While their horses were being fed and rested in the pens at Spencer the boys were permitted to walk about the city. With the company was a most excellent band which gave several concerts, one on the public square which was greatly enjoyed by a large number of the citizens. This band was directed by Francis Sutherland, who with other members of the band, are said to have been at one time members of the famous Sousa band. Their music was almost perfect and they were frequently applauded. Some Negro troops from Mississippi passed through the city Sunday afternoon. WOOD TO CONSUMERS AT COST.

Continued from page one.

In many sections of the state last year, wood ready for burning cost the consumer from seven to eight dollars a cord, and the retail market this winter will probably be higher than the last. The furnishing of wood at cost by the municipality will work no hardship upon the retail wood dealer, for the demand will be such that he can sell all he can supply at a reasonable profit, and if he undertakes to make an unreasonable profit, he cannot complain if municipal competition interferes with it. There is no time to be lost. Let no time be wasted on the constitutionality or legality of this proposition. We have taken legal advice to the effect that this work can properly be done by municipalities and we are satisfied that no court is likely to interfere with the program or emergency relief which will not only help win the war, but which will prevent suffering this winter on the part of those who can ill afford to buy wood at any price, and supply the public with a necessity at prices that will not be burdensome.

Let not any municipality treat his suggestion lightly, deeming it unnecessary. The facts of the fuel situation speak for themselves as to the seriousness of it, and we deceive ourselves if we do not look them squarely in the face. The city or town that is wise and forward-looking will without delay make itself, as far as possible, independent of coal by going into the wood business; and before the winter is over the people will rise up and call the officials of that city or town blessed.

The Liberty Loan Bonds are all right, but we are not able to buy any. Our creditors need cash faster than we can get our hands on it. Our debtors are the fellows who are buying bonds.

Eat Soy Beans.

The editor has been enjoying fresh soy beans and, since a number of farmers are raising these we want to tell them how good they are. Gather, hull and cook just as you do field peas or shelled beans. They have a splendid flavor, are of finer texture than peas or beans and contain more nourishment. We have obtained a shelled quart of these beans from two stalks which also means they are very prolific.

A Medicine for Women

For Forty Years Lydia E. Pinkham's Vegetable Compound has Relieved the Sufferings of Women.

It hardly seems possible that there is a woman in this country who continues to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial after all the evidence that is continually being published, proving beyond contradiction that this grand old medicine has relieved more suffering among women than any other medicine in the world.

Mrs. Kieso Cured After Seven Month's Illness.
Aurora, Ill.—"For seven long months I suffered from a female trouble, with severe pains in my back and sides until I became so weak I could hardly walk from chair to chair, and got so nervous I would jump at the slightest noise. I was entirely unfit to do my house work, I was giving up hope of ever being well, when my mother said, 'I want you to try Lydia E. Pinkham's Vegetable Compound. I took six bottles and today I am a healthy woman able to do my own housework. I wish every suffering woman would try Lydia E. Pinkham's Vegetable Compound, and find out for herself how good it is.'—Mrs. KARL A. KIESO, 598 North Ave., Aurora, Ill.
Could Hardly Get Off Her Bed.

Cincinnati, Ohio.—"I want you to know the good Lydia E. Pinkham's Vegetable Compound has done for me. I was in such bad health from female troubles that I could hardly get off my bed. I had been doctoring for a long time and my mother said, 'I want you to try Lydia E. Pinkham's Vegetable Compound.' So I did, and it has certainly made me a well woman. I am able to do my house work and am so happy as I never expected to go around the way I do again, and I want others to know what Lydia E. Pinkham's Vegetable Compound has done for me."—Mrs. JOSIE CORNER, 1668 Harrison Ave., Fairmount, Cincinnati, Ohio.
