Entered as second-class matter January 19th, 1905, at the postoffice at Salisbury, N. C., under the act of Congress of March 3rd, 1879.

Salisbury, N. C., Aug. 21, 1918

IMPROVED FLY AND MOSQUITO BROODERS.

Before the city has been able to get their sanitary privies installed, the complaints of their failure to improve conditions begin to be heard, and, from what we hear, as believed, they only assist in making bad conditions worse. This is what was to be expected by sane people and it is therefore outrageous that our people should be forced by so called law to waste money merely to passivity faddists who had better been placed in an asylum. The so-called sanitary privy is subject to the same element of carelessness that all things with which human beings have to do, and being a putrid cesspool, usually left open, the flies and mosquitos find in it an improved brooder. They there propagate by the million instead of the hundred as heretofore. In fact, parties who have installed these improved brooders say that they can't use them because of the mosquitos. The theory is beautiful, but the practice is a failure. The gospel method has not yet and never will be improved upon.

The Roman Catholic, just run over the dark pages of history and recall what that means, Sisters of Mercy? from the nunneries generally located near monasteries, and you might reflect on that, will resume their schools this fall as usual, and, while they have an excess of adjectives of praise for themselves and their paganistic doctrines, they do not dare admit Protestants are Christians or even church members, but insult them by inviting them to patronize their schools as non-Catholics. Protestants and the non-churched should remember that the reason you are invited to send your children to such schools is for the purpose of making Catholics out of them. Don't let any statement that they may make, convince you to the contrary, for they claim it is permissible to lie for mother church, and, they believe in and practice the doctrine that the end justifies the means, consequently they are absolutely without conscience and will not hesitate to use the most sacred means to deceive you and your child. History proves this to be true, and the proof can be had without traveling far. Another thing to remember is that this sect is trying to make America Catholic, not trying to make Christians, not trying to convert men to Christ, but to get a hold on the reins of government and force itself, its licentious practices and its liberty destroying doctrines, upon the country, and in this they are biding their time, sneaking through the grass like a snake, taking

a child here and a child there, an office here and office there, passing a law here and there, and then, after we have supported their schools, aided and abetted them in business and politics, they will suddenly turn as they did on St. Bartholomew's day in France and put themselves over us, making us serfs without liberty of speech, liberty of conscience and perhaps no rights at all. Remember it was the Roman Catholics who recently started a rebellion in Ireland, when every true son should have been standing by the flag of their country. The pope's flag came first there and then just as the followers of the pope will do here when they are strong enough, when we have built them up by our patronage and foolhardiness. The French-Catholics of the province of Quebec, Canada, people who have a double reason to fight for their country, threatened to secede and start a rebellion rather than join the Canadian army. Jeremiah O'Leary and the Catholic organizations of this country have been trying to start trouble ever since we entered the war, but the time is not yet ripe for it, so they are being content with claiming everything in sight and trying to take all they claim, right or wrong. No True American protestant or Catholic, can afford to send their children to schools that have such immoral and unpatriotic tendencies, and a protestant who has any self respect won't do it.

This church does not hesitate to say that in a case of conflict between the pope and our government they will side with the pope and it was only last week we noticed an announcement that "indulgences" would be granted for certain conduct and, we suppose that \$5.00 cash in hand would make horse stealing perfectly sinless as of yore.

Salisbury is given another slap for her generosity, this time the Y W C A goes to New York for a secretary. There is no pride in an organization that finds its necessary to first condemn the citizens of the community in which it exists. There are some people who had rather be a dog and bay the moon than to admit that they were incapable of attending to their own affairs. This is about the sixth slap of this variety the city has received recently, and, this thing of handing over every paying job that can be corraled to some stranger is certainly tiresome and discouraging in the extreme.

Church in Iredell County Burns.
Statesville, August 17.—Union Grove Methodist church about 20 miles north of Statesville in Union Grove township, was hit by lightning Thursday afternoon about 4 o'clock during a thunder-storm and completely destroyed, fire having resulted from the stroke. The edifice was valued at about \$2,000, but was uninsured. It is understood that the raising of funds for the erection of another building to take the place of the one destroyed will be undertaken at once. The congregation had just installed a new organ, which was also lost in the flames. Rev. Mr. Cullough who lives nearby, was pastor of the church.

The Quinine That Does Not Affect the Head
Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness or ringing in head. Remember the full name and look for the signature of E. W. GROVE, 30c.

ENEMY DEFENSE WEAKENS.

Will be Forced to Commence a Retrograde Movement that Will Blot Out Old Lines.

With the British Army in France, Aug. 19.—In response to pressure applied first at one and then another part of the line, the Germans opposite the British on several portions of the front continue to give ground.

The German troops which have been encountered in the past few days, especially during the operations of last night in which Outtersteen ridge was captured and consolidated, seem to have lost greatly in fighting efficiency. Of nearly 700 Germans captured during the Outtersteen operation, many surrendered tamely, after securing their rations and personal belongings.

The operations of last night astride the Scarpe River may serve as an indication of the Germans intentions. The old Hindenburg line crossed the river here on an angle, so that compared with the present line which here runs nearly north and south, the direction of the ground south of the Scarpe is deeper than that north of the river. In other words, the old Hindenburg line is closer to the present line north of the Scarpe than south of it. British patrols operating north of the river have met with stiff opposition, but south of the river patrols have managed to penetrate for some distance.

There are indications that the Germans also are giving way in parts of the Merville sector. On the New Somme front the Germans overlook no opportunity to fight rear guard actions. They appear ready to retire but apparently want to be pushed a little, because in pushing operations they may be afforded an opportunity to get in their deadly work with machine guns.

At the same time, the Germans apparently do not want to fall back further than is necessary before the completion of the operations around Roye. There are no signs of further counter attacks at this time.

That General Ludendorff is displaying anxiety regarding a possible shortage of horses for the German army is indicated in a secret order just captured. This order cautions all commanders not to expend their horses as "they cannot be replaced. The men must understand that this is necessary in order to continue the war until victory is reached." It has been ascertained that 900 remounts recently received by one German formation were composed of horses taken from officers.

French Reach Outskirts of Lassaigne, All General Magin's Objectives Attained.

London, August 19.—[8 p. m.]—British troops today captured the railway station at Roye, according to the latest news received this evening from the Anglo-French battle front.

The attack today by the tenth French army under General Mangin was brought to a satisfactory conclusion. All the objectives were obtained. The French entered the village of Le Hamel, north of Ribecourt, which represents an advance of one mile and three quarters.

Paris, Aug. 19.—The

French troops north of the Oise river have reached the western outskirts of Lassaigne, according to the official communication issued tonight. They also have made their way out of the Thiescourt wood and further south have captured the village of Emprez on the Noyon-Compiègne road. Northwest of of Soissons the village of Morsain has been captured and 2,220 Germans have been made prisoners in this region.

Sugar Allotment is Unchanged

Raleigh Aug. 19.—The sugar allotment for September will be the same as it was for August, two pounds per person per month. Retailers of the State will receive the same allotment of certificates as they have for this month, the sugar division of the administration being already engaged in the large and tedious task of issuing the September certificates, all of which, it is expected, will be mailed out by September 1.

The entire allotment of sugar for North Carolina for all purposes for September is 5,518,000 pounds. There is a slight additional allotment for canning and preserving which is being apportioned among counties in the discretion of the sugar division and upon recommendation of the county food administrators.

To Improve Your Digestion.

"For years my digestion was so poor that I could only eat the lightest foods. I tried everything that I heard of to get relief, but not until about a year ago when I saw Chamberlain's Tablets advertised and got a bottle of them did I find the right treatment. Since taking them my digestion is fine." Mrs. Blanche Bowers, Indiana, Pa.

RALEIGH TO LAND BIG TANK CAMP.

The Tank Corps at Raleigh Will Have About 5000 Men For Instruction.

Washington, Aug. 17.—It was learned here today that the war department has practically decided to locate at Raleigh its camp for the training of a tank corps and that 5,000 men soon will be under the instruction in North Carolina for foreign service with these gigantic instruments of modern warfare.

Simultaneously the war department definitely decided to locate its infantry school of arms at Columbus, Ga., and with this decision it developed that both the infantry school in the Georgia city and the artillery camp at Fayetteville are to be permanent institutions.

Six Brigades of artillery are to be stationed at Fayetteville, according to the present plans of the department. The three artillery firing centers are to be located at Fayetteville, West Ky., and Camp Jackson, S. C. The Camp Jackson cantonment will be materially enlarged.

From semi official sources it is learned that the location of the small arms school at Columbus, Ga., leaves Raleigh substantially in command of the situation affecting the location of a tank corps at Columbus, but it has been decided to instruct 25,000 commissioned and non-commissioned officers of infantry at the Georgia city and to send the tank service recruits elsewhere.

Five for Camp Hancock.

The following list of registrants are ordered to report to the local board for Rowan county for entrainment to Camp Hancock, Augusta Ga., August 24th on call No. 866.

- Blake O. Moore.
- Thomas M. Cornelison.
- Richard F. A. Stirewalt.
- John Frank Morgan.
- George H. Cooper.

Making Big Arrangements for Confederate Veterans.

Major General James J. Etts, commander of the North Carolina division of the United Confederate Veterans, has just issued order No. 12 calling attention to the big gathering to be held at Tulsa, Okla., September 25-27 and to the section in the by-laws which prohibits any camp being represented at the reunion unless the annual dues have been received by General W. E. Mickle, 824 Commerce street, New Orleans. General Mickle states that large preparations are being made by the people of Tulsa to provide for the comfort and entertainment of the veterans and hopes a large representation will attend, a reduction in the railroad fare is announced the usual one cent per mile to be charged.

A NERVOUS BREAKDOWN

Miss Kelly Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Newark, N. J.—"For about three years I suffered from nervous breakdown and got so weak I could hardly stand, and had headaches every day. I tried everything I could think of and was under a physician's care for two years. A girl friend had used Lydia E. Pinkham's Vegetable Compound and she told me about it. From the first day I took it I began to feel better and now I am well and able to do most any kind of work. I have been recommending the Compound ever since and give you my permission to publish this letter."—Miss FLO KELLY, 476 So. 14th St., Newark, N. J.

The reason this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, was so successful in Miss Kelly's case was because it went to the root of her trouble, restored her to a normal healthy condition and as a result her nervousness disappeared.

PALM BEACH

AND
