FAITH.

When Marshal Jones and wife celebrated their fiftieth marriage anniversary a large crowd of people was present and a long table under the big shade tree was filled with the most and best things to eat that we have seen lately. After giving thanks by Rev. C P Fisher all present helped themselves and there was plenty left. The ladies of Litaker township can surely set a fine table. After dinner the presents were delivered by Rev. R L Brown. Among other things there was \$41.50 in cash, nearly all of it was five dollar gold pieces given by their relatives. The following ministers had good talks on the occasion: Rev. Jones Bame, D D Rev. C P Fisher and Rev. R L Brown. Among those from a distance were Mrs. Mary Boger of China Grove, L W Jones and wife of Durham, Rev. and Mrs. Bame and children of Lexington, Edgar Ritchie, Samuel Bame, wife and children of Morgan township, P J C Lentz and wife of Providence township and others too numerous to mention. There was a great number of descendants present. Venus put some money in an envelope and marked it thus: For the youngest great-grand-child of Mr. and Mrs. Marshal Jones. Later we were told they had four great-grand-children and that they would have to figure out which one would get it. Venus has been to two golden weddings, one at Rev. R L Brown's and this one. They come only once in a life time. Venus got some nice pictures of the table and the crowd and a groupe of the descendants with the old people in the center. It was a beautiful day and every one present enjoyed the golden wedding and saw Rev. R L Brown marry them over again.

Venus made a mistake a bout that picnic at Tyack's store. It was the Reformed church Sunday school picnic and not the Lutheran as stated. We had just recently written up the Lutheran picnic at Marshal Jones' pasture and our readers will please notice the difference.

R B McCombs and wife of Kannapolis, and 3 children passed through Faith. They had been at the Organ church Sunday school picnic at the home of the late Jerry Basinger.

of attainment as it seemed, but even out of defeat it has consolidated a vast empire that stretches from Bremen to Bagdad and is governed from Berlin. That is already won, and will be unless the power of this autocracy is finally broken and a free Germany emerges.

"War is better than a fraudulent and deceptive peace. *** When the vatican asks the free peoples to consider a peace with Germany they have a right in turn to demand a German government with which an honest peace can be made.

"Such a government does not exist today, and the vatican can offer no assurances that such a government ever will exist until the whole system of autocracy goes crushing down to ruin under the military power of the allies.

"It is said from time to time by apologists for Prussianism that we have no right to dictate the kind of government under which the Germans shall live. That is not true. When any form of government becomes a proved menace to the world, society has a right to protect itself.

"There can be a truce with democracy, but there can be no peace. Let us not delude our selves. Either this German autocracy must be crushed or the war is lost to democracy."

Rockwell.

Venus has just returned from Charlotte where he has been visiting relatives. While there they took us by automobile all over Camp Green, the city and the park. We saw many thousands of people at work at Camp Green and at the park it looked like a circus day in Salisbury.

Venus spent Saturday night in North Spencer at Jacob Alonzo Wyatt's. His little son's name is Cambron Leo Wyatt.

J T Wyatt has a car load of granite curbing to ship and has been trying to get a flat car to load it on for several days; but can't get any. The war must cause the scarcity of cars. We hope that some empty flats will soon come to Granite Quarry. The agent says he is trying to get some cars but can't just now.

Come on you correspondents, we like your items fine

government. The speaker closed with the hope of universal peace and that when that hour comes we all may feel that we have been loyal and did our duty. Mr Price made a good talk and one that pleased. He was accompanied by Mrs Price. They came to Statesville by automobile.

It was not decided until Friday evening to hold the meeting. In view of the short notice given the representative audience present was gratifying.

**CRISIS OF
WOMAN'S LIFE**

**Change Safely Passed by
Taking Lydia E. Pinkham's
Vegetable Compound.**

Wagoner, Okla.—"I never get tired of praising Lydia E. Pinkham's Vegetable Compound because during Change of Life I was in bed two years and had two operations, but all the doctors and operations did me no good, and I would have been in my grave today had it not been for Lydia E. Pinkham's Vegetable Compound. It brought me out of it all right, so now I am well and do all my housework, and am working in my garden. Several of my neighbors have got well by taking Lydia E. Pinkham's Vegetable Compound."—Mrs. VIOLA FINICAL, Wagoner, Okla.

Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and dizziness should be heeded by middle-aged women. Lydia E. Pinkham's Vegetable Compound has carried many women safely through the crisis.

THE SOUTHERN RAILWAY COMPANY

An Ambition and a Record
THE needs of the South are identical with the needs of the Southern Railway: the growth and success of one means the upbuilding of the other.
The Southern Railway asks no favors—no special privilege not accorded to others.
The ambition of the Southern Railway Company is to see that unity of interest that is born of cooperation between the public and the railroads; to see perfected that fair and frank policy in the management of railroads which invites the confidence of governmental agencies; to realize that liberality of treatment which will enable it to obtain the additional capital needed for the acquisition of better and enlarged facilities incident to the demand for increased and better service; and, finally—
To take its niche in the body politic of the South alongside of other great industries, with no more, but with equal rights, equal rights and equal opportunities.
"The Southern Serves the South."
