dvocate Calls Attention to Reform-

The New York Christian Advocate of February 22, 1917, takes Protestantism to task for icational importance of the Luher year on which we have en ared the 400th anniversary of is nailing of the 'Theses rainet indulgences" on the door or Wittenberg church. Rome even of today is quite sensitive of that fact, and is doing what it can to parry the blow which Luther struck four hundred years ago. In New York City and elsewhere malignant attacks by Rome are made upon the fearless Saxon monk and dishonest defense offered for the abominable sale of indulgences. It seems the Italian free churches have taken up the challenge, and are meeting Rome upon its own ground,. The "Advocate" has this to say respecting the activity of people who have left the apostate charch and now enjoy a free

vigorous protest which these meetings have thus far elicited came from the Italian (Protestant) Ministerial Association. They did not deny the right of Romanists to deliver, or of Protestants to attend, such lectures, but they very properly pointed out that 'this liberty' which Catholics use and enjoy here, they deny to Protestants both in this country and in Catholic countries, when Protestants preach to Catholics what they believe to be the truth and endeavor to make converts among them. They express strong doubt of the success of the 'mission, in the number of its converts, because for a Protestant to revert to Romanism is evolution backwards, contrary to the course of progress that has produced three hundred Italian Protestant churches in America, made up of 25,000 converts from Romanism. They profess confidence that the common sense of the American people will be proof against incense, music and priestly eloquence, and not allow any number of

disearding.' "It is a pity that American Protestants should have to receive this warning from Italian lips, though no people have a better right to speak from experience of the spiritual starva. tion to which the papal blockade can reduce the human soul, interposing its barrier of priest and sacrament between the Christian and his Master. At this annerversary which recalls Reformation no Protestant minister need hesitate to declare with boldness the principles which divided Christendom, and which are still vital elements in any personal religion worthy of the name."

"Don't think too much of your own methods. Watch other people's ways and learn from them.' This is good advice especially when billious or constipated. You will find many people who use Chamberlain's Tablets for these ailments with the best, and will do well to follow their example.

Yest Local Eulegizes Farm Demenstrator

We, Yost Local, No. 280, of the F. C. and E. U. of A., wish to extend our most hearty thanks and congratulations to the commissioners of Rowan County for making the appropriation of funds necessary to enable Bro. Sidney S. Stabler, our present county demonstator, to continue his services in this county.

We as farmers are in position to know the importance and ne cessity of this work, we are also in position to know that Bro. Sta bler is the man Rowan County needs to carry on this work. Bro. Stabler is one of the most energetic and enthusiastic work ers Rowen county farmers know. His knowledge we feel sure is far superior to the requirements of the position he now holds, his services are being appreciated in all parts of the county, and with Bro. Stabler as a leader and iustructor Rowan county farmers will soon be in a high state of cultivation.

We therefore think Rowan county fortunate to secure Bro Stablers'services at any reasona ble figure. R A. PAGE.
