FAITH.

Faith, Sept. 12.—H C Farmer has bought an automobile and brought it out home.

Mr and Mrs W H Coughlin have moved from Faith back to Mass.

John B Castor who lives on Milas Stirewalt's farm has 20 acres of fine corn, 3 acres cotton, 2 acres peas and has over 200 jars fruit put up. He is a good hard working farmer.

J T Wyatt has just received an order for eleven pair millstones.

Charley Shive has two fine hogs.

Young granite cutter at Mr and Mrs Luther Wagoner's, Sept. 2nd.

The large body of land that belonged to the Peeler brothers here has been divided among the heirs.

Adam Basinger, who lives on the old farm formerly known as the old E E Phillips farm will rent a one-horse farm some where else for next year as he will have to move away since the farm has been divided. He has a nice crop.

Nearly every order that J T Wyatt receives for granite work has the cash right along to pay for the work in order to get it quick, as all cash orders receive first attention.

Fisher & McCombs have their new air compressor running and it works like a top. They have put on more hands to keep up with their orders of millstones and are stacking them up at Crescent until they get a car load and then they will be loaded on cars.

Mrs Daniel Eagle attended the funeral Sunday at Organ church of the widow of the late Absolum Cress.

The widow of Moses Eagle has thirty seven grand children living. Who can beat that on great grand children.

Dave Wagoner near Mount Hope church, who went off about five or six weeks ago in his automobile has not been heard from and his wife and children do not know where he went.

J T Wyatt has just shipped a pair of three-foot millstones to Ohio.

There is the finest crops here this fall that was ever known before.

Mrs Daniel Eagle is making more apple butter than we ever saw at one time.

William Bassinger has just rebuilt an old time bake oven of brick for Mrs Daniel Eagle to bake in.

There is more granite going off from the Faith settlement in car loads lots than was ever known before and it causes many thousands of dollars to be scattered out among the granite people and that is the reason so many of them are buying automobiles.

M G M Fisher is the best road worker we ever saw. He has a crowd now grading the streets of our town and he does as much work as one of his men.

C C Wyatt of Badin spent Saturday night and Sunday in Faith with his family. He moved his family back to Faith as Faith is the best and cheapest place after all.

Mrs D A Wiley has a large lot of all kinds of fruits put up in glass jars.

M A Stirewalt is having a large fine cellar built under his residence and lined with cement to keep out the water.

We got our first mess of new corn bread raised this year at Pirkney, Ludwick's. Who ever can beat that for new corn trot out your man.

We got our first mess of persimmon custard this year September 5th. Who ever can beat

Allowances For Dependents of Soldiers and Sailors.

Provisions of the soldiers and sailors insurance bill for allowances of from \$5 to \$50 a month to dependents during the service of enlisted men have been approved by the House of Congress. Strident efforts of Representative Keating of Colorado speaking for various humanitarian organizations, to have the allowances raised, failed.

In addition to the government allowances, the bill provides that an equal amount if not in excess of \$15 monthly, shall be given to dependents from enlisted men's pay. These are the amounts, addition to any sums taken from the pay, that dependents would receive monthly.

Wife, no children \$15; one child, \$25, two children, \$25.50 and \$5 for each additional child. One motherless child, \$5 two children, \$12.50; three children, \$20, four children, \$30 and \$5 monthly additional for each additional child. One parent, \$10, both parents, \$20, each dependent grandchild, brother or sister, \$5. Special provisions are made for the allowances of divorced wives.

People Speak Well of Chamberlain's Tablets.

I have been selling Chamberlain's Tablets for about two years and heard such good reports from my customers that I concluded to give them a trial myself and can say that I did not believe there is another preparation of the kind, equal to them," writes G A McBride, Headford, Ont. If you are troubled with indigestion or constipation give them a trial. They will do you good.

Prices 20 Years Ago and Now.

An exchange tells that in May, 1917, a merchant offered a farmer a buggy for \$90. The farmer kicked and cited the fact that his father had bought a buggy like it 20 years ago for \$60. The merchant looked up the old account of 20 years previous and found that the farmer had given in payment for the \$60 buggy 12 tons of cotton seed. Finding this entry, the merchant offered to give the farmer then wanting the buggy, a 90 buggy, 75 wagon a 40 cultivator, a 60 planter, a 100 Victrola, a 35 watch, a 20 suit and 300 in Liberty Bonds, total value of \$720, for 12 tons of cotton seed. In other words, cotton seed are worth 12 times what they were 20 years ago.

Has High Opinion of Chamberlain's Tablets.

"I have a high opinion of Chamberlain's Tablets for biliousness and as a laxative," writes Mrs C A Barnes, Charleston, Ill. My brother has also used these tablets with satisfactory results.

Maxton Man Drowned in Lake at Badin.

Albemarle, Sept. 14.—The big lake at Badin claimed its first victim this afternoon when J. D. Chisolm was drowned while out riding in a canoe in company with two other young men.

The large waves caused by strong northwest winds capsized the canoe and while the other two young men were able to retain their hold on the boat until assistance could reach them, young Chisolm went down and failed to rise again. His body had not been located late tonight although parties are put in search of it.

World's Tallest Chimney Completed in Japan.

In many cities in various lands are chimneys which have been proclaimed as "the tallest in the world," but the structure which no doubt, truly possesses this title has recently been completed in Sagonoseki, Japan. It is of reinforced concrete and stands 570 ft. high, on a hill 430 ft. higher than the copper smelter with which it is connected, so that it discharges its poisonous fumes 1,000 ft. above the plant. The chimney is 45 ft. in diameter at the base and its inside diameter at the top is 26 1/4 ft. The foundation is 95 ft. in diameter and contains 2,690 cu. yards of concrete. The lining is separated from the outer wall by a 5 in. air space. Four hundred tons of steel were used in the construction. The October number of Popular Mechanics Magazine shows the comparative height of the Woolworth building with this huge structure.

Experience the Best Teacher.

It is generally admitted that experience is the best teacher, but should we not make use of the experience of others as well as our own? The experience of a thousand persons who have used Chamberlain's Cough Remedy for coughs and colds with the best results, which shows it to be a thoroughly reliable preparation for those diseases. Try it. It is prompt and effectual and pleasant to take.

Watchman and Record for School Boys and Girls. 50cts.

While the boys and girls are at distant points they naturally wish to hear from home. You may write often yet overlook much that they would like to know. What could be better than to send them the Watchman and Record, two papers per week, during the school term for only 50cts. This would give them all the news and be much cheaper than writing. Send in subscriptions.

Forty-Two Years a Conductor.

Coming down on No. 12 the other evening, says the Statesville Landmark, speaking of a Salisburyan, a passenger who remembered Capt. Tom Murphy as a conductor almost as far back as his memory ran, asked the veteran, who was in charge of the train, how long he had been running as conductor.

"Forty two years next 'arch" was the answer. While the years have left their mark on Capt. Murphy, he is still able to handle the job and his friends hope he can celebrate his fiftieth anniversary before he retires.

Money Makes Money  
Interest on investment is the source of surest income. Money works 24 hours a day and seven days a week.  
More people are made independent by saving than by slaving.  
England has invested to wonderful advantage. Every year statistics show that England buys more from other countries than she sells to them. But interest on investments does not show in the statistical tables.  
That is why England is rich.

Money placed in a savings bank is an investment safe and sure. Make yourself independent.

THE SOUTHERN RAILWAY COMPANY

An Ambition and a Record  
THE needs of the South are identical with the needs of the Southern Railway: the growth and success of one means the upbuilding of the other.  
The Southern Railway asks no favors—no special privilege not accorded to others.  
The ambition of the Southern Railway Company is to see that unity of interest that is born of co-operation between the public and the railroads; to see perfected that fair and frank policy in the management of railroads which invites the confidence of governmental agencies; to realize that liberality of treatment which will enable it to obtain the additional capital needed for the acquisition of better and enlarged facilities incident to the demand for increased and better service; and, finally—  
To take its niche in the body politic of the South alongside of other great industries, with no more, but with equal liberties, equal rights and equal opportunities.
