BATTLE WITH I. W. W. MOB.

Citizens' Posse, Headed by Sheriff, Exchanges Shots With Members of Labor Organization.

Everett, Wash., Nov. 5.—Five persons were killed and 40 wounded today in a fight at the Everett City wharf between 250 members of the Industrial Workers of the World, who came here from Seattle on the steamer Verona and a posse of 150 citizens headed by Sheriff Don McRae. Sheriff McRae is among the seriously wounded.

The number of casualties abroad the Verona is not known. After the shooting, in which about 1,000 shots were exchanged the Verona turned around and started back to Seattle. Many men were seen to fall on the deck of the steamer and others, panic stricken, jumped overboard. Some were taken from the water, but others disappeared.

The Verona reached Everett shortly before 3 o'clock. The coming of the party of invaders had been announced in messages sent to Everett from Seattle headquarters. A call to Industrial Workers of the World members from all over the State had been issued earlier in the week and the citizens of Everett at a meeting held Saturday night planned to meet the invaders and deny them privilege of landing.

When the Verona reached the city wharf Sheriff McRae who was backed by a posse of deputy sheriffs and citizens stepped forward and informed the men on the boat that they would not be permitted to land. One of the men, evidently spokesman for the party, began arguing with the sheriff and then made a speech.

Apparently as a signal the man dropped his hand and armed men on the steamer opened fire on the posse assembled on the wharf. The first man to fall was Sheriff McRae, seriously wounded. One man was killed instantly and in a moment the crowd on shore was panic stricken. Deputy sheriffs on the wharf quickly rallied their forces, however, and returned the fire of the invaders on the Verona.

Men on the wharf and on the boat were seen to fall and the Verona immediately backed out of the dock and started back toward Seattle.

The trouble between the Industrial Workers of the World and the authorities at Everett has been on for several months and was the outgrowth of a strike of shingle workers here. After several minor outbreaks of violence during the strike, Sheriff McRae organized the citizens committee and expelled all members of the Industrial Workers of the World from Everett. On several occasions small parties of men have attempted to enter Everett but have been turned back by the sheriff. Last Monday 45 members of the I. W. W. from Seattle were met at the wharf by the citizens' posse, loaded into automobiles and escorted to a point south of town, where they were liberated and ordered to leave.

Last week "The Industrial Workers," the official organ of the Industrial Workers of the World in Seattle, said forcible expulsion of the men from Everett must be avenged and called for 2,000 volunteers to go to Everett to establish the right of free speech."

"The fight must be won," said the paper, "as the whole future of the Industrial Workers of the World in this section depends upon the outcome. We want all-foot loose rebels in the West to center their attention upon Everett and the trust mill and logging properties. Get on the job and use your judgment."

69 Bodies of Steamer Disaster Recovered.

Belfast, Nov. 6.—The dead list as a result of disaster to the steamers Connemara and Retriever Thursday night is now set at 69. Eighty-two persons lost their lives on the Connemara and nine on the Retriever. Sixty-nine bodies have been recovered. The collision occurred at 8:30 o'clock in the evening, a mile off the coast. The sole survivor of the Retriever, James Boyle, was in the water half an hour clinging to an overturned boat, which was washed ashore.

The disaster was due directly to a storm. The incoming Retriever and the outgoing Connemara were steering the proper courses to pass each other in the narrow channel of Greedmore harbor. The vessels were nearly abreast when a huge wave struck the Retriever laden with coal altering her course. Before she could recover her bow was driven amidships into the Connemara, which immediately began to settle, turning over five minutes later. The Retriever was so badly damaged that she sank in a quarter of an hour. The boilers of both steamers exploded after the collision killing a great number of persons on board as was made evident by the mutilated bodies washed ashore. The people on board did not even have time to secure life-belts as none of the dead was found to be provided with them.

FRENCH HIT GERMANS ON SOMME.

Lines Smashed Offensive Is Vigorously Renewed. British Capture Hills to North.

Katerina, Greece, Nov. 5.—Via London.—A French battalion arrived here today to occupy the town. It is believed that the Greek and Venetian troops will depart immediately and thus solve the embarrassing situation which has arisen as a result of the conflict between the Royalist and Venetians.

London, Nov. 5.—The French troops in the Somme region of France and northwest of Verdun again have smashed the German lines hard. North of the Somme between Le Boeuf and Saillies-Saint-Léonard to the east of the latter place and on the St. Pierre-Vaast wood sector important gains were made in violent fighting which proceeded throughout Sunday, according to the French official communication. The attack on the St. Pierre-Vaast wood which was made from three sides simultaneously, netted the French three trenches on the northern side and the entire German positions on the southern outskirts of the wood.

To the north despite the stormy weather, the British over a front of a thousand yards, captured the hills in the neighborhood of the Butte de Warlencourt.

Keeping up their offensive in the Verdun region the French have been enabled to occupy the entire village of Vaux and also the town of Damvou, which is situated a mile to the east of Fort Vaux.

Violent fighting continues to mark the operations in the region south of Gorizia, where the Italians are endeavoring to break the Austrian lines and advance on Triest.

Fresh gains have been made by King Victor Emmanuel's men on the Carso plateau, south of the Oppocunis-Casaginivizza road and to the south of this region they are alternately bombarding the Austrian positions at Jamiano and throwing heavy infantry effectiveness against the town.

The Vienna War Office says all the attacks at Jamiano thus far have been broken down in front of the Austrian line, the Italians suffering heavy casualties.

In the Transylvania Alps the Austro-Germans and Rumanians are still at deadly grips, with both sides claiming successes at various points. Berlin records the capture by the Teutonic Allies of positions in the Prahova Valley, while Bucharest asserts that the pursuit of the Teutons in the Jil Valley continues.

There is still no news forthcoming from the Dobrudja region of Rumania shedding light on the situation there. Both Constanza and Mangalia, ports on the Black Sea held by the forces of the Central Powers, have again been shelled by Russian warships.

In Macedonia fighting continues along the Crna River but no important changes in terrain have taken place.

Small gains for the Germans on the Russian front south of Dvinisk and in Galicia and the Carpathian Mountains for the Russians are recorded in the Berlin and Petrograd official communications.

A hereditary monarchy and a constitutional government is to be established in Poland, according to a manifesto issued at Warsaw and Lublin Sunday.

Her Son Subject to Croup.

"My son Edwin is subject to croup," writes Mrs. E. O. Irwin, New Kensington, Pa. "I put in many sleepless hours at night before I learned of Chamberlain's Cough Remedy. Mothers need not fear this disease if they keep a bottle of Chamberlain's Cough Remedy in the house and use it as directed. It always gave my boy relief." Obtainable everywhere.

BOTH PARTIES OUTDOOR YESTERDAY.

President, Vice President, 43 Senators, 435 Congressmen, Governors and Other Officers.

New York, Nov. 6.—On the eve of the presidential election general confidence in the result of the balloting tomorrow was expressed in the camps of the rival Democratic and Republican forces. Political workers had completed their work, their leaders had issued the usual final forecasts and nothing remained but the work of counting out the votes.

Tonight the standard-bearers of the leading parties remained quietly in their tents. President Woodrow Wilson, Shadow Lawn and Charles F. Hughes at his hotel in New York. Surrounding him and immediate members of their families, the candidates plan to receive the election returns in their homes.

Tomorrow Mr. Wilson will go to Princeton to vote at the old fire engine house near the Princeton campus. Mr. Hughes will vote in a laundry on Forty-fourth street, New York, near his headquarters. No weather man has promised a change in fair weather and inclement weather or in snow or rain.

One last word follows:

President and Vice President.

Four hundred and fifty-one members of the House of Representatives.

Three hundred and twenty-eight senators.

Four hundred and thirty-three representatives of the House of Representatives.

Special Selections were rendered during the exercises by the choir. The church was well filled with people and good attention was given throughout.

Chilling Seasons Bring Colds.

"Stuffed-up head, clogged up nose, tight chest, sore throat are sure signs of cold, and Dr. King's New Discovery is sure relief. A dose of this combination of antiseptic balsams soothes the irritated membrane, clears the head, loosens the phlegm, you breathe easier and realize your cold is broken up. Treat a cold persistently; half way measures leave a lingering cough. Take Dr. King's New Discovery until your cold is gone. For 47 years the favorite remedy for young and old.

Women in the last named six States will also vote on the question.

In Arizona an amendment for the abolition of capital punishment will be up for popular decision.

Women's part in the presidential election is one of the outstanding features.

In one quarter of the 48 States women have the vote this year.

The twelve States are Wyoming, Colorado, Utah, Idaho, Washington, California, Arkansas, Kansas, Oregon, Nevada, Montana and Illinois.

The women in the last named six States have the vote for President this year for the first time.

The States involved have 91 electoral votes, a little more than one-sixth of the electoral college's total votes.

Miss Jeannette Rankin of Montana is running for Congress on the Republican ticket and in California Mrs. Josephine Fernald of San Francisco is an aspirant for a seat in Congress as a Democrat.

If they are elected they will be the first women to win seats in the National House of Representatives.

The Progressives of the first Colorado Congressional district also nominated a woman, Hattie K. Howard, but she since has withdrawn.

Another woman candidate for Congress is Mrs. Frances Axwell, Democrat, in the second Washington district.

Election eve claims of victory at the polls tomorrow were made tonight by Vance C. McCormick and William R. Wilson, chairmen respectively of the Democratic and Republican National committees.

Before starting for his home in Harrisburg, Pa., to vote, Mr. McCormick declared there was a

fighting chance for President Wilson having the electoral votes of Utah and one or two other hitherto rock-ribbed Republican States in addition to the 364 votes he already has claimed. He will return to this city early tomorrow night.

TEACHER TRAINING GRADUATION.

Class of Five Receive Diplomas Before Large Audience at Rockwell.

Rockwell, Nov. 5.—The teacher training class of St. James' Lutheran church, having completed its course of study under the direction of Rev. N. D. Bodie, held their graduation exercises this evening.

The Rev. P. D. Brown, pastor of the Lutheran church at High Point, delivered the address of the evening. Taking as the basis of his remarks, the Appearance of Paul before Agrippa, he skillfully unfolded the truths saying, "Every true Christian must have a vision." This, however, does not compare to us as it did to Paul and the prophets, through voices and dreams but through Jesus Christ as revealed in the Holy Word."

Contiguously he showed that obedience to the vision is necessary. Then, too, a sacrifice of worldly ideals must be made before the vision can be clearly seen. Also, "Courage, a physical, moral and spiritual, is very essential to the rendering of the service required in the vision." Lastly, using the figure of John Bunyan, Rev. Brown said: "I believe the waters of the stream between us and the Celestial City will be deep or shallow according to the strength of our faith."

After the sermon greetings from Rev. C. P. Wiggs, D. D., were read. There with a few timely remarks and an appeal for more efficient Sunday school teachers, Rev. R. A. Goodman, president of Mont Altoa Seminary, presented the diplomas to Misses L. M. Stockleher, J. M. Trexler and J. A. Linn and Misses Martha Peeler and Mittie Shore.

Special selections were rendered during the exercises by the choir. The church was well filled with people and good attention was given throughout.

Weather Forecast for November, 1916.

From 2 to 9, cool rain and snow north.

From 9 to 17, changeable and cool with threatening showers along.

From 17 to 25, fair with threatening rains all along, and snow north.

This month, after the 15th, will show up some cold, rough and windy along.

ALL THE DEMOCRATIC CONGRESSMEN SAFE.

Raleigh, Nov. 7.—That North Carolina will have solid Democratic Representation in Congress was announced by Democratic State Chairman Warren at 10 o'clock tonight when the news came from Fayetteville that Weaver defeated Britt, Republican, by 500 majority.

All other Democratic Congressmen safe with numbers increased majorities. Warren is confident that Bickett's majority for Governor will be 40,000. Wake give 2,000 Democratic majority. Already 1,600 with 18 precincts missing.

NO LOOKOUT.

When a cold hangs on as often happens, or when you have hardly gotten over one cold before you contract another, look out for you are liable to contract some very serious disease. This succession of colds weakens the system and lowers the vitality so that you are much more liable to contract chronic catarrh, pneumonia or consumption. Cure your cold while you can. Chamberlain'sough Remedy has a great reputation.

Contiguously he showed that obedience to the vision is necessary. Then, too, a sacrifice of worldly ideals must be made before the vision can be clearly seen.
