Nancy Jane, daughter of Thomas M. Morgan, was born at Gold Hill, September 30th, 1909, and died August 14th, age 7 years, 11 months and 14 days. The remains were taken to Gold Hill and laid to rest in the cemetery there beside her half brother. Mr. Morgan lives near Faith.

J. Calvin Lingle lost his good old work horse Thursday night.

John Arey split some oak wood for the stove and in the dark it looks like coals of fire and makes a little light. Did anybody ever see anything like it, if so trot out your wood. Can any one tell what causes it to be so?—[It has been in a damp place and is impregnated with phosphorus.—Ed]

Venus was at the Lutheran Sunday school picnic at Marshall J. Holshouser's pasture, which is one of the finest places in the whole country for a picnic. The dinner table was 35 steps long. Mr. Holshouser is one of the cleverest men in this whole country. He furnished the lumber for tables and seats, and that is not all, he moved all of his fine cattle over into another pasture and threw open the gates for the automobiles and buggies to come in. Mrs. Holshouser brought a large dish of cooked chicken, bread and lots of good things to eat. Mr. Holshouser cleared out the grove, raked back the leaves and said he was going to make the grounds still larger and more beautiful, which is now about one quarter mile long, lying on a hillside in a nice grove. Several picnics have been held there. This one was a great success and was attended by a big crowd.

The Baptist Sunday schools consisting of Dunn's mountain, Rockwell and Faith joined together and had their picnic this year in Faith. The dinner table was spread in Miss Raney's yard. Berry E. Drake of Charlotte, spent Saturday night and Sunday here with his uncle, William Wyatt. It has been twelve years since he was here last. His father, Wade Drake, lived here many years ago and was a great banjo picker and made sassafras oil. He died many years ago. B. E. Drake is a machinist in Charlotte and is doing well.

FAITH

August 19th.—Last Sunday morning at the close of the services at the Lutheran church, Miss Rosa Trexler and Charles Parks greatly surprised the audience when they marched to the altar and were made man and wife, the ceremony being performed by Rev. George Parks of Kannapolis, who is a brother of the groom. He was assisted in the ceremony by Rev. C. P. Fisher. These young people are well known in Rowan County and are very popular among their acquaintances. The groom is a son of Frank Parks and is an excellent young man. The bride is a daughter of Cicero Trexler and is a popular and most excellent young woman. Venus with many friends wish them a long and happy life.

The Ladies' Aid and Missionary Society of the Reformed church will have their annual Missionary picnic at South River on Saturday afternoon, Sept. 8th. Every member is requested to go.

Mrs. H. A. Fisher of Norfolk, spent a week with her husband's parents, Mr. and Mrs. W. G. M. Fisher, here.

Mr. Jones, the block maker in turning over a stone at the quarry found two large copper head snakes. He stuck an iron bar through them and 18 small snakes crawled from them. If any one can beat that for snakes trot out your snakes.

L. H. Brown, wife and children of Washington, D. C., are visiting at M. G. M. Fisher's.

Mark E. Hester of Greenville, S. C., and Hampton Stirewalt of China Grove, were in Faith the other day.

Mr. and Mrs. A. D. Wilson, Grover Klutz and Mr. and Mrs. John A. Suther brought the Cruise school children of Cabarrus County to Granite Quarry on a picnic trip, took dinner at Granite Quarry and came back by Faith to see Venus and his collections. John A. Peeler and his crowd have returned home after spending several days with their old friend Edward Fulenwider at Monroe.

The Lutheran Sunday School had their picnic this year at Liberty church at Tyack and Morgan's store Thursday. W. V. Loflin who drives the big motor truck came out from Salisbury and took about 40 of the little children and a few older ones, Venus being in the crowd. Ten loaded automobiles went ahead of the truck and was on the grounds when we got there. The dinner was spread in the grove and just as all commenced to take dinner a big hard rain ran the crowd in the big school building near by. When dinner was finished there was a watermelon feast which was enjoyed by all. Then the sun came out and all the crowd went to Bringle's ferry. A heavy rain had fallen all the way to the ferry the creeks and branches were booming and muddy. Mr. Loflin is the best motor man we ever saw. He took his big crowd there and back safely. At Bringle's ferry they say they are putting about seventy automobiles across the river every day that goes to Badin from High Point, Asheboro, Lexington, Winston-Salem, Durham, Greensboro, besides a great many teams. A new flat has just been made and put in the river. It will soon be run with a gasoline engine.

PAINS SHARP AND STABBING

Woman Thought She Would Die. Cured by Lydia E. Pinkham's Vegetable Compound.

Ogdensburg, Wis.—"I suffered from female troubles which caused piercing pains like a knife through my back and side. I finally lost all my strength so I had to go to bed. The doctor advised an operation but I would not listen to it. I thought of what I had read about Lydia E. Pinkham's Vegetable Compound and tried it. The first bottle brought great relief and six bottles cured me. All women who have female trouble of any kind should try Lydia E. Pinkham's Vegetable Compound."—Mrs. ETTA DORRIN, Ogdensburg, Wis.

Physicians undoubtedly did their best, battled with this case steadily and could do no more, but often the most scientific treatment is surpassed by the medicinal properties of the good old fashioned roots and herbs contained in Lydia E. Pinkham's Vegetable Compound.

If any complication exists it pays to write the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special free advice.

THE SOUTHERN RAILWAY COMPANY

An Ambition and a Record

THE needs of the South are identical with the needs of the Southern Railway; the growth and success of one means the upbuilding of the other.

The Southern Railway asks no favors—no special privilege not accorded to others.

The ambition of the Southern Railway Company is to see that unity of interest that is born of co-operation between the public and the railroads; to see perfected that safe and frank policy in the management of railroads which invites the confidence of governmental agencies; to realize that liberality of investment which will enable it to obtain the additional capital needed for the acquisition of better and enlarged facilities incident to the demand for increased and better services; and, finally—

To take its niche in the body politic of the South alongside of other great industries, with no more, but with equal rights, equal rights and equal opportunities.

"The Southern Serves the South."
