

CLIMBED STAIRS ON HER HANDS

Too Ill to Walk Upright. Operation Advised. Saved by Lydia E. Pinkham's Vegetable Compound.

This woman now raises chickens and does manual labor. Read her story: Richmond, Ind.—"For two years I was so sick and weak with troubles from my age that when going up stairs I had to go very slowly with my hands on the steps, then sit down at the top to rest. The doctor said he thought I should have an operation, and my friends thought I would not live to move into our new house. My daughter asked me to try Lydia E. Pinkham's Vegetable Compound as she had taken it with good results. I did so, my weakness disappeared, I gained in strength, moved into our new home, did all kinds of garden work, shoveled dirt, did building and cement work, and raised hundreds of chickens and ducks. I cannot say enough in praise of Lydia E. Pinkham's Vegetable Compound and of these facts are useful you may publish them for the benefit of other women."—Mrs. M. JOHNSON, Route D, Box 190, Richmond, Ind.

DEWEY HONORED BY STATE LAWMAKERS

RESOLUTION PAYING TRIBUTE TO HIS MEMORY IS PASSED IN HOUSE AND SENATE.

WITH THE STATE LAWMAKERS

Resume of the Doings of the General Assembly During the Past Week—Told in a Brief and Interesting Way. For Our Many Readers.

Raleigh. Senate and house both adopted resolutions paying tribute to Admiral Dewey and asking the North Carolina delegation in Congress to officially represent the state at the Dewey funeral.

The senate received a notable bill by Senator Allen of Wayne to abolish capital punishment except for criminal assault proven by more than one witness. A bill by Senator Long would give lodging house keepers liens on baggage of guests.

A number of additional bills were offered both for statewide and for county laws for the election of county boards of education and superintendents of schools. Senate and house both adjourned in honor of Robert E. Lee. The speakers desk in the house is draped with Confederate and state flags.

The senate passed a resolution directing the appointment of a joint committee of legislators to give special attention to whatever bills this legislature must enact for the proper operation of the constitutional amendments, especially those limiting legislation as to municipal and county affairs. The resolution calls for separate committees to prepare measures as to municipal and as to county affairs. Senator Brenner expressed the sentiment of the senate, when he declared that while the legislators appreciated the work of the State Bar Association in preparing such measures, it was far too important a matter to leave open to that body and must be taken care of directly by the legislature.

The Dewey resolution from the house was put through immediate passage and ordered enrolled for ratification after Senators Oates and Cameron had spoken in its advocacy. The adoption was by a rising vote. On motion of Senator Oates, the President of the Senate was directed to wire Senator Simmons of the action of the Assembly in this matter.

The Kittrell resolution eulogizing Admiral Dewey and providing that adjournment be in his honor along with Robert E. Lee, was taken up. Representative Grier objected to adjournment that would confer this honor for General Lee with any other person. The reference to Dewey as to adjournment was withdrawn and the tribute to Dewey adopted.

The Senate committee on "propositions and grievances" has again voted to "Save Pender" in the spirited stock law fight which has stirred the Legislature this session and two years ago. There was a two hours hearing on the bill to provide special tax for building a stock fence around Pender so that "free range" could be restored and an unfavorable report on this by an unfavorable report on this by the committee was the result. Only two senators, one of them Senator Burnett, of Brunswick, voting for favorable report. The hearing was in the senate chamber which was thronged by opposing Pender delegations, the stock law contingent wearing badges reading "Save Pender" and the free range big streamers reading "Save Pender Democracy" and setting out big popular majorities in the county for free range.

The Senate held a lengthy debate on the resolution to sanction the action of Governor Craig and the state's prison directors in disbursing \$10 to the needy families of well behaved state convicts. It resulted in the addition of the Jones resolution and endorsement by a roll call vote of 35 to 10.

Senator Person introduced a bill to amend the bill with a provision that no salaried state or county officers shall serve more than two terms.

A bill by Senator Jones, of Asheville, would require railroad companies to pay off semi-monthly, the engineers, conductors, firemen, flagmen, brakemen and other employees as well as the shop employees as the law requires.

In the House Representative Beale introduced a bill to exempt from taxation mortgages and notes given in the purchase of homes in accordance with the reign of Governor Bickett, exemptions to be as high as \$3,000.

In the House, Matthews of Bertie, offered a bill to prevent increases in county tax assessments by the Corporation Commission without notice. The senate received a message from Governor Bickett transmitting the report and recommendations of Commissioner of Insurance James R. Young, the message stressing especially the importance of consideration of the recommendations by Mr. Young that there be Workmen's Compensation legislation and legislation amending the state regulations as to fire escapes.

There was introduced out of order a bill by Long, of Halifax, to give lodging house keepers to lien on the baggage of guests until bills are paid. Senator Gough, of Robeson, created merriment at the expense of Senator Person, of Franklin; the senate's most drowsy member, to regulate and amend the attire of Senator Person by prescribing that he shall be guilty of a misdemeanor should he appear in public without his red vest. Senator Brenner offered an amendment that the senator from Franklin be branded a "molycoddle" should he violate the provisions of the bill.

The house passed the omnibus justice of the peace bill and raised the standard in licensing embalmers. The Clark bill passed to amend the law as to disposition of penalties in case of usury charged on mortgages.

What is intended to make secret remedies under various and sundry trademarks and names come out in the open, is the purpose of a bill introduced in the senate by Senator Scales, of Guilford. A similar measure was introduced in the house by Representative Page. In this action the State of North Carolina is the first state in the union to attempt the open formula. While the measure has strong friends in both houses, those behind the bill are expecting a fight from the opposition. There is about \$300,000,000 invested in these remedies which the law aims at and their line up against the measure is expected. There is no fight on the so-called patent medicines, official remedies and remedies compounded on the prescription of a physician. If a scrap comes one thing is sure, the introducers of the bills in both houses are not afraid to meet it and will be found to be able to take care of themselves in the most approved manner.

In Line With Governor. This measure is in line with the recommendation of Governor Bickett in his inaugural address. The other recommendations of Governor Bickett were embodied in bills introduced by Senator Warren of Beaufort county. One provides that no prisoners shall be sent to the county chain gang who are sentenced to more than two years. The other was for the appointment of the governor, chairman of the state tax commission and the state treasurer to form a commission to investigate and make a comprehensive report on a system of taxation to be submitted to the next General Assembly.

ALL RUN-DOWN AND NERVOUS

Says This Lady Who Had to Support Family of Four. Read Below Her Statement About Cardui.

Tallahassee, Ga.—Mrs. Sallie Eidson, of this place, writes: "I was in very poor health, all run-down, nervous, had fainting spells, dizziness and heart fluttering. I had these symptoms usually at my . . . times. I had a very hard time, working for seven years in a hotel after my father died. I had to support our family of four. I read the Birthday Almanac and thought I would begin taking Cardui. I received good benefit from it. I am sure it will do all that it claims to do. I took three or four bottles before it began to show effects. After that I improved rapidly and gained in health and strength. I took nine bottles in all. This is the only time I have taken it. I was down to 108 pounds and I gained to 122. I felt like a new woman. I couldn't sleep before and had to be rubbed, I would get so nervous and numb. And all this was stopped by Cardui."

The true value of a medicine can be determined only by the results obtained from its actual use. The thousands of letters we have received every year for many years from grateful users of Cardui, are powerful tributes to its worth and effectiveness. If you suffer from womanly ailments, try Cardui, the woman's tonic.—Adv.

His Clutch Slipped. Harold, aged four, was trudging the distance of many blocks with his father to Sunday school, and the long tramp was almost too much for him. The father, glancing back, noticed the small boy's fatigue and, slackening his pace, asked: "Am I walking too fast, son?" "No," returned the small boy, puffing and panting breathlessly, "it's me, papa."—Christian Herald.

Another measure introduced by Senator Warren was to prohibit boys from the employment of telegraph and telephone companies. This would prevent the employment of persons under 18 years of age for the delivery of intrastate messages.

Another important measure was introduced by Senator Allen. This provides for the establishment of a reformatory for women at the state prison.

Senator McNider put in a bill amending the law relative to divorce. Grown tired of inaction, members of the lower house of the North Carolina General Assembly introduced a number of bills whose import is of considerable concern to any heretofore coming up for the august consideration of that body. Gallatin Roberts, of Buncombe, who many thought would be speaker of the house for the present session, came across with one of the notable bills. It calls for woman suffrage in a modified degree. Mr. Roberts' bill is so worded that few recognized its importance when its title: "A bill to be entitled an act to authorize any city or town to amend its charter in regard to municipal suffrage," was read. This bill, with those of Page and Griffin, the former to provide for the election of county boards of education through popular ballot; the latter to authorize the enactment of stock law over the eastern counties now without it, comprised the really important proposed legislation of the day.

Mr. Roberts' bill provides the machinery whereby women will be permitted to vote in municipal elections. While woman is not mentioned in the bill, it is stated that all persons above 21 years of age, who are not idiots, lunatics, convicts or illiterates (except those of the latter who are qualified as state electors) under the constitution, shall be permitted to vote in municipal elections.

This, it is understood, is in line with the requests to be made this year by the woman's suffrage league. In many of the northern and western states women are permitted to vote in certain municipal elections. It is believed that the women will ask for nothing more revolutionary than this. They seem to think that to ask for the complete enfranchisement of women would be too much at this time.

With the view of affording to North Carolina counties an opportunity to borrow money for road construction at a rate of less than 6 per cent Representative Clark, of Pitt, introduced a bill in the house of representatives which, if enacted, will make available each year for the next 41 years the sum of \$400,000. This sum is to be secured by state bonds bearing 4 per cent interest and is to be loaned to counties, townships or road districts at an interest of 5 per cent. This bill with three others introduced by Representative Clark to regulate the betterment of expiring mortgages, to amend to amend the pendent families, and one by Mr. Clayton to authorize the payment of a part of prisoner's earnings to the dependent families, and one by Mr. Hooker to call for a report from the state fish commissioner, comprised the total of important bills introduced in the house.

School for Blind. Three bills were introduced by Senator Harding of Pitt, relative to the School for the Deaf, Dumb and Blind here. These provide for the erection of ten fireproof cottages on the 80-acre tract owned by the state here which was purchased for that purpose; the changing of the title of principal to superintendent to make the title conform to that of the heads of other state institutions; to require sheriffs in the various counties to bring blind children to the institution when notified by the superintendent of the school.

Mr. Hooker's bill as to the fish commission report is looked upon as the first gun in the fight for a repeal or amendment of existing fish laws. It calls for a full report from the commissioner within a week. Representatives from the coast counties are looking forward to this report with some degree of glee. They believe it will show that the commission has been working under a plan of operation much more expensive to the state than the average citizen knows anything about. They think that the report will give strength to their side of the argument.

PRIDGEN IS NAMED NEW GRAND MASTER

GRAND LODGE OF NORTH CAROLINA MASON'S ELECT WILLINGTON MAN.

Hold Session at Raleigh. Memorial Exercises to Late Grand Secretary John C. Drewry, is Feature of Annual Meeting.

Raleigh.—Dr. Claude L. Pridgen, of Wilmington, was elected Grand Master of the Grand Lodge of North Carolina Masons at session devoted in part to memorial exercises in honor of the memory of the late Grand Secretary John C. Drewry, an address by Grand Master James W. Witton, of the District of Columbia, and routine business.

Other officers elected prior to the adjournment of the Grand Lodge were: Deputy Grand Master, George S. Norfleet, Winston-Salem. Senior Grand Warden, Henry A. Grady, Clinton. Junior Grand Warden, Dr. J. C. Braswell, Whitakers. Grand Treasurer, Leo D. Hart, Raleigh. Grand Secretary, W. W. Wilson, Raleigh.

John W. Cotton of Tarboro was elected a director of the Oxford Orphanage to succeed himself for a term of five years. A. B. Andrews of Raleigh to fill the unexpired term of G. Rosenthal on the board of directors of the Oxford Orphanage, J. E. Latham of Greensboro director of the Masonic and Eastern Star Home for a term of five years to succeed himself, R. N. Hackett, Wilkesboro, representative to George Washington Museum, Alexandria, Va., for a term of three years; A. B. Andrews and C. B. Crabtree, directors on the part of the Grand Lodge of the John C. Drewry fund.

Past Grand Master Frank P. Hoppood was complimented highly in the address of Grand Master James W. Witton of Washington, D. C. when he said, "I have been associated with Col. Frank P. Hoppood of North Carolina in San Francisco in oil land case for the Department of Justice for some time, and I have grown to love and admire him. If all North Carolina Masons are as lovable as he is, there must be a lot of love in this Grand Lodge."

Insurance Revenue Increases. Raleigh.—The report and recommendations of Commissioner of Insurance James R. Young to Governor Bickett to be transmitted to the legislature, was filed with the governor. The report shows a steady increase in the revenue of the department, the increase averaging about \$15,000 per annum. The receipts this fiscal year will be about \$365,000.

The commissioner reports the building inspection laws, fire marshal regulations, fire escape statutes and other regulations for public safety working well. He recommends that an allowance be made for vigorous prosecutions of violators of the statute as to investment and promotion companies as a protection to the people of the state.

The commissioner recommends a number of minor changes in the state's standard fire insurance policy which he says will become the standard policy for most of the states of the union. He would have the law as to changes in capital stock and charities subject to approval by the Insurance Department made to apply to foreign companies where the home state does not maintain a like regulation. There is recommendation that "whole family" insurance be allowed for fraternal insurance. He recommends the enactment of a workman's compensation law properly safeguarded.

As to building and loan associations, he recommends a more clear statutory expression as to their annual licensing, with nominal fees charged to be used in the expenses of the examinations. He would have an additional deputy clerk to examine the building and loan associations.

He reports the insurance value of state property to be about \$7,000,000, and that the allowance made for premiums on this insurance permits only about 30 per cent insurance on this property. There should be an increase of \$5,000 or \$10,000. During the past year the state paid out for insurance on state property \$20,000 and received from the companies for fire losses \$27,000.

Chapter Commencement Officers. Chapel Hill.—Commencement marshals chosen by the junior class at the meeting last week. Fred Farthing, of Boone, was elected chief marshal, and the number of assistant marshals this year was increased to eight. These are as follows: C. H. Herty, Jr., Chapel Hill; R. C. Wrenset, Jr., Wilmington; L. R. Crockett, Mount Airy; W. G. Burgess, Shelby; Victor S. Bryant, Jr., Durham; C. R. Williams, Graham; J. B. Linker, Salis buhy, and W. H. Stephenson, Raleigh.

Luthers Raise Fund for Lenoir. Newton.—The Catawba Lutheran, published by the association of Lutheran pastors of the Tennessee Synod in Catawba county, carries in its current issue an itemized report of contributions and subscriptions to the Lenoir College endowment fund of \$100,000, and shows that a total of more than \$2,000 was secured in November and December last, making the money raised to date something over \$33,000. The entire Tennessee Synod is behind the movement to give the college \$100,000 endowment.

FRUIT LAXATIVE FOR SICK CHILD

"California Syrup of Figs" can't harm tender stomach, liver and bowels.

Every mother realizes, after giving her children "California Syrup of Figs" that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without gripping.

When cross, irritable, feverish, or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When his little system is full of cold, throat sore, has stomach-ache, diarrhoea, indigestion, colic—remember, a good "inside cleaning" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask at the store for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Adv.

To Be Sure. "A writer says the average small boy is no longer ambitious to fight Indians." "And no wonder. Tackling adventures which are not familiar with the use of machine guns, asphyxiating gas and hand grenades in warfare would be rather tame sport nowadays."

FOR PIMPLY FACES. Cuticura is Best—Samples Free by Mail to Anyone Anywhere.

An easy, speedy way to remove pimples and blackheads. Smear the affected surfaces with Cuticura Ointment. Wash off in five minutes with Cuticura Soap and hot water, bathing some minutes. Repeat night and morning. No better toilet preparations exist.

The PERUNA Family

has three members you should know if you desire to enjoy life. 1. The popular liquid form of Peruna—the reliable tonic of the American household, with a long history of success in treating all catarrhal affections. 2. The tablet form, which is made after the same formula and is more convenient for many. 3. Manalin, the ideal laxative, by the regular use of which constipation may be overcome and natural action restored. Manalin has no habit forming drug, but is an aid to nature. Your druggist has all three. So many thousands have received benefit from use of one or both these remedies that they are a recognized part of the equipment of the best family medicine chest. THE PERUNA COMPANY, Columbus, Ohio.

Lost Opportunity. "I see an old gentleman approaching. He wears a silk hat and seems absorbed in a pamphlet he is reading. Further down the street several small boys are waiting with snowballs in their hands. What will happen?" "Nothing. I know something those small boys evidently don't know. The old gentleman has to walk only about ten feet before he will turn into his own house, while, I assure you, he will be quite safe."

With the Fingers! Says Corns Lift Out Without Any Pain. Sores, corns, hard corns, soft corns or any kind of a corn can shortly be lifted right out with the fingers if you will apply on the corn a few drops of freezone, says a Cincinnati authority. At little cost one can get a small bottle of freezone at any drug store, which will positively rid one's feet of every corn or callus without pain or soreness or the danger of infection.

This new drug is an ether compound, and dries the moment it is applied and does not inflame or even irritate the surrounding skin. Just think! You can lift off your corns and calluses now without a bit of pain or soreness. If your druggist hasn't freezone he can easily get a small bottle for you from his wholesale drug house.—adv.

A Practical Plan. "That brisk young man who just now went out is a sort of philanthropist," said the custodian of a sky-scraper. "He's behind a movement to get aged scrubwomans off their knees." "Well, well! How does he propose to go about it?" "His plan is quite simple. He's selling a mop with a long handle."

ENDS DYSPEPSIA, INDIGESTION, GAS

"Pape's Diapesin" cures sick, sour stomachs in five minutes—Time It!

"Really does" put bad stomachs in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that—just that—makes Pape's Diapesin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you feel gas and cructate water, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment "Pape's Diapesin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapesin will give you a hundred dollars' worth of satisfaction.

It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of sick, sour, upset stomach during the day or at night. It's the quickest, surest and most harmless stomach doctor in the world.—Adv.

Life is a succession of lessons which must be lived to be understood.—Emerson.

TO LIVE LONG!

A recipe given by a famous physician for long life was: "Keep the kidneys in good order! Try to eliminate their skin and intestines the poisons that otherwise clog the kidneys. Avoid eating meat as much as possible; avoid too much salt, alcohol, tea. Try a milk and vegetable diet. Drink plenty of water, and exercise so you sweat—the skin helps to eliminate the toxic poisons and uric acid."

For those past middle life, for those easily recognized symptoms of inflammation, as backache, scalding water, or if uric acid in the blood has caused rheumatism, "rusty" joints, stiffness, get Anuric at the drug store. This is a wonderful eliminator of uric acid and was discovered by Dr. Pierce of Invalids' Hotel, Buffalo, N. Y. If your druggist does not keep it send 10 cents to Dr. Pierce for trial package and you will find that it is many times more potent than lithia and that it dissolves uric acid as hot water does sugar.
