**Home is Robbed While the Owner is Fishing.**

White J M Whitman, a Franklin township farmer, residing near Spencer, went fishing last Wednesday night his home was robbed of \$63.25 and Will Tolbert, a young white man employed on the place for the past week is also missing. Tolbert and the money are said to have left together and the officers have not yet been able to separate the two. When Mr Whitman returned home at 1 a. m. today he missed the money and at once started to search for Tolbert. A phone message to his old home at Danville brought the information that the officers there are looking for him and that he is a deserter from Uncle Sam's forces. Children in the home of Mr Whitman saw Tolbert searching where he knew the money was kept but he claimed to be looking for some nails and that at a very late hour. Local officers have not been able to secure a clue to his whereabouts although a reward of \$50 is offered for his return.

**Resolutions of Esteem For Col. Means.**

Judge Long suspended court for the memorial exercises in honor of the late Col. W G Means, of Concord, August 13th, who was a member of the bar. Suitable resolutions were adopted by the bar and spread upon the court record. All members of the bar spoke highly of the splendid character and abilities of the deceased.

**Quit Loafing at Court.**

Only one or two were present at the sessions of county court, since Judge Wright's warning when a large number of disinterested people were present, regarding loafing and idlers at the county court.

E H Marsh, who is in charge of the Southern's transfer sheds here, was a witness at a recent session of county court in a case involving larceny of goods in the shed and said he could give plenty of work to every man he could get at from \$2.25 to \$2.75 per day and would be glad for any assistance the court could give in securing this much needed help.

J T Wyatt will take a collection of his fine relics to the community fair at Union church, if he is at home when it comes off.

J T Wyatt has got a beautiful picture of his monument with a locomotive in the back ground. The prettiest thing in the picture except the monument, is the smoke coming out of the smoke sack. You can get one for ten cents in stamps by mail.

VENUS.

**Six Years Ago, Thinking She Might Die, Says Texas Lady, But Now She Is a Well, Strong Woman and Praises Cardui For Her Recovery.**

Royse City, Tex.—Mrs. Mary Killman, of this place, says: "After the birth of my little girl...my side commenced to hurt me. I had to go back to bed. We called the doctor. He treated me...but I got no better. I got worse and worse until the misery was unbearable...I was in bed for three months and suffered such agony that I was just drawn up in a knot... I told my husband if he would get me a bottle of Cardui I would try it... I commenced taking it, however, that evening I called my family about me... for I knew I could not last many days unless I had a change for

the better. That was six years ago and I am still here and am a well, strong woman, and I owe my life to Cardui. I had only taken half the bottle when I began to feel better. The misery in my side got less... I continued right on taking the Cardui until I had taken three bottles and I did not need any more for I was well and never felt better in my life... I have never had any trouble from that day to this."

Do you suffer from headache, backache, pains in sides, or other discomforts, each month? Or do you feel weak, nervous and fagged-out? If so, give Cardui, the woman's tonic, a trial.

**Profits and Prices**

Profits may be considered from two angles:

- 1st—Their effect on prices;
- 2nd—As a return to investors.

When profits are small as compared with sales, they have little effect on prices.

Swift & Company's profits are only a fraction of a cent per pound on all products sold, and if eliminated entirely would have practically no effect on prices.

Swift & Company paid 10 per cent dividends to over 20,000 stockholders out of its 1917 profits. It also had to build extensions and improvements out of profits; to finance large stocks of goods made necessary by unprecedented requirements of the United States and Allied Governments; and to provide protection against the day of declining markets.

Is it fair to call this profiteering?
