynes Park, Roxbury, Mass.
 If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Fourteen men Killed in Powder Explosion
 Gibbstown N. J., May 15.—At least fourteen men were killed and about 80 injured today in a terrific explosion at the Republic plant of the DuPont Powder Company, near here. The blast occurred in the building in which trinitrotoluol, known generally as "T. N. T.," is manufactured and wrecked that structure and three others.
 The cause of the explosion according to officials of the company, may never be ascertained as all those believed to have been in the building where the first explosion occurred are dead.
 "T. N. T." is not considered a explosive risk and company officials believe that it caught fire before exploding. This blast caused a near building in which Nitro benzol is manufactured, to blow up.

Bad Fire in Greensboro.
 The McAdoo hotel in Greensboro "was ruined" by a fire Thursday afternoon, says the News.
 While the fire was in progress at the hotel other alarms came in. The net result was that the home of C. W. Gold was burned; a residence owned by Victor M. Adoo was burned; the residence of Will McCormick was about half destroyed, and a barn was burned. All these buildings in different localities, which made the circumstance unusual, if not suspicious.
 Origin of fire not known. Loss partially covered by insurance.
 Three people were hurt while fighting fire at the hotel. One man fell three stories and escaped with a slight injury.
