Camouflage Murphy will bite the dust.

Camouflage Murphy bit the dust.

Murphy said that no self respecting man would vote for Doughton. Murphy says he will vote and work for Doughton. Selah.

Murphy tried to pull down the temple of God with him, and some ministers loaned him a helping hand, but the people said no. Glory be to the people.

A good egg cannot consistently recommend a bad one,

but patent medicine peddlers can always find some one to endorse the virtues of their worthless concoctions. Strange.

Carlyle said that the United States consisted of 60,000,000 people, mostly fools, and no doubt Mr Murphy agrees with him. Verily.

15-Year-Old Boy Loses Foot.

Moses Hill, the youngest son of W B Hill, a resident of North Main Street, had the misfortune last Thursday afternoon, while coming to Salisbury on the Spencer shop train, he being employed in the store room there, to be struck by a switch which knocked him off the train and caused him to fall under it and suffer a badly crushed foot. He was taken to the sanatorium as quickly as possible and given treatment. It was found necessary to amputate the foot and he is now making such headway toward recovery as is usual under such circumstances.

NEW AGE JOETS A JESUIT EDITOR.

Facts and Figures Leave Him But One Reply and That is Anti-Catholic.

The Menace.

Under the heading, "Bold and Extravagant Claims," the New Age prints a letter from Herbert M Greene, 33d degree to the Hon. Morris Sheppard 32d degree, senator from Texas, calling attention to The Literary Digest of January 5th, 1918 which contains an article by Rev H McMahon, alleging that "American Catholics have furnished over one-third of the American army, though the adherents of the Catholic church constitute but one sixth of the population." Mr Greene asked the senator to find out the denominational standing of the men in the army and navy, as shown by the official records. Mr Josephus Daniels, on January 24, 1918, wrote to the senator that "no record is kept of the religious affiliations of the personnel of the navy." Adjutant General H P McCain informed the senator on January 28 that:

"The records of this department do not as yet show the religious beliefs of the men who have entered the military service and, consequently, no comparative statement of the number of men in service of the various religious persuasions has been or can be made by this department. However, the statistical sections in the various camps are compiling all useful information including the denominational statistics relating to the soldiers, but that data has not yet been received by this department."

Then says the New Age:

"The question forces itself to the front: Why are Roman Catholic chaplains being appointed to the army in the proportion of thirty seven percent, or over one third? Is it because officialdom has been made to believe the extravagant claims boldly made by Romish priests and papers, that thirty, forty and even a greater per cent of the army and navy are of their faith?"

It then states that Sergeant George C Adriance is responsible for the statement that of the 353d All Kansas Regiment of the 89th Division, 884 are Methodist, 413 Catholics, 381 Christian, 252 Presbyterians, 242 Baptists 190 Lutherans, 149 are Congregationalists, Episcopalian and United Brethren, 16 other denominations are "represented by a few" 91 profess no religion and five are atheists. The New Age goes on to say that at Camp Lee, containing 48,000 men, only 5,307 are Catholics and that at Kelly Field, in Texas, the Methodists lead with 1,630 and the Catholics come next with 1624. From its statistics concerning these three selected places, the New Age concludes:

"So you see brethren, in making these extravagant statements, the Rev James H McMahon, and other priests and Jesuit members of the Roman hierarchy are, as is usual with them, talking through their hats. William M Jones 32d degree, of Panama, R P, writes that the Masons in Costa Rica, Guatemala work even in the face of jail sentences and social ostracism, and all the power and influence that a bigoted and self sufficient priesthood can bring against them."

After printing all of the above the Jesuit organ, America, appends this closing sentence. "If the Free Masons are not made Anti-Catholics, it will not be the fault of the New Age." In the face of so much that is naught but cold fact supported by figures to prove it is fact, that is the only remark America could well make. "Well done thou good and faithful servant," good luck to the New Age.

Men Who Leave Country to Evade Military Service Will be Watched.

Men of selective service age who leave the United States to evade military duty will have to stand trial on charges of violations of the selective service act when they return to the country according to the Department of Justice, even though they do not return until after the war.

The department has at hand information from which complete lists may be prepared of all men who have left the country to avoid service, says a recent statement authorized by the Attorney General.

Troops Are Being Equipped With Browning Machine Guns.

Enough heavy Browning machine guns for instruction purposes have been shipped to every National Guard training camp and National Army cantonment in the country where troops are in training. Heavy Brownings for overseas training have been shipped.

Light Browning rifles sufficient in number to equip the machine-gun units of more than four Army divisions have been manufactured, and overseas shipment of one half has begun. The other half of the output goes to Army divisions in this country.

THIS WEAK, NERVOUS MOTHER

Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Philadelphia, Pa.—"I was very weak, always tired, my back ached, and I felt sickly most of the time. I went to a doctor and he said I had nervous indigestion, which added to my weak condition kept me worrying most of the time—and he said if I could not stop that, I could not get well. I heard so much about Lydia E. Pinkham's Vegetable Compound my husband wanted me to try it. I took it for a week and felt a little better. I kept it up for three months, and I feel fine and can eat anything now without distress or nervousness."—Mrs. J. WORTLINE, 2842 North Taylor St., Philadelphia Pa.

The majority of mothers nowadays overdo, there are so many demands upon their time and strength; the result is invariably a weakened, run-down, nervous condition with headaches, backache, irritability and depression—and soon more serious ailments develop. It is at such periods in life that Lydia E. Pinkham's Vegetable Compound will restore a normal healthy condition, as it did to Mrs. Wortline.

CALLED HER FAMILY TO HER BEDSIDE

Six Years Ago, Thinking She Might Die, Says Texas Lady, But Now She Is a Well, Strong Woman and Praises Cardui For Her Recovery.

Royse City, Tex.—Mrs. Mary Killman, of this place, says: "After the birth of my little girl...my side commenced to hurt me. I had to go back to bed. We called the doctor. He treated me...but I got no better. I got worse and worse until the misery was unbearable...I was in bed for three months and suffered such agony that I was just drawn up in a knot... I told my husband if he would get me a bottle of Cardui I would try it... I commenced taking it, however, that evening I called my family about me... for I knew I could not last many days unless I had a change for

the better. That was six years ago and I am still here and am a well, strong woman, and I owe my life to Cardui. I had only taken half the bottle when I began to feel better. The misery in my side got less... I continued right on taking the Cardui until I had taken three bottles and I did not need any more for I was well and never felt better in my life... I have never had any trouble from that day to this." Do you suffer from headache, backache, pains in sides, or other discomforts, each month? Or do you feel weak, nervous and fagged-out? If so, give Cardui, the woman's tonic, a trial.
