Dean of Lutheran Ministry in South Has Passed Away.
 Rev. G. D. Bernheim, D. D., for more than 50 years an eminent minister of the Lutheran Church, founder of St. Mark's Church of Charlotte and builder of probably more missions than any Lutheran minister of recent years in the South, passed away at his home in Charlotte early last evening after an illness that had continued for more than two years. For the past month or more his illness had been critical and owing to his extreme age of 89 years, no hope for his recovery was ever entertained. In addition to his widow, he is survived by two daughters and three sons.

FIGHTING TURNS ON GERMANS AT VERDUN.
 Switch Offensive Possibly as Counter to Advance of Teutonic Allies in Dobrudja.
 London, Oct. 25.—Military experts here point out that the French coup at Verdun has regained virtually all the ground lost in the second battle of Verdun. This was accomplished with lightning suddenness in a single day, whereas the Germans occupied nearly two months in wresting this ground from the French.

London, Oct. 24.—Switching their offensive from the Somme region in France, possibly as a counter to the advance of the Teutonic Allies in the Dobrudja region of Rumania, the French have smashed the German line north and northeast of Verdun over a front of four and one-third miles, penetrating it along its entire length, in the center gaining a distance of nearly two miles. Preceded by a violent bombardment, such as marked the great attacks and counter attacks during the days when Verdun was the focal point in world interest, the offensive was delivered approximately from the eastern bank of the Meuse River near Bras eastward to the Damloup battery.

When night fell, the village and fort of Douaumont, in the center, were in the hands of the French while on their left wing the Frenchmen had pushed beyond Thiaumont and captured the Handet-mont quarry and taken up positions along the Bras and Damloup front. On their right wing considerable progress also has been made from Douaumont to Damloup. More than 3,600 prisoners and quantities of war material were captured by the French. In the Dobrudja region of Rumania, the Germans, Bulgarians and Turks are giving no rest to the Russians and Rumanians who continue in retreat along the entire front from the Black Sea to the Danube River, although at some points they are vigorously opposing the advance of the invaders.

Rachova on the river a short distance below Tchernavoda and Madjidie, on the railway midway between Tchernavoda and Constanza have fallen into the hands of the

hands of the Teutonic Allies. In the latter region cavalry is pursuing the retreat Russo-Rumanian forces well to the north of the railway line. More than 6,700 prisoners have been taken by Field Marshal von Mackensen. Constantinople reports the operations of Turkish submarines in the Black Sea off the Rumanian coast in the sinking of a 3,000 ton Rumanian transport and sailing supply ships bound for Constanza with provisions.

Predal to the southward of Kronstadt on the Transylvanian front has been captured by the Austro-Germans according to Berlin and resistance of the Rumanians in the Rothenthurm pass south of Hermannstadt has been broken. Bucharest announces that in an attack along the entire Oituz region the Rumanians captured several hundred prisoners and ten guns.

From the Baltic Sea to the Carpathian Mountains a period of comparative calm has again set in. On the Austro-Italian front the Austrians and Italians at various points, especially on the Asiago plateau, in the Sugana Valley in the Plava sector of the middle Isonzo, and on the Carso front are vigorously bombarding opposing positions. The Serbs in the Cerna region of the Macedonian front have put down a German-Bulgarian attack and themselves delivered a thrust which was rewarded by the capture of several trenches. In the Dorian sector the British also captured a Teutonic Allied trench. Floods are interfering with operations on the Struma front.

Four British and four Norwegian steamers have been sunk by submarines or mines. The tonnage of the British steamer-sunk aggregate 12,291.

MOTHER LOVE AIDS SON IN TRENCHES

It Brings Relief To Boy Standing His Watch Deep In Mud.

Once upon a time, only a few months after this terrible world war had begun, Private Bailey, a soldier in the ranks had stood for days in the trenches "somewhere in France." The cold rains soaked him to the skin; the mud was deep. He had had no rest. Weary and aching with rheumatic pains, he recalled the faith his mother had in Sloan's Liniment. He asked for it in his next letter home. A large bottle was immediately sent him and a few applications killed the pain, once more he was able to stand the severe exposure. He shared this wonderful muscle-soother with his comrades, and they all agreed it was the greatest "reinforcement" that had ever come to their rescue. At your druggist, 25c., 50c., and \$1.00 a bottle.

The People's Fair opens. The People's Fair was formally opened Tuesday and will continue till next Saturday. Big crowds of people are pouring in from everywhere in the county. The weather this week proves the most favorable and the fair promises to be the greatest success in its history. Mr. Bradford Knapp of the department of agriculture in Washington, delivered an able address to a big audience on the grounds. The feature of Tuesday morning was the parade of school children of the city and county, marching from the city to the grounds. The midway is the greatest that Salisbury ever had and as big as the grounds can accommodate and already patronized liberally all the time. There are the usual agricultural and other exhibits but it is understood that this time they are better in every way. Many of the business houses in the city are going to close tomorrow for a half holiday that all can attend the fair.

Piles Cured in 6 to 14 Days. Your druggist will refund money if PAGO OINTMENT fails to cure any case of itching, Blind, Bleeding or Protruding Piles in 6 to 14 days. The first application gives Ease and Rest. 50c.
